City Administrator Report
March 21, 2023

Project Updates:

Country Club View Subdivision: Water mains and service lines are complete. The intersection at Nutmeg & South Ave E needs to be done yet, including the culvert and the road needs done. This will be a few weeks out since the area is sloppy due to the weather.

East Adams: Utilities are being removed and relocated. Hopefully finished by the end of March and then the sidewalks will get done.

Water Main: Again delays with getting the ductile iron pipe. If Cornerstone has enough to do East Main, this section will get done in the spring. Otherwise, the project will all be delayed until all the pipe is here. Still working on getting right of entry forms.

Buchanan Street: Punch list items have been taken care of. Bishop's driveway needs to be altered which will get done once spring is officially here. Water valves have been lowered and intakes cleaned out.

NLW: Everything done except there is still leaking in a manhole. They are investigating and looking for a resolution without having to dig into the street.

Trip Hazard Program: Sidewalks have all been inspected in quadrant 2. Letters to property owners are being drafted and will be mailed out by the end of this week, March 24.

Other updates:

We have hired 2 new employees for M/C and they will both be starting on March 27. We are in the process of hiring seasonal employees for the cemetery. Zach Wibstad is doing a trial run at the cemetery with Nick Duvall resigning. Lots of exciting things will be happening going forward. Met with the one funeral director and plan to have another meeting on ways to all be more efficient at the cemetery. Will be having a meeting with the community garden committee to work on details before coming back to city council for formal approval. Will be working on updating the CIP and have council review at a meeting in April.

I had been out from March 9th till yesterday with the birth of my new grandson.

Next week's meetings include: 2nd makerspace meeting at the library, council one on ones, phone call regarding GIS, housing initiative, Kiwanis, meeting with ICAP, department one on ones.

EMS Continues to be busy with 56 calls for service in February. There was a one structure fire in February. It was at 217 West Main Street in Washington. This was a challenging 3 story structure fire. We had help from several surrounding departments. There were two civilian injuries, and they were not life threatening. This was a large incident with coordination of several different responding agencies. Everything went well, and there were no injuries to any responders. The cause of this fire is undetermined. We also had a report of a skid loader on fire, not near any structures at 2765 Highway 1. No injuries were reported on this incident also.

February monthly training was a CPR/First Aid recertification course. This is held every year. Members obtain their renewal certification that is required. We had several members attend.

I worked on the FY24 budget requests, attended numerous department head meetings, county EMS & county fire meetings. I attended some meetings on the Brighton Fire Department issues. Washington Fire applied for a Firehouse subs foundation grant for a new LUCAS device. This is an automatic CPR machine. We are currently waiting to hear if we were successful. Full time staff continues to be busy responding to EMS & fire calls, fire inspections, rental inspections, and normal duties around the fire station.

Members decided to purchase all new structural firefighting gloves for every member of the department with the money we raised from our annual pancake day. We appreciate your support in that effort!

We are here and ready to respond.

Activity Report February 2023

Officers responded to 339 Calls for Service during February, including 55 traffic stops, 23 vehicle unlocks and 21 animal complaints.

In early February, the department conducted compliance checks as part of the I-PLEDGE Tobacco, Alternative Nicotine and Vapor Product Enforcement Program with the Iowa Alcoholic Beverage Division. For the second year in a row, all of Washington retailers were found to be in compliance during these checks.

Lt. Altenhofen, Investigator VanWilligen, Officer Brdecka and Chief Lester presented to the Leadership Washington class as part of their City and County Government Day.

Officer Aaron Kephart's last shift was February 17th, and we wish him well in his new role at the Keokuk County Sheriff's Office.

Officer Brdecka completed her Post-ILEA Field Training.

Investigator VanWilligen attended an Internet Crimes Against Children I.T. training February 27 – March 3 and Chief Lester assisted with domestic violence training at the Iowa Law Enforcement Academy on February 28th.

Respectfully submitted,

Jim Lester

This chart indicates a summary of the activity and offenses the Washington Police Department responded to during the reporting period. Some activity/offense types have been combined to simplify reporting. It should be noted an offense does not always result in an arrest. Calls for service do not always include return phone calls, assistance to other agencies and instances where officers are approached while on patrol for minor issues or requests for assistance.

MAINTENANCE & CONSTRUCTION DEPT. REPORT

2-18-23/3-3-23

STREETS: Personnel hauled snow piles away from downtown and other areas. Personnel have been straightening signs as well as switching faded signs. Personnel pothole patched using 2 tons of material. A STOP sign was replaced after a motorist struck it located at South Iowa Ave-Jackson St.

WATER DISTRIBUTION: Personnel had 10 water shut offs for nonpayments. Personnel repaired a water service replacing a curb stop located at 614 East Jefferson St. Two water tests were compiled from a contractor in the new addition by the golf course, both were negative of bacteria. Personnel installed a copper service line located at 915 North 5th Ave, no lead from water main to the house now.

