After hour alarm and dog call outs – None to report at this time.

Dept Head meetings – I attended the meetings Oct. 27th, Nov. 3rd

UV Equipment – Working well.

2020 Bio-Solids – Iowa Grow Inc. is planning on being here to pump out bio-solids on Monday 11-2-2020.

Hydrogen Sulfide Gas Testing – We continue to monitor the H2S meters and share the data with IRE, and Fox Eng. while having weekly meetings.

Mowing – We plan on mowing hopefully one more time this week with the nice weather. Also we have been mowing with the batwing one last time, and cleaning up around the fields now that the crops are out.

Mower Bids – Last word on the new mower, it will be here January 6th.

City Wide Clean Up – Clean up was held at the WWTP on Saturday the 24th. I think it went well.

Maintenance – We had a few pieces of equipment came up for servicing the last couple of weeks we took care of.

Flag Pole – We are renting a boom lift from Washington Rental to fix our flag pole next week.

Bazooka Farmstar – We resumed our Bi-annual testing at Bazooka, we did not go there in the spring due to Covid-19. We have not yet received the results.

October 26, 2020

Dear Illa,

Hospice of Washington County will be celebrating National Hospice and Palliative Care Month during the month of November. We would like to hang bows on a few lampposts in Washington’s Central Park, Madison Park and a few in Sunset Park along Madison Street to bring awareness to the month. We would be using a method of hanging the bows that will not damage the posts. Attached to the bows will be a laminated sign telling folks what they represent.

If the bows become tatterered or weathered, they will be removed and dispose of them properly, otherwise the bows will be removed during the first week of December. Please let me know if you have any concerns.

Thank you for your help Illa. I appreciate all your input. Have a great day.

Sincerely,

Robyn

Robyn Harvey-Smith
Marketing Director
319-653-7321
SPECIAL EVENTS APPLICATION & HOLD HARMLESS AGREEMENT

PLEASE RETURN TO: Washington City Hall, 215 East Washington; ATTN: City Clerk
Contact info: Illa Earnest, 319-653-6584 ext 131; iearnest@washingtoniowa.gov

**Requires advance City Council approval- Council meets 1st & 3rd Tuesdays at 6 PM;
Completed applications are due the Thursday previous to the meeting**

1. APPLICANT INFORMATION
   Name/Event: National Hospice and Palliative Care Month Awareness
   Coordinator: Robyn Harvey-Smith, Marketing Director for Hospice of Washington County
   Contact Number: Office: 319-4-653-7321; Cell Phone: 319-461-1291
   Email Address: robyn@hospicewc.com

2. EVENT INFORMATION
   Event Description: November is National Hospice and Palliative Care Month and Hospice of Washington County would like to ask the City Council for permission to hang purple bows on the lampposts in Washington's downtown area, in Madison Park, and a few in Sunset Park along Madison Street. The bows will be solid purple in color. We use zip ties to attach the bows to the posts. This method does not damage the posts. If the bows become tattered or weathered someone from Hospice of Washington County will remove them and dispose of them properly, otherwise the bows will be taken down the first week of December 2020.
   Days/Dates of Event: November 2020
   Time(s) of Event: (Include Set Up/Tear Down Time) To be decided late October - 1st week of December
   Event Location: Washington's Downtown Square, Madison Park and Sunset Park bordering Madison Street
   Will event require an alcohol license or require modification of an existing license? □ Yes □ No

3. REQUEST INFORMATION (Check All Applicable Items)
   If you are requesting the closing of a city street, a lane must be maintained for emergency vehicles at all times.
   □ Temporarily close a street for a special event (specify street, times, and indicate on map: )
   Description:

   Method of Notification for businesses/downtown residents (if applicable):

   ________________________________

   ________________________________

   ________________________________
Other Requests

☐ Temporarily park in a “No Parking” area location:

☐ Use of City Park (specify park: Central, Sunset, Madison)

☐ Walk/Run (attach map of route and indicate streets to be closed)

☐ Fireworks (specify location:)

4. ITEMS REQUESTED FROM THE CITY OF WASHINGTON

☐ Street barricades

☐ Emergency “No Parking” Signs

☐ Traffic cones

☐ Picnic Tables

☐ Yield signs for crosswalks

☐ Garbage/Recycling Barrels

☐ Street Sweeping following (parades)

☐ Other (please specify:)

5. SOUND SYSTEMS

☐ Amplified Sound/Speaker System

☐ Public Address System

☐ Recorded/Live Music

☐ If so: BMI/ASCAP License obtained?

6. SANITATION

Applicant is responsible for the clean-up of the event area immediately following the event, including trash removal from the site unless special arrangements are made (event trash may be hauled to Parks Shop dumpster at Sunset Park).

Will additional restrooms be brought to the site? ☐ Yes ☐ No If yes, how many? ______ (General guideline of 1 restroom/100 people)

Will handwashing/hand sanitizer stations be provided? ☐ Yes ☐ No If yes, how many? 

Contact Person: ________________________________ Phone: ________________________________

7. INSURANCE

For events requiring an alcohol license, the minimum amount of coverage in the general liability insurance policy shall be $2,000,000 general aggregate, $1,000,000 personal injury and $1,000,000 each occurrence. The minimum limits for the liquor liability policy shall be $500,000. For all other events held on public property, the minimum amount of coverage for the general liability insurance policy will be $500,000. Proof of proper insurance coverage must be submitted prior to City Council consideration of the application. City Council may require certificate of insurance with City listed as “additional insured” if deemed necessary.

☐ Certificate of Insurance provided and accepted ☐ Certificate of Insurance not required
8. AGREEMENT

In consideration of the City of Washington, Iowa, granting permission for the activity described above, the undersigned indemnifies and holds harmless the City of Washington, Iowa, its employees, representatives and agents against all claims, liabilities, losses or damage for personal injury and/or property damage or any other damage whatsoever on account of the activity described above and/or deviation from normal City regulations in the area. The undersigned further agrees to indemnify and hold harmless the City of Washington, Iowa, its employees, representatives and agents against any loss, injury, death or damage to person or property and against all claims, demands, fines, suits, actions, proceedings, orders, decrees and judgments of any kind or nature and from and against any and all costs and expenses including reasonable attorney fees which at any time may be suffered or sustained by the undersigned or by any person who may, at any time, be using or occupying or visiting the premises of the undersigned or the above-referenced public property or be in, on or about the same, when such loss, injury, death or damage shall be caused by or in any way result from or rising out of any act, omission or negligence of any of the undersigned or any occupant, visitor, or user of any portion of the premises or shall result from or be caused by any other matters or things whether the same kind, as, or of a different kind that the matters or things above set forth. The undersigned hereby waives all claims against the city for damages to the building or improvements that are now adjacent to said public property or hereafter built or placed on the premises adjacent to said property or in, on or about the premises and for injuries to persons or property in or about the premises, from any cause arising at any time during the activity described above. The undersigned further agrees to comply with all the codes, rules, regulations, terms and conditions established by the City of Washington, Iowa.

THE UNDERSIGNED HAS READ AND FULLY UNDERSTANDS THIS DOCUMENT, INCLUDING THE FACT IT IS RELEASING AND WAIVING CERTAIN POTENTIAL RIGHTS, AND VOLUNTARILY AND FREELY AGREES TO THE TERMS AND CONDITIONS AS SET FORTH HEREIN.

