Elm Grove & Woodlawn Cemeteries

Council Report for January 2022

In January I plowed snow at the Airport 5 times. I moved snow for 5 funerals at the cemetery. I plowed Buchanan Street and around the WWTP a couple of times. I finalized the cemetery budget for FY 2023, and had a budget meeting with Kelsey. I had 8 family requests for information this month. I have been working on updating cemetery records. On 1/14, we went live with the online burial search. There is a link on the cemetery page. I will be working on entering Woodlawn's records as time allows. I have also been working on some equipment repairs and maintenance. I look forward to working with Deanna in the future.

We have had 5 funerals at Elm Grove this month, with one weekend service. In February, we plan to continue with funeral services, general cemetery cleanup, updating cemetery records, plowing snow as needed, one on one meeting with new city administrator and attend the budget workshop with council to present our budget for FY 2023. Thank you.

Respectfully submitted,

Nicholas Duvall

EMS calls were down in January. Only 63 this month. That has been our lowest amount so far to date since starting the service. We continue to get response to every call.

Washington Fire did not hold a monthly training in January due to Pancake Day. We will resume our monthly training schedule in February.

We had a report of a vehicle fire in January. The fire was out on arrival, we assisted in making sure it was complete put out. We had several vehicle accidents due to weather, several fire alarm/Carbon Monoxide detector calls in January as well. I attended the county fire chief's meeting on January 25th in Crawfordsville, as well as a meeting on the proposed railroad merger. I also worked on the FY23 proposed budget and attended a council meeting for any questions.

Pancake day was a success in early January. We served 2,257 people! This is the highest amount we have seen. We are working on possible improvements for next year, as our take outs were very high.

Full time staff continues to be busy responding to EMS & fire calls, fire inspections, and normal duties around the fire station.

Our January monthly fire meeting minutes are attached.

As shown in the attached chart, January was an active month for the Police Department with investigations for assault, child endangerment and the execution of several search warrants.

The response and investigation of the shooting incident on January 7th was a demonstration of great teamwork and cooperation of local, regional, and state agencies. We also appreciated the quick response of the Maintenance and Construction crews in helping to secure the scene and to the Fire Department for the use of a bay to allow investigators to examine evidence in a warmer environment. The investigation continues and has resulted in the arrest of two persons for attempted murder and robbery.

Officer Aaron Kephart was sworn in by Mayor Rosien and began his duties on January 10th. After four weeks of Orientation and Field Training he has worked into the normal patrol officer rotation.

We received correspondence from the Iowa Department of Public Safety that we have satisfied certification requirements for the Iowa Uniform Crime Reporting program. This certification means that we have demonstrated compliance in our incident and arrest reporting by submitting data with 4% or less error rates for calendar year 2021. This was a frustrating process that required review and modification of most all 2021 incident reports and included some significant changes in our reporting practices.

Investigator VanWilligen and Chief Lester attended the Iowa Sex Crimes Investigators Association conference and the entire department participated in Question-Persuade-Refer suicide awareness training presented by the Washington County Iowa State Extension Office during our monthly staff meeting.

Respectfully submitted,

Jim Lester

Here is a summary of the major updates and activities from the Water Treatment Department for January 2022.

Traffic Lights: Joe Marie fixed the street light in front of KCII. Just reported and added to Joe Marie's list is the street light in front of JP's 207 is stuck on. The lights out at Wal-Mart went to flashing red due to the cold. We turned on a small space heater and it fixed the issue.

Water Plant Operations: I submitted Decembers MORs to the DNR. I Submitted Annual Water Usage Report to the DNR. We have been working on the dead meter list along with replacing a few frozen meters. We have been doing extra meter reading while Elaine is out. We collected routine monthly bacteria samples; results were absent. We changed bag filters and RO 1 cartridge filters. Our bulk chemicals were delivered and filled up. We collected our monthly well levels. I wrote a thank you letter to IRWA for there services. This is how they get funding, so we were happy to write something up for them. IRWA is a great resource for us and all small communities in Iowa. We are a region hub for IRWA and store equipment for small communities to use. Renewed memberships to IRWA and AWWA. Worked on budget.

Operators: I am approved to take my Grade III Water Distribution exam, and am waiting to hear back from the DNR to schedule a date to take it. I attended the weekly staff meetings and had a budget meeting with Kelsey. If you have any questions or concerns, please do not hesitate to contact myself or Will. Thanks, stay safe!