SEWER COLLECTION: Personnel assisted a contractor for a sewer issue causing back-up at 925 North Marion Ave, City sewer mains were open. Personnel jetted and flushed the sewer main on East Harrison St in the 600 block.

STORM SEWER COLLECTION: Personnel unplugged storm intakes.

MECHANIC/SHOP: Personnel serviced PD 3036 (serviced), WWTP Ram (serviced), WTP Explorer (serviced), WTP F-150 (serviced), EMS (serviced), FD Eng 1 (replaced two fittings on airlines), PD 307 (checked fluids), MWRAP, #104 (replaced brake master cylinder), CAT loader (flipped cutting edge) and street sweeper (adjusted gutter broom and checked on fuel leak).

OTHER: Personnel responded to 41 One Call Locates. Personnel attended a class with Global (street sweeper). Personnel hauled numerous loads of rock back to the material storage shed.

*Please note that this report does not include every task M/C personnel performed, but shall be a highlight of our work performed as a department.

I plan to present the 2022 Annual Report to the City Council at their regular meeting scheduled for Tuesday, March 21st.

Brian VanWilligen
Investigator

While our calls for service dropped from 5,256 in 2021 to 5,118 in 2022, officer incident reports remained steady, but the number of reportable offenses jumped to 694 in 2022 from 676 in 2021. We maintained our compliance with Iowa and FBI UCR/NIBRS standards with an error rate of 4% or less each month in 2022.

Eric Kephart

Seth Adam
Police Officer

Tanner Lavelly

In addition, I'm happy to report that both Uniform Crime Report (UCR) defined violent crime and property crime offenses were down in 2022 at 25 and 176 respectively compared to 30 and 198 in 2021.

Mia Brdecka
Police Officer

In addition, officers successfully completed investigations that resulted in arrests for both weapons/shooting incidents we had in 2022.

I will provide copies of the report, additional 2022 statistics and present our 2022 Police Officer of the Year award during the presentation on March 21st.

Respectfully,

ESCUCHA MI VOZ IOWA
Fighting for Worker Justice
and Immigration Reform

March 16, 2023

Washington City Council, Mayor, and Administrators

To Washington City Officials and Staff:

This past December and January, Escucha Mi Voz, an organization with over 600 essential worker members in Washington, Johnson, Louisa, and Muscatine counties, interviewed more than 2000 farm and food workers, including 274 Washington residents.

During this process, we learned that 97% of these workers are facing structural issues at work, such as low salaries, discrimination in the workplace, and a lack of sick and vacation leave. These workers are also concerned about rising inflation and its effects on rent, food and utility bills.

Thanks to the American Rescue Plan (ARPA), Washington still has \$300,000 to address the negative economic and public health impacts of COVID-19. Permissible uses include direct aid to households, including utility bill relief programs.

We call on the city to invest Washington's remaining ARPA dollars in a Utility Relief Fund to fight high inflation, directed and administered by Escucha Mi Voz, to distribute a \$500 utility bill payment to 600 Washington families for their light, gas, water or electrical bill.

A program like this was successfully implemented in West Liberty this past fall, where payments of up to \$400 were made to 500 families in order to pay utility bills. The program was proposed by Escucha Mi Voz and administered by the Ministerial Association of West Liberty. Since its inception, more than 1,000 men, women, and children have benefited from the program.

We believe that such a program would have a similar impact here in Washington, where multiple families have already voiced the struggles of making ends meet as costs rise. We have enclosed copies of the West Liberty requirements and paperwork.

If awarded these funds, our organization will work to connect this utility relief with the workers who need it most in a timely and fair manner.

Signed,

Claire Lewandowski
Genovera Diaz
Oscar Flores

Re: Street light request

The City has been asked to consider a street light upgrade at the intersection of West Main Street and West Madison Street/Highway 1. The owner of the Hawkeye Motel is requesting that the current 80-watt light be upgraded to a 100-watt light. Maintenance and Construction Superintendent JJ Bell has reviewed the site.

Re: Demolition Permit for 221 West 2nd Street

The City received the demolition permit for the property at 221 West 2nd Street that is owned by Washington County. The building is the former jail, sheriff's office, and emergency communications center. Upon receipt of the permit, city staff reviewed and put a notice of demolition review on the building, per code. The property is located within the Downtown Historic District, which requires review by the Historic Preservation Commission and a recommendation is then made to the City Council.

The Historic Preservation Commission met March 16th and reviewed historic information related to the property and an estimated value of the property from a local real estate agent, per Code 27.05.

The Historic Preservation Commission voted to recommend the demolition permit be approved.