Washington City Council
215 E. Washington St.
Washington, IA 52353

Dear City Council Members,

As you know the holidays are fast approaching & we are trying our best to adapt to the new climate we live in. This is definitely a challenge as we face our large annual Lighted Holiday Parade scheduled for Saturday November 28th starting at 6:30 pm. Line-up begins at 5:30 along W. Washington. For 2020, our board has voted to pursue the parade but with several alterations. First we’ve asked all participants to pre-register, wear masks on their floats, & to not distribute marketing materials or candy. We’re also encouraging mask wearing by those in attendance & social distancing. To aid in distancing you’ll see we’ve tried to extend our parade route through downtown. This includes 3 additional blocks of spectator space along W. Main Street & N. Marion Avenue. We’d like to encourage people to park at Fareway & in the City lot on 2nd Street. I’ve received permission from Fareway to utilize the lot.

For the parade we are requesting from City Maintenance additional Type A barricades & Cones:

- Barricades for the corners of the square
- The corner of B Avenue/Main
- 2nd Street/Marion Avenue
- Cones for around the square for No Parking Signs

In previous years we have had issues with vehicles trying to get around barricades & during parade line-up. This is dangerous for our volunteers & parade participants. We’d like to station a WPD car at B Ave./Washington as well as one at 3rd St./Marion Ave. A 3rd vehicle will be in the parade. I spoke with Chief Lester about this earlier & he approved this plan. I’m also trying to get an electronic sign board that we could put at B Ave/Madison encouraging use of C Avenue/2nd Avenue instead.
Our second request is related to parking cones. Our retailers have had to get super creative this year to keep ahead of COVID and to accommodate their customers. One of the ways to make shoppers more comfortable during the holiday season is curbside pickup. I'm requesting that retailers or restaurants who choose to participate be allowed to block one parking spot in front of their business with a City parking cone that Main Street would add a "Curb-side Pick Up Only" sign to from November 20th through December 26th. These would be easy to pull in for snow removal. I've spoken with JJ & Brent about this, & both voiced willingness to give it a try. I've attached pictures from other communities for you to review.

As we enter the holiday season. I appreciate our partnership & your willingness to work with Main Street as we navigate making the holidays special while keeping our citizens safe.

Thank you,

Sarah Grunewaldt
Executive Director
Main Street Washington

Re: Iowa Bridge & Culvert Agreement Request

Attached is a request from Iowa Bridge & Culvert related to the agreement we entered into back in November 2018. I have also attached the agreement itself.

I cannot recommend granting their request, as I believe the original agreement was voluntary, fair, and both IBC and the City derived benefits from it. If we grant their request, we essentially have let them keep the benefits they received under the agreement, while giving up the vast majority of the community benefit. I understand that IBC wants to keep the peace with one unhappy resident, but that resident should not be able to dictate what the community’s standards are for fencing & screening of industrial properties.

With that said, I would like to investigate further, in cooperation with IBC, to see if the fence can be accomplished in a manner that would allow most of the nice mature trees to remain along the fence line. I would think even an adjustment of 5’, which probably would require some reorganization within the fence of IBC’s stored materials, would allow for most of the nice trees to be kept (and save on removal costs). There would be quite a few of the volunteer trees that have grown up in the existing farm fence that would still have to go in order to allow for the construction of the new fence.

"One of the 100 Best Small Towns in America"
Dear Mayor Rosien,

Iowa Bridge would like an opportunity to speak to the City Council to ask for a revision to the agreement we entered into with the City on November 2nd, 2018 concerning fencing of our property on West 17th Street here in Washington.

We have constructed approximately half of the fence dictated in the agreement. The remaining fence to be constructed per agreement extends from the entrance drive of the property to the southeast corner along West 17th. The remaining property line fence will require the removal of a line of trees and shrubs. This line of trees presents a natural screen that already performs as an isolation fence. Removal of these trees will definitely detract from the appearance of the property and the street view in general. We have obtained a quote to remove the trees for the amount of $19,500. Since we are constructing the fence ourselves we estimate the cost of the remaining fence between $15,000 and $20,000.

The property owners across West 17th contacted us about the tree removal asking that we not remove the trees or build the fence. They do not like the appearance of the new fence on the west end and do not want to lose the trees.
We have already satisfied the original complaint with the fence we have already constructed, although we have also received negative feedback from some other neighbors to the west. The cost of clearing the trees and constructing the remaining fence also seems like a large burden to place on IBC considering that we were there long before the property was even zoned.

What we are asking is for the Mayor and Council to consider the spirit of the law. If the purpose of the fence is to eliminate an eyesore then, in our opinion and our neighbor’s, the existing Natural Fence better serves that purpose.

Please let me know as soon as possible if we can get on the agenda for the next meeting.

Thank you for your consideration,

Brian Ultermarkt/ President
Iowa Bridge and Culvert LC
Ph. 319-653-5436
Cell 319-653-1632

AGREEMENT

THIS AGREEMENT (the "Agreement") entered into by and between the City of Washington, Iowa, 215 E. Washington Street, Washington, Iowa 52353 (hereafter the "City"); and Iowa Bridge & Culvert, L.C., an Iowa limited liability company, 409 N. Avenue B, Washington, Iowa 52353 (hereafter "IBC").

WHEREAS, IBC is the owner of real property generally referred to as 106 W. 17th Street in the City (the "Property"); and

WHEREAS, IBC uses the Property in part for business storage purposes; and

WHEREAS, the Property is currently zoned R-2, One and Two-Family Residence District, said zoning classification does not allow for outside storage of business materials; and

WHEREAS, outside storage of materials by IBC at the Property was previously a legal, nonconforming use under the City Zoning Code; and

WHEREAS, IBC has expanded its outside storage of materials at the Property in violation of Section 165.03(3) of the Washington Code of Ordinances, by expanding said legal, nonconforming use on the Property; and

WHEREAS, the City has previously passed Ordinance No. 1078, which requires screening of outside storage from adjoining street and properties; and

WHEREAS, IBC and the City have negotiated the terms of an agreement with the City Council to address the zoning and outside storage of materials on the Property.

NOW, THEREFORE, in consideration of the mutual promises outlined in this Agreement, the parties agree as follows:

1. That IBC shall submit an application for to rezone the Property from R-2 One and Two-Family Residence District to I-1, Light Industrial District.

2. That upon receiving said application outlined in Section 1 above, the City shall process said application in the normal course of business, through the Planning and Zoning Commission and the City Council.

3. Within twenty-four (24) months of the approval of rezoning to I-1 Light Industrial District, IBC shall install a privacy fence, uniform in appearance, and eight-feet in height, to screen the outside storage on the Property from view in accordance with Section 165.7.1(E) of the Washington Code of Ordinances. Said fence shall be installed in accordance with all applicable ordinances. IBC expressly agrees to maintain the fence itself and also agrees to keep the outside of the fence free from rubbish and weeds, so not create a nuisance under the Washington Code of Ordinances.
4. Until such time as the rezoning application has been approved by the City Council and the privacy fence installed, IBC expressly agrees that it shall not expand its current outside storage on the Property.

