City Administrator Report
December 5, 2023

Project Update:

Water Main Project: There are about 6 services left to connect to the new main between F Ave and Casey's. Then hopefully the weather holds and we can get the sidewalks in that area formed and poured. The 2nd phase will wait till spring to complete.

Country Club Subdivision: The retention pond has now been completed with the developers purchasing the land. New houses continue to be built.

5 garbage RFPs were received yesterday for the solid waste and recycling contract. We were going to review and possibly award at the December 5th meeting, but there is a lot to review, calculate and consider so we will delay until the December 19th meeting. I let all the companies know that we will be considering this at the December 19th meeting.

I did reach out to the property owner of the land for sale and they will be drafting paperwork for council to review.

Week of November 27th: council one on one, department head one on ones, took the TIF certification forms to the courthouse, submitted the TIF urban renewal report online, met with a property owner concerning a neighboring property, had discussions with Dave on the hotel, updated the hotel development agreement, worked with Amanda, the new city clerk, worked on some updated projections on revenue from the hotel, attended the Riverboat Foundation award banquet (the Fire Department is receiving \$250,000 grant, Library foundation receiving \$85,000 for furniture and fixtures for the Makerspace project and Washington Chamber received \$14,508 for wayfinding signs that Hotel/Motel have been working on. Final tweak for the Great Places Wish List survey, sent our order to the Iowa Prison for the wayfinding signs, reached out to the company doing our new welcome signs. Answered phone calls and emails in regards to the solid waste/recycling RFP.

Week of December 4th meetings: Council one on one, webinar on asset management software, webinar concerning brownfield funding (assist with some of our problem areas), meeting concerning handicap parking issues in the downtown, and city manager lunch. City budget.

The week of December 4th will be updating the budget spreadsheet and working through re-estimated numbers. Will be developing a calendar for the budget process and reviewing the process with department heads at the December 5th department head meeting.

EXPERIENCE AND/OR ACTIVITIES WHICH YOU FEEL QUALIFY YOU FOR THIS POSITION
(PLEASE FEEL FREE TO ATTACH ADDITIONAL INFORMATION AS NEEDED)

I have been a small business owner for 12 years in Washington. I served on the board for Main Street Washington for 3 ½ yrs and then continued my volunteer work with Main Street Promotions Committee. I am passionate about the City of Washington. My previous experience to being a small business owner was Territory Sales Account Management and growing sales for store chains through promotions and product.

WHAT IS YOUR PRESENT KNOWLEDGE OF THIS ADVISORY BOARD

I understand that they meet once a month. I know that they get information regarding tourism legislation and they work on tourism projects in our area.

WHAT CONTRIBUTIONS DO YOU FEEL YOU CAN MAKE TO THIS ADVISORY BOARD? (OR STATE REASON FOR APPLYING)

My understanding of the Advisory Board is limited yet I am excited to be part of creating Washington

as a tourism destination, accentuating what Washington has to offer and creating unity with streetscape signage, storefront signage and showing our outlets within the downtown district as part of Downtown.

Elm Grove & Woodlawn Cemeteries

I am asking council to consider raising the cemetery tent rent from \$100/service to \$200 or \$250/service. This will help to pay for the labor to set up and take down the tent as well as any tent repairs.

Also, I am proposing that we set a time limit on Saturday funeral services. If the service was over and cleared out by 1:00 PM this would help control overtime expenses. We have had 11:30 AM funeral services that have not exited the premises until after 2:00 PM. This puts the employee at a full day for only 1 service.

Additionally, if we simplify the Saturday charge to a flat \$300 that would also help with overtime expenses. Current rate is at \$200 before noon and \$400 after noon. The late charge fee for Saturdays would then be changed to read:

Funeral processions that have not exited the cemetery by 1:00 PM will be charged \$150/hour until funeral procession leaves.

God Bless America

Zach Wibstad

RE: DNR VFA 2023-2024 Grant

Mayor & City Council:

We were awarded the 2023 DNR VFA grant once again this year. This is a 50% cost share grant. The funds this year will be utilized to purchase 10 new fire safe helmets for our members. Current helmets are aging, so we need to begin replacement.

This grant will give us 50% of the funds to purchase 10 helmets. The remaining funds will come from the fire department heavy equipment line item. Yearly – we try to replace a few. Since we received a grant, this will speed up our replacement process.

I am requesting approval of the attached memorandum of understanding.

FYI,
We were awarded this grant, which we also got last year. This will be used to buy 10 new fire helmets. 50% match is required, and it will come from my Heavy Equip line item.

There will need to be an action item on the 12/5 council agenda. I'll draft up a memo for it!

Thanks,
Brendan

The provisions of Iowa Code chapter 68B shall apply to this Agreement. If a conflict of interest is proven to IEDA, IEDA may terminate this Agreement pursuant to Paragraph 15 of this Agreement, and the Grantee shall be liable for any excess costs to IEDA as a result of the conflict of interest. The Grantee shall establish safeguards to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by the desire for private gain for themselves or others with whom they have family, business, or other ties. The Grantee shall report any potential, real, or apparent conflict of interest to IEDA.