PERFORMANCE, PAYMENT AND MAINTENANCE BOND

KNOW ALL BY THESE PRESENTS:

That we, _____, as Principal (hereinafter the "Contractor" or "Principal" and _____, as Surety are held and firmly bound unto the City of Washington, Iowa, as Obligee (hereinafter referred to as "the Jurisdiction"), and to all persons who may be injured by any breach of any of the conditions of this Bond in the penal sum of _____ DOLLARS (\$ _____), lawful money of the United States, for the payment of which sum, well and truly to be made, we bind ourselves, our heirs, legal representatives and assigns, jointly or severally, firmly by these presents.

The conditions of the above obligations are such that whereas said Contractor entered into a contract with the "Jurisdiction", bearing date the _____ day of _____, _____, (hereinafter the "Contract") wherein said Contractor undertakes and agrees to construct the following described improvements:

**ADAMS STREET RECONSTRUCTION
WASHINGTON, IOWA
2022**

and to faithfully perform all the terms and requirements of said Contract within the time therein specified, in a good and workmanlike manner, and in accordance with the Contract Documents. Provided, however, that one year after the date of acceptance as complete of the work under the above referenced Contract, the maintenance portion of this Bond shall continue in force but the penal sum for maintenance shall be reduced to the sum of _____ DOLLARS (\$ _____), which is the cost associated with those items shown on the proposal and in the Contract which require a maintenance bond period in excess of one year.

It is expressly understood and agreed by the Contractor and Surety in this bond that the following provisions are a part of this Bond and are binding upon said Contractor and Surety, to-wit:

1. **PERFORMANCE:** The Contractor shall well and faithfully observe, perform, fulfill and abide by each and every covenant, condition and part of said Contract and Contract Documents, by reference made a part hereof, for the above referenced improvements, and shall indemnify and save harmless the "Jurisdiction" from all outlay and expense incurred by the "Jurisdiction" by reason of the Contractor's default of failure to perform as required. The Contractor shall also be responsible for the default or failure to perform as required under the Contract and Contract Documents by all its subcontractors, suppliers, agents, or employees furnishing materials or providing labor in the performance of the Contract.
2. **PAYMENT:** The Contractor and the Surety on this Bond are hereby agreed to pay all just claims submitted by persons, firms, subcontractors, and corporations furnishing materials for or performing labor in the performance of the Contract on account of which this Bond is

given, including but not limited to claims for all amounts due for labor, materials, lubricants, oil, gasoline, repairs on machinery, equipment and tools, consumed or used by the Contractor or any subcontractor, wherein the same are not satisfied out of the portion of the contract price which the "Jurisdiction" is required to retain until completion of the improvement, but the Contractor and Surety shall not be liable to said persons, firms, or corporations unless the claims of said claimants against said portion of the contract price shall have been established as provided by law. The Contractor and Surety hereby bind themselves to the obligations and conditions set forth in Chapter 573, Code of Iowa, which by this reference is made a part hereof as though fully set out herein.

3. MAINTENANCE: The Contractor and the Surety on this Bond hereby agree, at their own expense:
 - A. To remedy any and all defects that may develop in or result from work to be performed under the Contract within the period of four (4) years from the date of acceptance of the work under the Contract, by reason of defects in workmanship or materials used in construction of said work;
 - B. To keep all work in continuous good repair; and
 - C. To pay the "Jurisdiction" reasonable costs of monitoring and inspection to assure that any defects are remedied, and to repay the "Jurisdiction" all outlay and expense incurred as a result of Contractor's and Surety's failure to remedy any defect as required by this section.

Contractor's and Surety's agreement herein made extends to defects in workmanship or materials not discovered or known to the "Jurisdiction" at the time such work was accepted.

4. GENERAL: Every Surety on this Bond shall be deemed and held bound, any contract to the contrary notwithstanding, to the following provisions:
 - A. To consent without notice to any extension of time to the Contractor in which to perform the Contract;
 - B. To consent without notice to any change in the Contract or Contract Documents, which thereby increases the total contract price and the penal sum of this bond, provided that all such changes do not, in the aggregate, involve an increase of more than twenty percent of the total contract price, and that this bond shall then be released as to such excess increase; and
 - C. To consent without notice that this Bond shall remain in full force and effect until the Contract is completed, whether completed within the specified contract period, within an extension thereof, or within a period of time after the contract period has elapsed and the liquidated damage penalty is being charged against the Contractor.
 - D. That no provision of this Bond or of any other contract shall be valid which limits to less than five years after the acceptance of the work under the Contract the right to sue on this Bond.