5. Each party represents to the other party that the party has the full power and authority to enter into this Agreement and that this Agreement is a binding agreement duly authorized by the governing body of each party.

6. This Agreement represents the entire agreement between the parties and may not be amended or assigned without the express written permission of the other party.

7. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of both parties.

8. This Agreement shall be deemed to be a contract made under the laws of the State of Iowa, and for all purposes shall be governed by and construed in accordance with the laws of the State of Iowa.

9. If any provision of this Agreement or the application thereof to any person or circumstance shall be invalid, illegal or unenforceable to any extent, the remainder of this Agreement and the application thereof shall not be affected and shall be enforceable to the fullest extent permitted by law.

Dated this 23rd day of November, 2018.

IN FRONT OF THE WASHINGTON CITY ADMINISTRATOR

IN RE THE DOG OWNED BY
ZACH COTTERMAN

) ) ) ) )

RULING

STATEMENT OF FACTS

This matter comes before me from an incident on October 8, 2020, where a dog named "Oreo" owned by Zach Cotterman (hereinafter "Cotterman"), 414 West Jefferson Apt. 4, Washington, was engaged in an incident at a residence at 1017 North 8th Avenue, where Michele Hendricks received a severe bite. Chief Jim Lester ordered Oreo seized and impounded, and the animal was delivered to Town & Country Veterinary Clinic. Oreo was determined not to have an up-to-date rabies vaccination as required by Section 55.12 of the Washington Code of Ordinances, and was put under a 10-day quarantine for evaluation by Dr. Wendy Miller of Town & Country.

On October 13, 2020, Chief Lester formally ordered that Oreo be destroyed. Cotterman subsequently requested a hearing on the matter.

Cotterman was served a notice of a hearing on October 27, 2020 to be held in front of me at City Hall per the provisions of Chapter 55. Present at the hearing with me that day at 2:00 PM were: Zach Cotterman, his significant other Kris Lucas, Kris' daughters Allison and Katie, John Orndoff (the previous owner of Oreo), Nels Miller, victim Michelle Hendricks, Roger Hendricks, Officer Ethan Hansen, Chief Jim Lester, City Animal Control Officer Dalton Sorrells, and City Attorney Kevin Olson.
NARRATIVE

Eyewitness accounts were consistent, with two corrections to the official record as noted below, and establish the basic event narrative as follows: Victim Michele Hendricks was washing dishes in the kitchen of the house at 1017 N. 8th Avenue. She was cleaning the sink drain of spaghetti into a waste basket, when Oreo came from behind and nipped at Hendricks, and then latched on to her arm. Owner Zach Cotterman yelled at the dog and it let go of Hendricks’ arm. This is slightly different from Officer Ethan Hansen’s original notes (which stated that the dog bit the victim once, left the immediate vicinity of Hendricks, and came back and bit her again), and from his formal incident narrative, which states that the dog did not let go until the owner ripped the dog off Hendricks’ arm.

Hendricks sustained two deep lacerations to her right forearm, which required a total of nine stitches.

DISCUSSION

Pursuant to Section 55.18, it was my duty to hold a hearing to determine: (a) Whether or not the animal “Oreo” is vicious; (b) Whether or not the owner has failed to restrain such animal reasonably; and (c) Whether or not it is in the public best interest to destroy such animal.

My findings are as follows:

(a) Is Oreo vicious pursuant to Chapter 55 of the Code?

According to Section 55.01(22), “‘Vicious animal’ means an animal that has attacked or bitten any person or animal without provocation…”
As stated in the narrative, there is no dispute that Oreo attacked Hendricks without provocation. Hendricks sustained serious injury in the attack. Based on the code definition, it is clear that Oreo meets the definition of a “vicious animal”.

(b) Did Cotterman fail to restrain Oreo reasonably?

As Oreo was in his home environment and among family and friends, the Code is silent on what it would mean to restrain Oreo reasonably. As a proxy for this term, I would instead frame the question in terms of, “Did Cotterman fail to offer sufficient supervision of Oreo that led to the incident?” Here are the facts: The victim had met Oreo the previous day, albeit from the other side of a fence, and the animal behaved normally at that time. There was no indication of any abnormal situation on the day in question that would cause the need for excess caution. The animal, as a family pet, was allowed to circulate within the house as one would normally expect. However, the family was aware of certain “triggers” the animal had that should have warranted close supervision of the animal when it was around a new person in its home environment, as it was stated by previous owner Orndoff that the dog was very protective in its home environment when he had possession of the animal. The fact that a severe bite occurred in the home is itself proof after the fact that knowing the dog’s tendencies, that more perhaps should have been done to slowly introduce the dog to a new person in the home environment.
(c) Is it in the public best interest to destroy Oreo?

While the dog does meet the definition of “vicious” as discussed in Section (a) of this decision, the most difficult question is to determine whether it is in the public’s best interest to destroy Oreo or permanently remove her from the city limits.

Cotterman and other members of the household shared that the dog is affectionate, and showed a video of their visit to Oreo at the vet’s office, where Oreo was clearly excited and affectionate to see her owners. It was also stated that she provides emotional support to the owners for issues they experience such as post-traumatic stress. Further, Allison’s boyfriend Michael was unable to attend the hearing, but provided a statement that he is at the house 4 days a week and that he believes the dog is not aggressive. It was indicated that Oreo had only been in the household for one month, and was in its third home in just two years of life.

The report from Dr. Miller indicated that the dog did not show aggression toward her, the staff, or any dogs in the facility. Oreo tolerated full restraint during her exam and fully cooperated with the staff while out of the kennel. Finally, the dog showed no signs of rabies during the quarantine period, and was then vaccinated.

City Animal Control Officer Dalton Sorrells provided a statement that indicated that he observed the dog around two hours following the incident, as the person responsible for taking Oreo to the vet, and did not see signs of aggression, although the dog had its tail between its legs and ears drooped as if it knew it had done something wrong.

In order to gather additional information and perspective on the dog’s behavior, I asked Town & Country to release Oreo to Dalton’s care on October 21. Dalton did not observe further evidence of aggression during this time period.
Information that runs counter to this observed good behavior is that several persons that had been around the dog indicated that it had "triggers" such acting aggressively when it could not see people's faces, such as when a person may be pulling on a sweatshirt, and it is in the case report that Cotterman called into the County Communications Center the evening of the attack and offered the information that the first owner of the dog had kids who would pen up and throw trash out of their trash can at the dog. Previous owner John Orndoff, who was present at the hearing, agreed that the dog had been abused by the first owners. Cotterman indicated his willingness to get the dog training to overcome its triggers.

Also weighed in this consideration is the information presented by victim Michelle Hendricks. Hendricks received severe injuries, resulting in medical bills, and has the possibility of lingering medical issues due to the severity of the bite and the damage done.

The bite in this case is one of the most severe I have seen on a human in my decade-plus of reviewing dog bite cases. I can say that I have seen dogs justifiably ordered to be put down for much less. This is coupled with the fact that the behavior came out in the dog after just a short time in Cotterman's care. The dog has been in several different environments in its short life, from the abusive environment of the first owner, to a farm/rural situation in Orndoff's care, to a family with children in Cotterman's care.