33. MAINTENANCE OF INSURANCE. The Grantee shall maintain the Project property in good repair and condition, ordinary wear and tear excepted, and shall not suffer or commit waste or damage upon the Project property. If the Grantee is not the owner of

The Grantee or owner of the Project property shall pay for and maintain insurance as is customary for similar projects. This insurance shall be in an amount not less than the full insurable value of the Project property. The Grantee or the owner of the Project property shall name the Authority and the Grantee, if the Grantee is not the owner of the Project property, as mortgagees and/or an additional loss payee(s). If the Grantee is not the owner of the Project property, the owner of the Project property shall provide the Grantee with a copy of each and every insurance policy in effect. The Grantee shall maintain a copy of each and every insurance policy in effect and shall provide copies to the Authority upon request.

34. DEVELOPMENT CONTRACT AGREEMENT. Grantee shall provide IEDA with a copy of the Development Agreement between the owner of the Project property and the entity that will deconstruct, redevelop, or rehabilitate the community catalyst that is the subject of the Project. Grantee shall notify IEDA immediately if the Development Agreement is assigned and shall provide IEDA with a copy of the assignment.

35. IMMUNITY FROM LIABILITY. Every person who is a party to the Agreement is hereby notified and agrees that the State, IEDA, and all of their employees, agents, successors, and assigns are immune from liability and suit for or from Grantee's, Project property owners' and/or contractors or subcontractors' activities involving third parties and arising from the Agreement. Pursuant to Iowa Code chapter 669, IEDA and the State of Iowa are self-insured against all risks and hazards related to this Agreement. No separate fund has been established to provide self-insurance, and the State of Iowa is not obligated to establish any such fund during the term of this Agreement.

36. NONAGENCY. The Grantee, the Project property owner(s), its or their employees, agents and any subcontractors performing under this Agreement are not employees or agents of the State or any agency, division or department of the State simply by virtue of work performed pursuant to this Agreement. Neither the Grantee nor the Project property owner's employees shall be considered employees of IEDA or the State for federal or state tax purposes simply by virtue of work performed pursuant to this Agreement.

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE CODE OF ORDINANCES OF THE CITY OF WASHINGTON, IOWA, INCORPORATING A NEW CHAPTER REGARDING CROSS CONNECTION CONTROLS.

WHEREAS, in order to protect the City's potable water supply, the City Council of the City of Washington has heretofore deemed it necessary and desirable to implement a cross connection control ordinance; and

WHEREAS, the City administration with the assistance of the Iowa Rural Water Association has drafted a proposed cross connection control ordinance that now requires passage by the Washington City Council.

NOW, THEREFORE, BE IT ORDAINED, as follows:

1. Amendment. The Code of Ordinances of the City of Washington, Iowa, is hereby amended to add and incorporate a new chapter entitled "Cross Connection Control" to its code of ordinances, which reads as follows:

"CROSS CONNECTION CONTROL.

Section 1. Definitions. When used in this chapter, the following terms shall have the following meanings:

1. "Approved Backflow Prevention Assembly for Containment" means an assembly that has been approved by the University of Southern California Foundation for Cross Connection Control and Hydraulic Research (USC) and meets AWWA standard C511-89 for Reduced Pressure Assemblies and ANSI/AWWA Standard C510-17 (R21) for Double Check Assemblies.
2. "Backflow" means the undesirable reverse of flow of water contaminants or pollutants into the public water drinking supply as a result of a cross-connection. Backflow may occur through backpressure or backsiphonage.
3. "Backpressure" means Backflow caused by water pressure in a facility that is higher than the pressure of the public drinking water supply. This may be caused by pumps, boilers, gravity or other sources of pressure.
4. "Backsiphonage" means the reverse flow of used, contaminated, or polluted water from a plumbing fixture or device into the public drinking water due to reduced pressure. This can be caused by firefighting, water main breaks or repairs.

18. "Water Service" means the physical connection between a public water system and the Customer's building, property or private water system or the act of providing potable water to a Customer.

Section 2. Responsibility for Administration. The Superintendent shall administer, implement and enforce the provisions of this chapter. Any powers granted or duties imposed upon the Superintendent may be delegated by the Superintendent to persons or entities acting in the beneficial interest or employ of the City.

Section 3. Right of Entry. Upon proper identification presented by the Superintendent or his/her designee or upon the granting of a search warrant by a court of competent jurisdiction, the Superintendent shall be permitted access to a Customer's building or property for the purposes of inspection and to ensure compliance with this chapter.

Section 4. New water services. Prior to connection of any new water service, the Customer or Customer's agent shall submit plans for a new water service to the Superintendent for review. The Superintendent shall determine the type of backflow prevention assembly required for containment based upon the Degree of Hazard. The Superintendent shall require the installation of the appropriate backflow prevention assembly for Containment prior to the initiation of water service. All new service lines are subject to the requirements of the plumbing code pertaining to backflow prevention.