- E. That as used herein, the phrase "all outlay and expense" is not to be limited in any way, but shall include the actual and reasonable costs and expenses incurred by the "Jurisdiction" including interest, benefits and overhead where applicable. Accordingly, "all outlay and expense" would include but not be limited to all contract or employee expense, all equipment usage or rental, materials, testing, outside experts, attorney's fees (including overhead expenses of the "Jurisdiction's" staff attorneys), and all costs and expenses of litigation as they are incurred by the "Jurisdiction". It is intended the Contractor and Surety will defend and indemnify the "Jurisdiction" on all claims made against the "Jurisdiction" on account of Contractor's failure to perform as required in the Contract and Contract Documents, that all agreements and promises set forth in the Contract and Contract Documents, in approved change orders, and in this Bond will be fulfilled, and that the "Jurisdiction" will be fully indemnified so that it will be put into the position it would have been in had the Contract been performed in the first instance as required.

In the event the "Jurisdiction" incurs any "outlay and expense" in defending itself with respect to any claim as to which the Contractor or Surety should have provided the defense, or in the enforcement of the promises given by the Contractor in the Contract, Contract Documents, or approved change orders, or in the enforcement of the promises given by the Contractor and Surety in this Bond, the Contractor and Surety agree that they will make the "Jurisdiction" whole for all such outlay and expense, provided that the Surety's obligation under this bond shall not exceed 125% of the penal sum of this bond.

In the event that any actions or proceedings are initiated with respect to this Bond, the parties agree that the venue thereof shall be Washington County, State of Iowa. If legal action is required by the "Jurisdiction" to enforce the provisions of this Bond or to collect the monetary obligation incurring to the benefit of the "Jurisdiction", the Contractor and the Surety agree, jointly and severally, to pay the "Jurisdiction" all outlay and expense incurred therefor by the "Jurisdiction". All rights, powers, and remedies of the "Jurisdiction" hereunder shall be cumulative and not alternative and shall be in addition to Surety for any amount guaranteed hereunder whether action is brought against the Contractor or whether Contractor is joined in any such action or actions or not.

NOW THEREFORE, the condition of this obligation is such that if said Principal shall faithfully perform all the promises of the Principal, as set forth and provided in the Contract, in the Contract Documents, and in this Bond, then this obligation shall be null and void, otherwise it shall remain in full force and effect.

When a word, term, or phrase is used in this Bond, it shall be interpreted or construed first as defined in this Bond, the Contract, or the Contract Documents; second, if not defined in the Bond, Contract, or Contract Documents, it shall be interpreted or construed as defined in applicable provisions of the Iowa Code; third, if not defined in the Iowa Code, it shall be interpreted or construed according to its generally accepted meaning in the construction industry; and fourth, if it has no generally accepted meaning in the construction industry, it shall be interpreted or construed according to its common or customary usage.

Failure to specify or particularize shall not exclude terms or provisions not mentioned and shall not limit liability hereunder. The Contract and Contract Documents are hereby made a part of this Bond.

These Supplementary Conditions amend or supplement the Division 1 - General Provisions and Covenants of the SUDAS Standard Specifications and other provisions of the Contract Documents as indicated below. All provisions which are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions will have the meanings indicated in the General Provisions and Covenants. Additional terms used in the Supplementary Conditions have the meanings indicated below, which are applicable to both the singular and plural thereof.

SECTION 1010 - DEFINITIONS

Section 1.03 Definitions and Terms.

The term "Jurisdiction" as it is used throughout the contract documents shall mean "The City of Washington, Iowa". The term "Engineer" shall mean "Garden & Associates, Ltd. of Oskaloosa, Iowa".

SECTION 1020 – PROPOSAL REQUIREMENTS AND CONDITIONS

Add the following new paragraph immediately following paragraph 1.04 E:

“F. No drawings or physical testing of conditions in or relating to existing surface or subsurface structures or conditions have been utilized by the ENGINEER in the preparation of the Drawings and Specifications. It is the CONTRACTOR’s responsibility to become familiar with and satisfied as to local and site conditions that may affect cost, progress, performance and finishing of the work.”

Section 1020 - 1.08 A, Sales Tax Exemption Certificate shall apply to this project. The Jurisdiction will issue sales tax exemption certificates to contractors and subcontractors, allowing them to purchase, or withdraw from inventory, materials for the contract free from sales tax pursuant to Iowa Code Sections 423.2 and 423.45.

SECTION 1050 – CONTROL OF WORK

In Section 1050, following paragraph 1.01 D., add the following:

- “E. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor’s executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Jurisdiction, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer’s efforts will be directed toward providing for Jurisdiction a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Jurisdiction informed of the progress of the Work and will endeavor to guard Jurisdiction against defective Work.
- F. If Jurisdiction and Engineer have agreed that Engineer will furnish an authorized representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such authorized representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Section 1050 1.01 E. above. If Jurisdiction designates another representative or agent to represent Jurisdiction at the Site who is not Engineer’s consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.
- G. Neither Engineer’s authority or responsibility under this Section or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.
- H. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.
- I. The limitations upon authority and responsibility set forth in this Section 1050 1.01 E. above shall also apply to the authorized representative, if any.”