I find myself pondering the following scenario and question- If I released the dog to Cotterman's care with mandated training by a skilled individual to eliminate the triggers that have been identified, would I feel confident that the dog would never present an issue to public safety again? Based on the totality of the evidence, I do not feel confident in saying this.

Therefore, I find that it is in the best interest of the public to humanely destroy or permanently remove Oreo from the city limits under Section 55.18 of the Code to prevent the
possibility of further unprovoked attacks. This decision is not rendered lightly. Cotterman and others presented evidence at the hearing indicating the close bond they have established with Oreo during the short time she has been in their household. However, the City’s duty to protect and uphold public safety must be prioritized over this very personal loss.

APPEAL

Pursuant to Section 55.18 of the Code, Cotterman has five (5) days in which to appeal my decision to the Washington City Council by filing written notice of appeal with the City Clerk. If no appeal has been made within the prescribed time, I direct the Police Chief to have the animal humanely destroyed in accordance with the Code.

Dated this 28th day of October, 2020.

Re: Hire of Sally Hart as City Clerk/Development Services Director

After a process where we received 17 applications, narrowed to 5 finalists, conducted interviews, and did extensive background work, our search committee reached a consensus to hire Sally Hart as our new City Clerk/Development Services Director. We all know Sally from her work at KCII, and she & her family recently moved to Washington. I am confident she will do an outstanding job in her new role. She plans to begin employment on December 1, 2020.

Thanks to Jaron, Brendan, Millie, and Kelsey for all the time they put into the process on the search committee. Thanks also for everyone else who helped with the process.

"One of the 100 Best Small Towns in America"
RESOLUTION NO. __________

A RESOLUTION CONFIRMING THE APPOINTMENT OF
SALLY HART AS CITY CLERK/DEVELOPMENT SERVICES DIRECTOR

WHEREAS, on September 1, 2020 in Resolution 2020-091, the City Council authorized the creation of a City Clerk/ Development Services Director Search Committee to organize and oversee the process of hiring a new City Clerk to replace Ilia Earnest, who plans to retire December 31, 2020; and

WHEREAS, said committee has conducted a thorough hiring process, and has advised the City Administrator on his appointment; and

WHEREAS, the City Administrator has forwarded the name of Sally Hart of Washington, Iowa to be the next City Clerk/ Development Services Director, subject to confirmation by the Council.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WASHINGTON, IOWA:

Section 1. The Council confirms the City Administrator’s recommendation/ appointment of Sally Hart as the City Clerk/Development Services Director of the City of Washington, under the general terms outlined in the attached offer letter.

PASSED AND APPROVED this 3rd day of November, 2020.

ATTEST:

Jaron P. Rosien, Mayor

Illa Earnest, City Clerk
October 28, 2020

Ms. Sally Hart
421 West Main Street
Washington, IA 52353

Dear Sally:

On behalf of the City of Washington, I am pleased to offer you our City Clerk/ Development Services Director position, with the following terms:

2. Salary  $61,000 annual; consideration of salary adjustment at July 1 contingent on performance review results.
3. Insurance  City currently pays 97% of premium for Single coverage medical insurance; Employee/Spouse, Employee/Child and Family are available for 25% employee contribution. Wellmark Blue Cross/Blue Shield plan, 30% coinsurance, $3,000/$6,000 out of pocket max.

Group employee-paid dental and vision available.

City pays 100% of cost for $50,000 life insurance policy and short-term/long-term disability insurance.

4. Vacation  2 weeks/year (plus 3 personal days/year as per City practice for supervisory employees). Consideration of 3rd week of annual vacation following 3 years of service.

5. Pension  IPERS & Social Security as per standard formulas.

Offer is contingent to City Council confirmation on November 3, 2020 and successful completion of pre-employment physical and drug screen. Thank you for considering our offer. This position is subject to a one-year probationary period. If you have any questions or further matters you would like to discuss, please contact me (office 319-653-6584 extension 134 or cell 641-373-2535).

“One of the 100 Best Small Towns in America”
Offer Letter to Sally Hart, October 28, 2020

Sincerely,

[Signature]

Brent Hinson
City Administrator

I accept the position as described above.

Re: M/C Purchase of Dump Trucks

In the FY21 budget, Council approved up to $138,000 for replacement of 2 dump trucks in the Maintenance & Construction Department with 2 newer used units. Departmental personnel have located 2 nice units with plows at Northstar Truck Sales in St. Cloud, MN. See attached for more info. The 2009 unit is priced at $69,500 and the 2006 unit is priced at $54,500, so we are well under budget for these purchases.

Re: Wellness Park Ballfields & Roadway Project, Change Order #3

We are asking the Council to consider Change Order #3, which includes the following items:

1) Add fencing & gates between each of the ball fields to better control access;
2) Add concrete wall & pad for dumpster enclosure & Shakopee infield dirt storage area; and
3) Add pavement & rip-rap to deal with a drainage issue that has been identified between the street and trail at a low point just north of the water tower.

The total effect of these changes is $20,098.30. If you will remember from the discussion of Change Order #2, we came in about $16,000 under the projected cost for the 7th & D sidewalks, and the contractor has indicated that we will have a decent deduct at the end of the project for coming under the projected quantities for granular surfacing, so we are essentially “paying for” this change order with those savings.
Change Order No. 3

Date of Issuance: 10-20-2020  
Effective Date: 10-20-2020  
Owner: City of Washington, Iowa  
Owner's Contract No.:  
Contractor: DeLong Construction, Inc.  
Contractor's Project No.:  
Engineer: Garden & Associates, LTD.  
Engineer's Project No.: 9020226  
Project: Wellness Park Ball Fields & Roadway - Washington, Iowa  
Contract Name: Wellness Park Ball Fields & Roadway – Washington, Iowa

The Contract is modified as follows upon execution of this Change Order:
Description: Add chain link fence and gates (3 -14 Drive gates and 1 – 4 feet walk gate) between the fields. Add concrete flume and riprap at low point on North Ave E, to prevent future erosion, and add dumpster enclosure.

RESOLUTION NO. ________

A RESOLUTION AUTHORIZING LEVY, ASSESSMENT, AND COLLECTION OF COSTS TO THE WASHINGTON COUNTY TREASURER.

WHEREAS, the City of Washington, Iowa is empowered to levy, assess, and collect costs of improvement and removal of debris against the abutting property owner,

WHEREAS, trash and junk were removed from the following listed property owners:

The property of T. Yeggy Properties, LLC at 213 W. Main St. for the amount of $150.00. Legal description (02 14 OP E 35 FT). Parcel Number (11-17-313-002).

The property of Adrian & Gabriela M. Villagranza Gonzales at 620 E. Madison St. for the amount of $350.00. Legal description (10 06 E WASH). Parcel Number (11-17-457-010).

The property of Cayetano C. & Thelma A. Cortes Marcial at 325 E. Madison St. for the amount of $150.00. Legal description (A 02 ASHBYS ADD). Parcel Number (11-17-459-001).

WHEREAS, grass and weeds were removed from the following listed property owners:

The property of Robert B. Mcfarland at 903 E. 3rd St. for the amount of $515.00. Legal description (15 SMOUSES E SID ADD). Parcel Number (11-17-429-004).