RESOLUTION NO. 2023-__

**A RESOLUTION APPROVING A HISTORIC PROPERTY DEMOLITION
PERMIT FOR THE BUILDING AT 221 WEST 2ND STREET**

WHEREAS, the Washington Code of Ordinances, Chapter 27.05 Demolition Review, requires review of demolition requests for certain buildings and structures by the Washington Historic Preservation Commission (the “Commission”), before a demolition permit can be granted; and

WHEREAS, D.W. Zinser Co. (Contractor hired by the Property Owner: County of Washington) applied to the City for approval to demolish the building located at 221 West 2nd Street, locally known as the former county jail and communications center; and

WHEREAS, following notification to the Commission of the demolition permit application, proper notice was posted on the property of the proposed demolition at least 14 days prior to consideration by the Commission, as directed under provisions of Chapter 27.05 of the Washington Code of Ordinances; and

WHEREAS, the Commission considered the demolition application at a meeting held March 16, 2023, and the structure within the historic district, and recommends the demolition permit be approved.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WASHINGTON, IOWA:

Section 1. Under the provisions of Chapter 27.05 of the Washington Code of Ordinances, the City Council hereby accepts the recommendation of the Washington Historic Preservation Commission and authorizes the issuance of a demolition permit for the building located at 221 West 2nd Street, Washington, Iowa.

Section 2. All Resolutions or parts of Resolutions in conflict herewith are hereby repealed, to the extent of such conflict.

PASSED AND APPROVED this 21st day of March, 2023.

Historic Preservation Commission

Washington, Iowa 52353

Dear Historic Preservation Commission;

Thank you for the opportunity to help you with a value of the old Communications/Jail building and storage shed

The tools I use to determine value is a comparative sales approach, where I search out similar properties within Washington that have sold in the recent past. No buildings are exactly the same as the subject property, but I will take into consideration age, condition and location.

Unfortunately, the buildings are in fair/poor repair, visible black matter and roof issues are just a couple issues noticed. Anytime a building sits empty with out services and maintenance issues like this happen.

The shed has visible black matter and would need to be completely gutted and a new roof installed, it could have value to some people, most would tear it down due to the age. and cost to repair

The communications/jail building is past its best use as the floor plan is poor and very cut up for today's standards, the back most likely could be used for storage It would need a new roof and be gutted inside, plumbing, mechanicals all replaced which again would not be cost effective in today's market.

In searching for comps there are none in the past 2 years that sold in Washington or Washington County in the current condition as the subject, there were 2

[Type here]

[Type here]

warehouses sold and 2 office buildings sold but all were in useable to good condition.

321 South Iowa Ave, although it didn't match the current use of the subject the condition was similar as the building was in poor condition and ultimately removed for \$39,800 before the sale of the lot which was .41 acre for \$125,000 high visibility location.

304 E Washington St vacant lot with high visibility .40 acre **\$120,000**

East 3rd St/ North 12th vacant lot .35 acre (2 parcels) \$35,000

In my opinion I would value the .40-acre lot at \$50,000 - - \$60,000 depending on best use to the owner/buyer

The current building is more of a liability as it sits with a potential cost of \$30,000 to \$45,000 remove it

Please let me know if you have any questions

8. Narrative Statement of Significance

The Washington County Jail and Sheriff's Residence appears to contribute historically and architecturally to the Washington Downtown Historic District. The tile block garage along the alley also contributes to the historic district.

Sanborn Maps from 1885 to 1943 show an older dwelling (sheriff's residence) with the jail attached to the rear. The lot to the east has a one-and-one-half-story garage built in the 1910s on it. This garage was replaced with the current tile block garage after 1943. It was built here 15-20 years prior to the construction of the new jail.

This old jail and sheriff residence did not pass inspections by the early 1960s, condemned by the county grand jurors. Thus, plans were made for a new building, with architects Power and Associates of Iowa City selected for the design. The design was for a modern building, with a jail wing on the west and the deputy sheriff's residence on the east. On November 3, 1964, a \$110,000 bond issue was voted on and passed by the county residents. Final plans were made and bids were advertised. However, the bids initially came in at a combined total of \$127,000 and were rejected. Bids were finally awarded in May 1965 for a total of \$102,688: general to H. Eugene Smith of Mt. Pleasant for \$57,111, mechanical to Carson Plumbing and Heating for \$19,979, electrical to Robert Miller for \$3,365, and jail equipment to Southern Steel of San Antonio, TX for \$22,233. On Saturday May 21, 1966, an open house was held for the new jail and deputy sheriff's residence. It was described as an attractive modern building on the exterior and a hard jail on the interior. The residence portion was noted as well decorated by the sheriff's wife ("Proposed New County Jail Building," *Washington Evening Journal*, October 27, 1964, 4?; "Supervisors reject bids on new jail," *Washington Evening Journal*, March 24, 1965, 1; "The New Jail," *Washington Evening Journal*, May 23, 1966, 4).

In 1974, the sheriff's office moved from the courthouse into this building. In 1976, the building underwent an extensive interior remodel to convert the living quarters into offices for both the sheriff and the Washington Chief of Police (Ken Bauer), along with a joint radio communications center. The police retained separate identity, paying rent to the county for the office space. The new Public Safety Center was opened in April 1976. ("Public Safety center new," *Bicentennial Edition, Evening Journal*, July 1, 1976, 17; Fisher 1978: 324). In 1977, a new radio tower and communications console were installed, and new communications equipment was installed in 1980.