In Section 1050, following paragraph 1.05 A.2., add the following:

- “3. Number of copies of submittals required: 5.
4. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor’s obligations under the Contract Documents with respect to Contractor’s review of that submittal, and that Contractor approves the submittal.
5. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.”

In Section 1050, delete paragraph 1.05 C. in its entirety and add the following:

“C. Engineer’s Review:

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer’s review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.
2. Engineer’s review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.
3. Engineer’s review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.
4. Engineer’s review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample.
5. Engineer’s review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.
6. Neither Engineer’s receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.

7. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 1.05 C.4. above.”

RE: Old WWTP Partial Demolition
FOX Strand P.N. 2045-21A.440

Dear Mayor and City Council:

The City of Washington received bids on February 8, 2022, for the Partial WWTP Demolition project. Work related to this project will consist of the demolition of equipment, piping and structures associated with the old wastewater treatment plant. The City received one bid for the project from DeLong Construction, Inc. in the amount of \$169,250. The Engineer's opinion of probably construction cost for this project was \$175,000. The bid submitted by DeLong Construction, Inc. was \$5,750 below (3.3%) the Engineer's opinion of probably construction cost. A bid tabulation is enclosed for your reference.

FOX Strand contacted DeLong Construction, Inc. to discuss their bid and construction schedule. DeLong Construction believes their bid is reasonable and has found no errors. DeLong Construction intends to start work on the project as soon as possible following execution of the contract documents. FOX Strand has worked with DeLong Construction on previous projects and believe that they have practical knowledge of the work, and adequate equipment and personnel to deliver a successful project. Performance of the work will be backed by a 100% performance and payment bond.

The contract documents established that the contract will be awarded to the lowest responsive, responsible Bidder whose bid is in the best interest of the Project. Therefore, FOX Strand recommends that the city award the Partial WWTP Demolition project to DeLong Construction, Inc. in their total lump sum bid amount of \$169,250.

Prior to the City of Washington approving the contract, the city's insurance counsel should review the contractor's insurance certificate and performance and payment bond for conformance with the city's requirements.

The Notice of Award is attached for your use. If approved, please sign and return to FOX Strand and it will then be distributed to DeLong Construction along with the contract

documents for their signature. Once the signed documents are returned by the Contractor, we will distribute to you for final execution. Please contact us with any questions or comments regarding this recommendation.

Sincerely,
FOX Strand

MEMO

We are looking to apply for a Wellmark Foundation Grant for a new playset and surfacing at the Wellness Park. The grant is due on Wednesday February 16. We are putting together potential funding sources to put into the grant application. We are asking Council to approve \$50,000 of WCRF Municipal Grant funds. The Municipal grant funds from the Foundation have come in greater than expected and budgeted and we think this project would be a great fit for the funds.

Other funding we are proposing and hoping to get approved soon would be:

\$100,000 Wellmark Grant

\$30,000 from Hotel/Motel tax

\$10,000 Park Gift Fund

(\$10,000 -\$25,000) in fundraising and service club donations. (depending on increased costs since bids, final playground design, site prep, and contingency funds)

Total project costs are right around \$225,000 which would include structure, shipping, install and surfacing. Final designs of structure will be decided after funding is secured and then approved by City Council.

If you have any questions please let me know.

Thank you very much,

Memorandum

To: Mayor & City Council

From: Deanna McCusker

Re: The Buy Local Policy and Local Bidder Preference Policy

I would recommend that Council consider adopting this policy. It recommends that the City of Washington purchase from local businesses, as long as, the price doesn't exceed 5% of purchasing it from an out-of-town business.

It also provides Council with the ability to award a contract to a local company even if not the lowest bidder as long as it falls under the approved range.

Sincerely,
Deanna McCusker
City Administrator

THIS AGREEMENT entered into by and between the City of Washington, Iowa, an Iowa municipal corporation, 215 E. Washington Street, Washington, Iowa 52353, hereafter referred to as the "City"; and the Washington County Humane Society (d/b/a PAWS & More Animal Shelter), an Iowa nonprofit corporation, 1004 ½ W. Madison Street, Washington, Iowa 52353, hereafter referred to as "PAWS."