The property of Kevin A. Mckeel at 1506 E. Washington St. for the amount of $225.00. Legal description (16 75 07 SMOUSES 2ND ADD E 107 FT OL 1 & W 35 FT OF S 410 FT NE1/4 SW1/4). Parcel Number (11-16-312-011).

and,

WHEREAS, due notice was given to the above property owners that said amount would be assessed to the property if payment was not made or an appeal was not made,

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF WASHINGTON, IOWA that the City Clerk be instructed to certify the above delinquent payment to be assessed against said property as listed above and that the City Clerk certify a copy of this resolution to the Washington County Treasurer.

Passed and Approved this 3rd day of November 2020.

Memorandum

October 30, 2020

To: Mayor & City Council
Cc: Illa Earnest, City Clerk

From: Brent Hinson
City Administrator

Re: Ordinance Amending Utility Rates

During the budget process, the Council preliminarily approved the following rate amendments, which are reflected in the attached ordinance:

Water: 7.5% increase on usage, no base rate increase
Sewer: 3.5% increase on usage, no base rate increase

These changes were delayed by six months due to uncertainty caused by the COVID-19 pandemic, but it is essential for our future infrastructure repair needs that we continue to do small but steady rate increases over time, so we are bringing this to you now to allow the rate changes to be reflected on the January bills.

On the attached sheet, the changes across various levels of usage are shown. The garbage/recycling changes have already been implemented, since the Council adopted a five-year rate structure in connection with the acceptance of the five-year contract with Johnson County Refuse.

"One of the 100 Best Small Towns in America"
City of Washington, IA

ORDINANCE NO. ______

AN ORDINANCE AMENDING CHAPTER 92, WATER RATES
AND CHAPTER 99, SEWER USER CHARGE

BE IT ORDAINED by the City Council of the City of Washington, Iowa:

SECTION 1. The Code of Ordinances of the City of Washington, Iowa, 2014, Section 92.02, titled, "Rates for Service", is hereby amended to read as follows by amending Section 92.02 (1) and (2):

"92.02 RATES FOR SERVICE. Water service shall be furnished at the following rates with the City:

1. Base Charge. There shall be a basic monthly water service charge of seventeen dollars and eighty-five cents ($17.85) per account.
2. Usage Rates. Customers shall be charged for water usage in accordance with the following rate schedule:

<table>
<thead>
<tr>
<th>Cubic Feet Used Per Month</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>All Usage</td>
<td>$4.42 per 100 cubic feet</td>
</tr>
</tbody>
</table>

(Code of Iowa, Sec. 384.84 [1])"

SECTION 2. The Code of Ordinances of the City of Washington, Iowa, 2014, Section 99.05, titled, "Rates for Service", is hereby amended to read as follows by amending Section 99.05(1) and (2):

"99.05 CHARGES. The monthly sewer use charge shall be in accordance with the following:

1. Non-Residential Customers.

A. For each water meter of every nonresidential property receiving municipal sewer service using 1,400 cubic feet or less of water, with or without a water meter, the charge shall be an amount equal to the sum of $31.50 per month plus $4.25 per 100 cubic feet of water used.

B. For each water meter of every nonresidential property receiving municipal sewer service using between 1,401 and 15,000 cubic feet of water, with or without a water meter, the charge shall be an amount equal to the sum of $63.00 per month plus $4.25 per 100 cubic feet of water used.

C. For each water meter of every nonresidential property receiving municipal sewer service using between 15,001 and 100,000 cubic feet of
water, with or without a water meter, the charge shall be an amount equal to the sum of $126.00 per month plus $4.25 per 100 cubic feet of water used.

D. For each water meter of every nonresidential property receiving municipal sewer service using more than 100,001 cubic feet of water, with or without a water meter, the charge shall be an amount equal to the sum of $252.00 per month plus $4.25 per 100 cubic feet of water used.

2. Residential Customers. For each water meter of every residential property (including multiple-family residential properties) receiving municipal sewer service, with or without a water meter, the charge shall be an amount equal to the sum of $31.50 per month per dwelling unit plus $4.25 per 100 cubic feet of water used.”

SECTION 3. REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 4. SEVERABILITY CLAUSE. If any section, provision or part of this ordinance shall be adjudged invalid or unconstitutional such adjudication shall not affect the validity of the ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

SECTION 5. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval and publication as provided by law.

PASSED AND APPROVED by the City Council on the ____ day of _________, 2020.

ORDINANCE NO. ______

AN ORDINANCE AMENDING THE MUNICIPAL CODE OF THE CITY OF WASHINGTON, IOWA, BY AMENDING CHAPTER 26.01 “AIRPORT COMMISSION”

WHEREAS, the current Washington Code of Ordinances, Section 26.01 requires that all five members of the Airport Commission be residents of the City of Washington; and

WHEREAS, in order to recruit additional qualified candidates for current and future vacancies, the City Council deems it prudent to amend Section 26.01 to match the requirement in Iowa Code Section 330.20, allowing up to two members of the five-member body to be individuals residing outside the city limits.

BE IT ORDAINED by the City Council that the Code of Ordinances of the City of Washington, Iowa be amended as follows:

SECTION 1. Delete Phrase. Section 26.01, “Airport Commission”, is hereby repealed.

SECTION 2. Add Phrase. A new Section 26.01, “Airport Commission”, is hereby adopted as follows:

“26.01 AIRPORT COMMISSION. There shall be an airport commission consisting of five (5) members. At least three (3) of the members shall be resident voters of the City.”

SECTION 3. Repealer. All ordinances or parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed.

SECTION 4. Effective Date. This Ordinance shall be in effect after its final passage, approval and publication as provided by law.

Passed and approved this _____ day of ______, 2020.

ORDINANCE NO._______

AN ORDINANCE AMENDING THE MUNICIPAL CODE OF THE CITY OF WASHINGTON, IOWA, BY AMENDING CHAPTERS 15 & 17 CONCERNING MAYOR AND COUNCIL COMPENSATION

BE IT ORDAINED by the City Council that the Code of Ordinances of the City of Washington, Iowa be amended as follows:

SECTION 1. Delete Section. Section 15.04, “Compensation”, is hereby repealed.

SECTION 2. Add Section. A new Section 15.04, “Compensation”, is adopted as follows:

“15.04 COMPENSATION.

The salary of the Mayor is eighteen thousand dollars ($18,000) per year, payable biweekly.”

SECTION 4. Delete Section. Section 17.06, “Compensation”, is hereby repealed.

SECTION 5. Add Section. A new Section 17.06, “Compensation”, is adopted as follows:

“17.06 COMPENSATION.

The salary of each Council member is seventy-five dollars ($75.00) for each official meeting of the Council attended and forty dollars ($40.00) for each board, commission, or committee meeting attended as an official representative of the Council. It shall be the duty of each Council member to document each meeting attended under the latter provision and to periodically provide this documentation to the Finance Director for payroll purposes. All said compensation shall be paid semiannually.”

SECTION 6. Repealer. All ordinances or parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed.

SECTION 7. Effective Date. Under Iowa Code 372.13(8), this Ordinance shall be in effect January 1, 2022, after its final passage, approval and publication as provided by law.
Passed and approved this _____ day of __________ 2020.

