Re: Emergency Catalyst Grant- Iowa Economic Development Authority-217 W. Main

In 2024, The City of Washington applied for a \$100,000 Emergency Catalyst Grant through the Iowa Economic Development Authority on behalf of the Santoro's property of 217 W. Main Street, resulting from the fire from a previous year. These grants are awarded to the City, as a recipient, on behalf of a property owner, who is then the sub-recipient. The scope of work for this grant is 60% completed so the City applied for reimbursement of \$60,000. This memo requests approval of this payment to be passed through to Isabella and Ed Santoro for the Emergency Catalyst Grant.

Thank you,

Kelsey

MEMORANDUM

TO: Mayor and City Council

FROM: Joe Gaa, City Administrator

DATE: January 30, 2025

SUBJECT: 1st Reading of UP Home Rezone Request

Over the past few months City staff have been working with representatives from the UP Home on a partial re-zone and subdivision of property they own north of East Adams Street. We are now ready to bring action items to the Council for consideration. The first item being brought forward is a re-zone request. The current zoning of the property is CCRC- Continuing Care Retirement Community. As the plan is to subdivide the property along E. Adams Street into 5 buildable lots, the 2.21 acres for those lots will need to be re-zoned to residential. The requested re-zoning classification is R-1, which will allow for single family residences. The remaining property owned by the UP Home will remain CCRC and undeveloped at this time.

The Planning and Zoning Commission reviewed the R-1 re-zoning request at their December meeting and voted to forward to the City Council with a "Do Pass" recommendation. Re-zoning requests must be approved by ordinance. A draft ordinance is attached for your review. A map of the proposed plat is also attached as a reference. Approval of the plat will not come forward as an action item until the re-zoning request is approved.

This item has been placed on the February 4th meeting for a first reading. If you have any questions or comments regarding this matter, feel free to contact me at your convenience.

ORDINANCE NO. 2025-

AN ORDINANCE RE-ZONING AN APPROXIMATE 2.21-ACRE PARCEL OWNED BY UNITED PRESBYTERIAN HOME OF WASHINGTON IOWA FROM CCRC CONTINUING CARE RETIREMENT COMMUNITY DISTRICT TO R-1 ONE-FAMILY RESIDENCE DISTRICT.

WHEREAS, the United Presbyterian Home of Washington, Iowa (the "Owner"), owns the property legally described as:

A part of Lot 4, in he SW ¼ of Section 16, Township 75 North, Range 7 West of the 5th P.M., City of Washington, Washington County, Iowa, as described as follows:

Commencing at the SW corner of Lot 9, Prairie Ridge Subdivision on the east line of Lot F, said point being the point of beginning; thence North 00°16'34" East, 150.11 feet; thence South 88°04'52" West, 643.80 feet to a point on the east line of Auditor Parcel R; thence, along said line, South 01°10'51" East, 150.01 feet to a point on the north line of East Adams Street; thence, along said line, North 88°04'52" East, 639.98 feet to the point of beginning (the "Property").

WHEREAS, the Owner filed a petition to change the zoning designation of the Property from CCRC – Continuing Care Retirement Community to R-1 – One-Family Resident District; and

WHEREAS, the Washington Planning and Zoning Commission has recommended the City Council approve said rezoning request for the Property as request in said petition; and

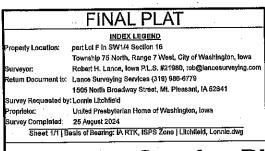

WHEREAS, a public hearing has been held on said request pursuant to published notice thereof.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Washington, Iowa:

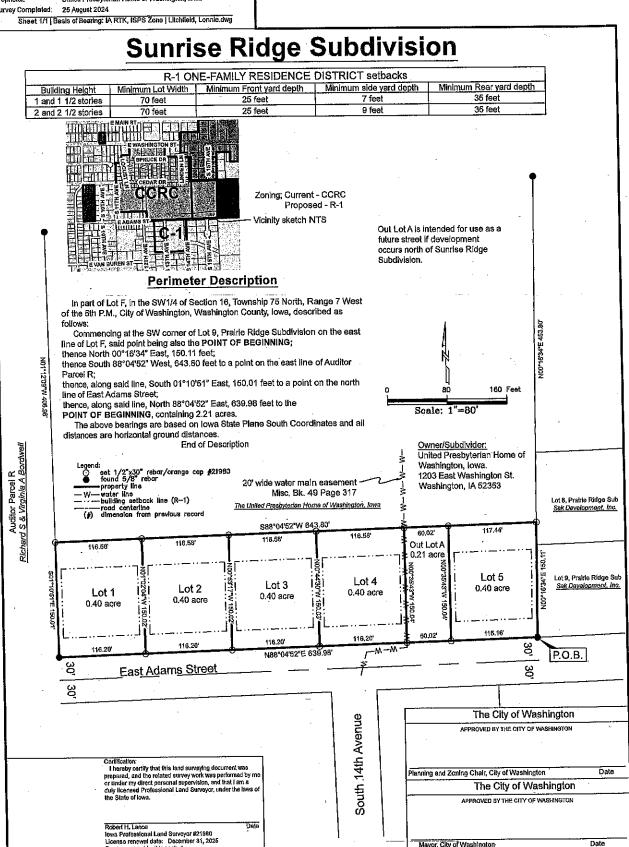

- Section 1. That the zoning map for the City of Washington is hereby amended to show the zoning designation of the Property being R-1 One-Family Residence District in place of CCRC Continuing Care Retirement Community District.
- Section 2. This ordinance shall be in full force and effect from and after its publication as by law provided.
- Section 3. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.
- Section 4. If any section, provision or part of this ordinance shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of this ordinance as a whole or any part, section, or provision thereof not adjudged invalid or unconstitutional.

SUBJECT: Resolution to Approving an Application to WCRF for Municipal Grant Funds

Each year the City has an opportunity to submit a request to the Washington County Riverboat Foundation for Municipal Grant Funds. For the past few years, the City has received an average of \$660,000/year in WCRF Municipal Funds. In preparing the FY2026 Budget proposal, certain projects have been earmarked as municipal grant projects. MEMORANDUM

TO: Mayor and City Council

FROM: Joe Gaa, City Administrator

DATE: January 29, 2025

SUBJECT: Consideration of Tabled Change Orders for Housing Rehab Program

The Housing Rehabilitation Program that is being administered by ECICOG continues to progress. On January 21st the Council considered change orders for three properties. Due to questions regarding the amounts and concerns of how they affected the budget, two of them were tabled for further review. The two table change orders were:

1027 N. 6th Ave

\$15,500

Replace siding and doors

515 W. Jefferson St. \$13,500

Install railing, soffit, and fascia; Replace gutters, and doors

I have reached out to Mark Culver from ECICOG who is administering this program for additional information. Attached you will find an updated budget as well as a narrative describing each change order. I have requested that he attend the Council meeting either virtually or in-person.

These items have been added to the February 4, 2025 Council meeting agenda. Prior to discussing these items they will need to be removed from the table. If you have any questions or comments regarding this matter, feel free to contact me at your convenience.

Joe,

With each grant we do, we try to get as much work done as possible within the budget. IFA had reached out to us in December requesting to expend as much of the funding as possible as this is funding that will go away if it is not spent. When inspections were originally done for work on the home, I try to put together a work list that can all be covered within the budget. This is done before any contractors look at the work to put prices together. Not knowing who will be submitting bids, we assume on the higher end. These were all very competitive, and with a local Washington bidder, that made a difference as well.

At 515 W Jefferson Street, the local bidder was awarded as the lowest responsible bidder, however the other bids were close to the max budget because they were traveling from Cedar Rapids. Once the bid was awarded, we had room in the budget to cover some of the other expenses that were not originally in the bidding document. We went ahead with a change order to cover those additional expenses to still be within the budget of the reimbursable expenses. This is a single elderly woman that these repairs will help with her daily life, not to mention the impact on the community.

At 1027 N 6th Avenue, we had a similar situation. This home was in complete disrepair and needed a lot of work. Originally I had the items on the change order on the original bid specs. Thinking that there would be no way to get all of that work done within the budget, they were removed. Once bids were received and a contractor was awarded, we looked into the possibility of adding those items back into the contract. This would not have been possible with other contractors that submitted bids. Due to the budget allowing for more work, we wanted to get as much done to this home as possible.

I hope this helps. Please let me know if you have any questions.

Thank you,

Mark Culver

SUBJECT: Contract Extension Requests for Housing Rehab Program

The Housing Rehabilitation Program that is being administered by ECICOG has continued to progress through what has been a relatively mild winter. Even with decent weather, the scope of work on some projects will need longer periods of good weather to complete. For that reason, two contract extension requests are being made at this time.