WHEREAS, PAWS runs a nonprofit animal shelter (the "Services") in the City of Washington whose goal is to promote the adoption of stray animals in the City and surrounding areas; and

WHEREAS, the City has heretofore used PAWS for the sheltering of stray cats and dogs and budgeted an annual amount to fund a portion of the Services provided by PAWS; and

WHEREAS, the City and PAWS wish to enter into a multi-year agreement setting the terms of these services using PAWS standard fees.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

A. **Obligations of PAWS.** As a material term of this Agreement, PAWS will provide the following Services to the City, subject to the payment provisions in Section B of this Agreement:

1. **Stray Cats.** PAWS shall retrieve as needed, and house all stray cats under the jurisdiction of the City that are brought to the animal shelter operated by PAWS, including all cats brought to the animal shelter by any employee or agent of the City. All care of the cats housed at the animal shelter shall be at the sole cost and expense of PAWS.

2. **Stray Dogs.** After the City holds any unclaimed stray dogs for a period of seven (7) days as required by the City ordinances and policies at the City's dog pound, City shall deliver said animals to PAWS at a mutually agreeable time, to be housed at the sole cost and expense of PAWS pending adopting out of the animal.

3. **Trap, Neuter and Release services.** PAWS, on an as-needed basis to be arranged with the City or as requested by the City, shall conduct a program in the City to capture cats and sterilize said animals before releasing these animals back into the community.

4. **Operation of the Shelter.** By entering into this Agreement, PAWS agrees that it will be responsible for compliance with the City's ordinances regarding the sound of barking

dogs. In the event that the City receives complaints from neighboring properties, PAWS shall correct said noise violations in a timely manner.

5. State regulations. PAWS agrees to operate the animal shelter and provide the Services to the City in strict compliance with all state laws and regulations regarding the operation of an animal shelter.

6. Reporting. PAWS agrees to provide a verbal report to the City Council at least once per year, along with written reports during the year as merited.

7. Invoices. PAWS agrees to provide an annual invoice in July of each year for the previous calendar year for the actual services performed.

8. City Official as Voting Board Member. As a term of this Agreement, PAWS agrees to designate an elected or appointed City official as a voting member of its board of directors, and to maintain a voting City representative throughout the duration of this Agreement.

9. Notification of Changes in Service Fees. PAWS agrees to notify the City by January 15 of any fee changes that are to go in effect for the following City fiscal year.

B. Obligations of the City. As material terms of this Agreement, the City will provide the following to PAWS:

1. Fees for Service. In consideration of the Services PAWS provides to the City under Section (A)(l) of this Agreement, the City shall pay fees to the shelter on the following schedule:

Dogs: Actual dogs x \$105.40/animal
- b. Fiscal Year 2024 Continuation of payment of PAWS standard rates
- c. Fiscal Year 2025 Continuation of payment of PAWS standard rates

2. Payment for stray dogs. In exchange for taking the City's stray dogs after the initial seven (7) day holding period, the City will pay to PAWS, the sum of \$105.40 per dog retrieved by PAWS from the City within 30 days of invoice of PAWS. This fee is the typical cost of humanely euthanizing a dog by the City. Notwithstanding this program, at its sole discretion and cost, the City will euthanize any stray dogs that are a danger to the public as a result of the dog's temperament or health.

3. Payment for Trap, Neuter and Release services. As payment for PAWS conducting the trap, neuter and release services described in Section (A)(3) above, the City will pay to PAWS, within 30 days of invoice to the City, the sum of \$70 per animal sterilized. This fee is the typical cost of this program per animal. This amount will not exceed \$2,000 in a fiscal year unless agreed upon in advance by the City and PAWS.

4. Voluntary donation on utility bills. At the request of a City utility customer, the City shall place a voluntary donation charge of up to five dollars (\$5) per month on that customer's bill, in possible increments of \$1, \$2 or \$5 per month, with all such collections to be paid by the City to PAWS on a monthly basis. Donations may be terminated by utility customers at anytime.

The parties hereto agree that any action, suit or proceeding based upon any matter, claim or controversy arising under this Agreement shall be brought solely in the state courts located in Washington County, Iowa or the federal courts located in Linn County, Iowa. The parties hereto hereby irrevocably waive objection to the venue of the above-mentioned courts, including any claim that such action, suit or proceeding has been brought in an inconvenient forum. 8. Modification. The terms of this Agreement may not be changed, waived, discharged or terminated orally, but only by a written document signed by the party against whom enforcement of the change, waiver, discharge or termination is sought.

9. Waiver. No waiver by the City or PAWS of any default hereunder shall operate as a waiver of any other default or of the same default on any future occasion. No delay on the part of the City or PAWS in exercising any right or remedy hereunder shall operate as a waiver thereof.