City Clerk
Memorandum

October 29, 2020

To: Mayor & City Council
Cc: Illa Earnest, City Clerk

From: Brent Hinson
City Administrator

Re: Discussion on Strategic Priorities for 2021 and 2022

Since Council last met related to strategic priorities, we had a department head discussion and I have conducted a little bit of additional analysis on things for the Council to consider related to this year’s goals. Here are the outcomes and recommendations:

Current Goals

1. EMS Study Committee: Keep as top priority, with focus on making final recommendations by early 2021 and implementing the service by mid-2021.

2. Wellness Park Phase 1: Project is close enough to completion to drop from goals list; focus on implementation of operations plan by June 1, 2021, when use of the park for organized activities begins. Keep this as a top priority.

3. Sewer I/I: With completion of 3 major I/I projects in the past several years, it feels like this could be moved to the long-term priorities rather than listed in the 2021 and 2022 priorities. The main item to be completed on the topic in this goal period is the detailed examination of the egg sewer basin.

4. Promote Housing Development: The City accomplished 2 big goals in the past year related to new housing development: 1) Acquisition of the Bell land, which is big long-term move toward a continuous supply of housing lots, and 2) Development of the NLW Subdivision Plat 1, making affordable priced lots available to any builder or homeowner. At this point, it looks like the soonest Plat 2 would need to be developed would be starting in Spring 2022, pending the level of activity that occurs in Plat 1 in 2021. The

"One of the 100 Best Small Towns in America"
Council could theoretically move this item to long-term priorities or replace it with an item related to specific focus areas for existing housing stock.

5. City Hall/Police Improvements: This goal is accomplished!

6. Police Department Re-Structuring: This goal is accomplished.

7. Participate in Continuity of Operations Planning: This goal is accomplished.

8. Define and Promote Washington: Keep as a high priority. Possible focus on securing Iowa Great Places recognition for this planning cycle.

10. Madison Park Improvements: Keep as a high priority, with accomplishment within 2021 targeted.

Additional Priority Ideas

- Full-time staffing level review & analysis.
- Wellness program for staff, possibly including health club membership incentive.
- Water Facility Plan- completion & implementation- suggest as a possible top priority, since sewer has been for the past several years, and it is time to get water main breaks in the system under control, allowing us to start to shift our focus in 5-7 years toward widespread paving/overlay projects after underground infrastructure is brought up to an acceptable level.
- New traffic signal at 12th & Washington- this is currently in the Capital Improvements Plan for FY22.
- Parks shop- the Army Reserve has indicated that no additional action on the disposal of its facility on North Marion will occur at least until the end of 2021. If action on that facility does not occur within a reasonable timeframe, new construction of a parks shop in the Wellness Park proper could be examined as part of a concessions/restroom structure for the soccer complex in the Phase 2 of the Wellness Park that is planned for FY25 in the current CIP.
- Parks master planning- we have been hoping to do a 5-year parks development plan for a number of years, but have pushed this larger planning effort aside to focus on getting Phase 1 of the Wellness Park constructed. With that complete, we could possibly revisit this planning effort, bringing in a consultant to facilitate.

"One of the 100 Best Small Towns in America"
Council Items Mentioned at 10/20/2020 Workshop

Here are the possible goal items mentioned at the last meeting, with updates from the department head session as applicable:

- Streetscape Phase 2- begin planning process in early 2021 toward Spring 2023 construction.

- Diversity training- it was mentioned in the department head discussion that Jenisa Harris at the Library is currently going through a program that will allow her to be a trainer for these types of trainings, or the Council could look at an outside provider as previously discussed.

- National Incident Management System (NIMS) training: Also include applicable staff such as administrative team, Water & Wastewater Superintendents in ICS300 & 400 courses in addition to doing ICS100, 200, & 700 for Council & staff.

- Address downtown vacant-by-choice buildings.

- Add bike lanes and trails.

Final Thoughts

I have also attached the 2020 & 2021 goals quick-reference and the full goal update memo for your information. I look forward to discussion at the meeting.

"One of the 100 Best Small Towns in America"
Memorandum

October 19, 2020

To: Mayor & City Council
Cc: Illa Earnest, City Clerk

From: Brent Hinson
City Administrator

Re: Progress Report on Strategic Priorities, October 2020

Background: The City Council unanimously adopted a resolution setting strategic priorities for calendar years 2020 and 2021 and a resolution adopting a strategic priorities work plan on December 17, 2019. This report seeks to provide the City Council with a one-year update on progress toward these goals.

Calendar Years 2020 & 2021 Priorities:

Top Priorities

• Study implementation of a Quick Responder Service to supplement County EMS changes

Staff Primarily Responsible: Mayor, Councilor Pettit-Majewski, City Administrator, Study Committee

The Council established an EMS Study Committee on December 17, 2019 in Resolution 2019-129. The committee began meeting soon afterwards, and developed budget recommendations as planned. The FY20 budget was amended for the inclusion of some of the up-front costs of establishing the service, a vehicle was purchased for EMS response, and funds were also budgeted in FY21 for the launch of the service. The COVID-19 pandemic response pulled attention away from this effort for several months, but the committee has begun meeting again, and is seeking to develop final recommendations to come to the Council in the near future.

"One of the 100 Best Small Towns in America"
• **Complete Wellness Park Phase I improvements**
  a. Conduct administrative setup and staffing analysis
  b. Develop & implement Y/Wellness Park area traffic & sidewalk plan

Staff Primarily Responsible: Mayor, Councilor Stigers, City Administrator, Park Superintendent, Project Committee, and Stakeholder Group

Great progress has been made on the Wellness Park in the past year. Following award of a $2.9 million construction contract to DeLong Construction this spring, the primary construction project is nearly complete, and sports field seeding in particular looks fantastic. The plan is to begin play on the new fields on June 1, 2021. This will allow the completion of a number of items in the spring, and give the turf seeding plenty of time to get fully established.

The Council has considered and approved a number of traffic changes in the area, including adding a 4-way stop at West 5th and North Avenue D, reducing the speed limit on West 5th west of the new Y, and other improvements.

The sidewalk connectivity project is underway, and will involve completion of the sidewalk network in the 600 block of North D and the 300-400 blocks of West 7th Street. Additional work will need to be considered further east along West 7th to achieve ADA compliance (sidewalk ramps vs. steps) and on South D in the 300-400 blocks to tie that part of the sidewalk network together and tie it to the Kewash Trail.

The Wellness Park Operations Committee has met a number of times this year, and is working toward the administrative setup of the complex. It is envisioned at this point that this administrative setup will include agreements between the City and Y for management of the complex, between the City, Y and Schools regarding use of School fields, and between all facility partners (including travelling teams, etc.) to govern the overall use of the complex. The intent is to have all of these agreements in place prior to the beginning of play at the complex.

• **Sewer inflow/infiltration (I/I)**

Staff Primarily Responsible: Maintenance & Construction Superintendent, Engineering Technician, and City Administrator

With the closeout of the 2019 Southeast Basin I/I project and the completion of the underground infrastructure portion of the 2020 North 4th Avenue project, it is fair to say that the City has now completed since 2016 the 3 largest sewer inflow/infiltration (I/I) projects in its history (this includes the 2015-2016 Courthouse Sewer Separation project). This reflects a tremendous amount of investment in our sanitary and storm sewer collection networks, and hopefully a huge difference in the impact of peak storms as they

“One of the 100 Best Small Towns in America”
relate to sewer backups, etc. There is a great deal of additional work to do in the sewer system, but huge strides have been made.

The next step in the process is to fully evaluate the “Egg” sewer basin, the basin for the central portion of town that represents the oldest infrastructure in the system. The North 4th project is at the very top of the Egg basin, and the Courthouse Sewer Separation project was within the basin also, so we have made major progress, but it is known there are many additional issues to address, particularly from a basic system maintenance perspective.

The Council approved the hiring of Central Iowa Televising on September 1, 2020 to conduct cleaning, root-cutting, and televising on the main egg sewer so that we can accurately assess its condition. Since this is the oldest sewer in town, has not had major maintenance in a number of years, and carries a tremendous amount of flow, it is likely our initial efforts to comprehensively address the basin will begin with the main egg sewer. We intend to get going in earnest on the basin analysis with FOX Engineering once the Water Facility Plan update/distribution system analysis is completed.

- Promote housing development
  a. Work toward development of Bell land and other housing areas
  b. Work as a partner with private developers

Staff Primarily Responsible: City Administrator & WEDG Director

The City completed the purchase of the first 19 acres of the Bell land in mid-2020, and the land (including the 23-acre option area) has been annexed into the city limits. This parcel represents a major investment in the long-term growth and development of Washington.

The City also undertook and completed the process of receiving the donation of the Whitesell factory and land, which includes 7 acres suitable for residential development. During the past year, that portion of the property was rezoned, Plat 1 of the development was approved, and construction is now underway on installation of the water, sewer, stormwater, and electric improvements need to make the 9 new lots “shovel-ready” for new home-building. It is thought that the next major residential project the City takes on will be Plat 2 of this development.

The City has continued to have conversations with developers on various possible developments around town, including in downtown, and will continue to work as an active partner to bring new and better housing to Washington. The Wellness Park project also opens up approximately 45 acres for potential future residential development, as that area now has a paved street, a trail connection, and water, sewer, electric, and stormwater infrastructure that did not exist prior to 2018. Preliminary discussions with a couple of the private property owners have yet to bear fruit, but this area should be an important one for Washington’s future development.

“One of the 100 Best Small Towns in America”
• Complete City Hall/Police building construction
  a. Examine staffing for quality long-term building maintenance

Staff Primarily Responsible: Project Committee, including Mayor, City Councilors, Police Chief, Finance Director, City Administrator and others

The City Hall/Police Phase 1 improvements were completed in May 2020, and all staff moved to the Phase 1 area to allow for the renovation of the Phase 2 area at that time. Phase 2 was substantially complete as of October 8, 2020. Staff began occupying the Phase 2 space as of today. The new building will be a phenomenal asset to the community in the future. We finally have great meeting space, storage space, and proper Police Department offices. This process began with the commissioning of a building study in January 2013, and I personally find it amazing to look back at all the organizational changes of the last 8 years as well as the tremendous progress made on this project.

The Council approved the creation of a new full-time Building Maintenance Technician position in the FY21 budget, and Kirk Albert was hired for the position and began work in July. It is great to have Kirk on board, and I strongly believe his position will allow us to save money over the long term, as we keep our facilities maintained in excellent condition and protect the major taxpayer investments in those facilities.

High Priorities

• Develop Police Department re-structuring plan

Staff Primarily Responsible: Mayor, City Administrator, City Council, Police Chief

Chief Lester has continued his diligent work to ensure that the Police Department is properly equipped, well trained, and has the appropriate community service mindset. Under his leadership, all the major initiatives envisioned for this year have been undertaken. Something that was not anticipated was the death of George Floyd in police custody in Minneapolis, which lead to a public firestorm and nationwide protests, including (respectful) protests in Washington. This sad event, along with others, leads to an even greater need for police transparency and appropriate procedures. The Council’s previous approval of utilizing Lexipol for our police policies looks even more wise than it did at the time, as Lexipol has helped our department to ensure that all of our policies and procedures represent the best thinking in community-oriented policing. Thanks to Chief Lester and the whole department for their strong commitment to the community.

The Council approved the creation of a Police Community Advisory Committee on February 18, 2020, and the group has met twice since that point (they intended to meet much more regularly, but the COVID-19 pandemic presented significant issues). This group should

“One of the 100 Best Small Towns in America”
provide a great sounding board and ultimately a support network in a very trying time for policing nationally.

Organizationally within the department, the Council approved the creation of 2 new Sergeant positions in the FY21 budget. Coupled with the retirement of Lt. Ron See, Chief Lester undertook an inclusive & thorough promotional process to fill all 3 positions. In July, Shamus Altenhofen was promoted to Lieutenant, and Jason Chalupa & Benjamin Altenhofen were promoted to Sergeants. This new structure will allow for a supervisor on every shift, and will hopefully lead to an even more accountable and community-oriented department in the future.

- **Update Water Facility Plan to incorporate improvements since 2013 and to sharpen focus on improving water distribution infrastructure**

Staff Primarily Responsible: City Administrator, Maintenance & Construction Superintendent, Water Plant Superintendent, Engineering Technician, FOX Engineering

The Council approved the hiring of FOX Engineering in May to perform an update of the City's 2013 Water Facility Plan to focus on water distribution improvements. Happily, since 2013 the City largely completed all of the specific improvements included in the plan, including a new water tower, renovation of the existing water tower, construction of a new ground storage reservoir, improvements to each of the City’s 3 wells, and the construction of a new Reverse Osmosis drinking water plant. However, the distribution system still remains a huge concern. Aging pipes continue to break in our system at an alarming rate. We generally average 20-25 water main breaks in a year (with a recent high of 35), whereas the American Water Works Association (AWWA) standard is that a well-maintained system of our size would only have 10 breaks per year. Due to the age of much of our system, it is actually fortunate that many of the pipes continue to function correctly far beyond their typical life, but there is much work to do to ensure a reliable and efficient distribution network.

In the work on updating the Facility Plan, we identified a segment of pipe that needed to be put in between North D & E along West 7th Street prior to paving for the Wellness Park, and M/C staff quickly responded to get this water main installed, which will have significant water pressure benefits to that neighborhood. In the past year, M/C also completed the replacement of one of our worst water main break culprits on South B between Van Buren and Tyler, and also installed a water main along South Iowa Avenue to loop Timber Ridge and Oakwood Village subdivisions. The North 4th and South E paving projects also included major water main components.

The Facility Plan process has helped us to identify a project for 2021 that we hope to fund partially with a Community Development Block Grant (CDBG). This would involve replacement of break-prone segments of water main on West Madison (Highway 92) between D & H, on West Washington Boulevard between D & F, and on East Main Street

"One of the 100 Best Small Towns in America"
between 12th & 15th. More projects like this will be needed in the future to bring our system up to an appropriate standard.

The Facility Plan is nearing completion, and we expect to present it to the Council in the near future for discussion & consideration.

**Participate in Continuity of Operations Planning**

Staff Primarily Responsible: Emergency Planning Team, including Mayor, Councilor Pettit-Majewski, County Emergency Management Coordinator, City Administrator, and Department Heads

The City Council approved the creation of an Emergency Planning Team consisting of key leaders within the City organization and with the leadership and guidance of Chief Lester and County Emergency Management Coordinator Reisen, who are both highly experienced in these matters. Recognizing that certain sensitive information contained within such plans must be held as confidential for protection of the community, the City Council adopted a Security Information Policy in October to define the scope of information that will be held confidential. The final plans were completed by the committee, and a general summary of the Emergency Operations Plan and Continuity of Government Plan suitable for public release was forwarded to the City Council in early 2020 and was approved.

**Through Hotel/Motel Tax Fund Administration Committee, help to “define” Washington, and effectively promote ourselves to internal and external audiences**

Staff Primarily Responsible: Councilor Youngquist, Councilor Gault, City Administrator, Chamber Director, Hotel/Motel Fund Administration Committee

The Hotel/Motel Tax Committee has continued to work on these matters, and following community surveying and committee discussion, in May adopted the following Statement of Goals:

1) Promote Washington as a place to live, work and play to Iowa City market (TV and social media).
2) Implement wayfinding signage both in town and on major highways.
3) Signage/mural on the State Theater; promote Brinton films and history of State Theatre including possible museum and film festival.
4) Look into Iowa Great Places designation.
5) Implement electric car-charging stations.

The committee has been actively working on each of these items. Most prominent is working toward the Iowa Great Places designation. This program provide grants and

"One of the 100 Best Small Towns in America"
technical support for cultural and quality of life efforts in selected communities. The application deadline for the next cycle is expected to by May 1, 2021.

- **Develop a Capital Equipment Replacement Plan (CERP) with proposed funding plan**

Staff Primarily Responsible: City Administrator, Department Heads

As was anticipated last year at this time, we will not really be in a position financially to produce a reasonable long-term CERP until later 2021 and starting with FY23. At that point, it is envisioned that the internal debt for the City Hall/Police/Fire project will be paid down significantly or even paid off, and those same revenue streams can be utilized for capital equipment planning and also a long-term building maintenance fund to protect the many investments our community has made in facilities over the past 20 years.

- **Plan & develop Madison Park expansion & improvements**

Staff Primarily Responsible: Mayor, City Administrator, Park Superintendent, Park Board, Tree Committee

With the City Hall/Police project wrapping up, it will be opportune to start discussing Madison Park improvements in the near future. We have $15,000 allowed for these improvements in City Hall/Police/Fire project funds, and will probably want to consider programming additional funds in the FY22 budget. The nice thing budgetarily is that the improvements can be phased in over time.

Cemetery Sexton Nick Duvall is in the process of coordinating a project whereby the existing Jones garage will be moved to Elm Grove Cemetery, clearing the site for development. On September 15, the Council approved expending up to $12,000 for the relocation of the garage, including pouring of a concrete slab and half-walls for its new location at Elm Grove.

**Long-Term Priorities**

- **Continue to update & implement Capital Improvements Plan (CIP) and focus on maintaining & upgrading infrastructure**

The FY21-FY25 CIP update process was completed as planned in early 2020. It is expected that the FY22-26 process will begin around December 15, following the completion of the goal-setting process but prior to the annual budget process.

“One of the 100 Best Small Towns in America”
• Complete evaluation of all three sewer basins and strongly emphasize efforts toward eliminating sources of inflow/infiltration (I/I) into the sanitary sewer system

As stated above, the City has made great progress in recent years toward this goal in the public system, although there is much work to do. The next steps needed will involve evaluation of the Egg sewer basin. The North/West basin analysis is expected to follow that within a couple of years. Once that latter analysis is completed, we should have a complete picture of our sanitary sewer system and know where repairs or improvements are most needed throughout the system.

• Promote business development

Probably the largest business development activity in this past year was the acquisition and subsequent contract sale of the Whitesell Group facility to Brava Roof Tile. This transaction will hopefully let a company with significant future potential grow and prosper in Washington, adding jobs to our community. We are also working with Bazooka-Farmstar on an expansion that would involve the relocation of a City sewer line.

The Council approved hiring Garden & Associates to design the West Buchanan/Business Park Phase II improvements in July. The project is expected to be designed and submitted to the DOT very soon. Construction is expected to occur in late 2021.

Business investment has probably been a bit quieter this year due to COVID-19 and the subsequent economic slowdown, but we continue to look for opportunities to partner with local businesses and investors.

• Actively promote improved housing stock and supply

In addition to the lot development for new home construction discussed above, the City has been very active on rehabilitation of existing housing stock. The housing rehab program through the East Central Iowa Housing Trust Fund in the amount of $151,200 (inclusive of the City’s $37,800 share) is intended to provide grants of up to $15,000 for 9 homes occupied by low- and moderate-income (LMI) homeowners.

The City submitted an application for Community Development Block Grant (CDBG) funds to the Iowa Economic Development Authority this spring, and we were awarded $234,994 in CDBG funds for rehabilitation of six LMI owner-occupied dwellings. The Council approved all of the grant paperwork on September 1, and we will hopefully be able to get started on these rehabilitations soon.

Active code enforcement will continue with the oversight of the Nuisance Review committee (Mayor, City Attorney, City Administrator, Building Officials, and Code Enforcement Officer) as well as the City Council.

“One of the 100 Best Small Towns in America”
• **Promote improvements to parks & recreation, through construction projects and broadening community support & engagement.**

The Wellness Park has rightly been our focus in parks development over the past several years. This has been a huge initiative and should provide far-reaching benefits to our community for many years to come.

Once Phase 1 is completed, it may be the appropriate time for the Park Board to work with a consultant to develop a five-year parks master plan, something that would tie into the goals of the 2012 Comprehensive Plan and that the Council has been interested in having available for some time, and could also hopefully include the 3 CIP projects that were bumped to allow for completion of the Wellness Park, along with the variety of smaller projects that will be needed to get the most out of the new Wellness Park. It seems reasonable to do parks master planning in FY22. The master planning process may identify additional projects. It is anticipated that the vast majority of Riverboat Foundation Municipal Grant funds will be dedicated to park & trail improvements in the fiscal years beyond FY24 following the completion of the streetscape expansion project.

A nearer-term park project that may be coming soon is improvements to allow for outdoor pickleball courts. This game has been sharply on the rise in our area, particularly among, but not limited to active seniors. An advocate of these improvements has already secured over $20,000 in grant funds, and is seeking additional funds to allow us to do around $60,000 in improvements to our existing tennis courts by Case Field.

• **Maintain & improve sidewalk infrastructure**

We have been stalled on the trip hazards program, but it is hoped with the leadership of the new City Clerk/Development Services Director, we can get this initiative back on track and complete the additional zones around town over the next several years.

We are doing a great deal of sidewalk work with this year's projects. Most notable are the sidewalk on the east side of North 4th Avenue that will provide a continuous connecting sidewalk between Stewart Elementary, Washington Middle School, and Lincoln Elementary for the first time ever, and the sidewalk connecting the High School area to Timber Ridge that will be completed as part of the South E project. We also are installing a substantial amount of connecting sidewalk as part of the Wellness Park project.

**Conclusion**

Significant progress has been made in most areas identified by the Council. It is a pleasure to work with you in tackling such a wide array of projects and initiatives to benefit our community. Please let me know if you have any questions regarding this report.