Section 5. Cross Connections prohibited. All Cross Connections from any well or other source of water to any piping systems connected to the Distribution System are prohibited.

Section 6. Customer responsibility. Each Customer shall be responsible that no Cross Connections exist on the Customer's property or premises unless an approved backflow prevention device has been installed and maintained by the Customer.

Section 7. Backflow Devices required. Backflow prevention devices at the entrance to the water service system are required for the following:

- a. In the case of a potential of a Cross Connection where a hazardous condition exists;
- b. All new commercial or industrial, or newly remodeled commercial or industrial buildings;
- c. All multi-tenant residential properties; and
- d. Permanently installed lawn irrigation devices; and
- e. Any case where the Superintendent believes that the Degree of Hazard warrants the installation of a backflow prevention device.

Section 13. Annual Inspection Required. The Customer which has an approved backflow prevention device installed on the Customer's property or premises shall have each backflow prevention device tested annually by a backflow prevention assembly technician registered with the Iowa Department of Public Health. Proof of said annual test shall be submitted no later than July 1st of each year (the "Annual Backflow Test Date"). The Customer shall show compliance with this Annual Inspection Requirement by submitting a report of each test to the Superintendent by the Annual Backflow Test Date. The Customer shall promptly, but no later than 30 days after being notified of a malfunctioning backflow prevention device, repair and/or replace said malfunctioning backflow prevention device.

Section 14. Disconnection from Water Service Pipe authorized. In addition to the remedies expressed elsewhere in this chapter, the City may, disconnect the Customer from the City's water distribution system for violation of this chapter.

2. Repealer. All ordinances or parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed.

3. Adjudication. If any section, provision, or part of this ordinance shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

4. Effective Date. This Ordinance shall be in effect after its final passage, approval and publication as provided by law.

Re: Additional Information Related to the Hotel Development Agreement

The City has entered into development agreements and used TIF as the economic development tool with Commercial Businesses in the past: Wiley/Dollar Tree, Marshall's, IRE, Bazooka. These agreements were for things to assist the business with a new building, expansions, infrastructure, etc.

For Wiley/Dollar Tree, it was to run the sidewalk out along Hwy 92 and infrastructure. The contingency was that Dollar Tree had to be built then the City would reimburse the utility costs. \$55,000

For IRE, it was to assist with a stormwater retention area for the business. The City reimbursed \$100,000 to IRE for this project.

Additionally, the City has entered into development agreements with housing developments, including Briarwood. The Briarwood project cost \$1,400,000 and the City is rebating back 100% of the incremental taxes not to exceed \$336,000 over 15 years. This reimbursement equals 24% of the total project.

The City also entered into a development agreement with Oakwood subdivision. The annual reimbursement is 64% of the tax increment up to \$450,000 over 10 years. The project was \$2,400,000. This reimbursement equates 19% of the total project.

Development agreement with Bazooka for their building expansion. \$200,000. The project was \$1,500,000. So 13% of the project.

The hotel project is an estimated \$8,500,000 project. The development agreement is written to provide a rebate back to the developers in the amount not to exceed \$1,500,000

"One of the 100 Best Small Towns in America"

over 10 years or whichever comes first. This means that the Washington Hotel Group will pay their taxes like normal and then in June we will rebate the TIF taxes on the increment. This rebate **equals 18% of the total project**. With this project the City is **not** upfronting any of the project expenses, like many of the housing projects have been. So the property owners will pay their taxes to the County just like every other property owner. Once the city receives our portion, which is increased if it is in a TIF district, then the City will rebate part of it back to the property owners. So the City takes the taxes received on this property and rebates it back to the property owners. No other property owners taxes are given to the Developers of the hotel. They will only receive taxes back that they have already paid!!!

TIF or Tax Increment Financing is an economic tool that cities use to provide incentives to businesses to attract them to your community. Cities all over the state use this tool. North Liberty has used TIF to attract new businesses to their community.

Other Benefits from a Hotel:

Increase in Hotel/Motel tax revenue.

As an estimate based on the occupancy from the hotel study:

Year 1:

The hotel is to have 54 rooms at \$120 a night. If you calculate 32 rooms for 365 days with a room rate of \$120 x 7% (hotel/motel tax). That equates to \$98,112. 50% is to be provided to Hotel/Motel Tax Committee to be used for tourism. Other 50% is to be used as the City Council sees fit. **City portion \$49,056.**

Year 5:

The hotel is to have 54 rooms at \$120 a night. If you calculate 37 rooms for 365 days with a room rate of \$120 x 7% (hotel/motel tax). That equates to \$113,442. 50% is to be provided to Hotel/Motel Tax Committee to be used for tourism. The other 50% to be used as the City Council sees fit would equal **\$56,721.**

Increase in Local Option Sales Tax (LOST)

As an estimate based on the occupancy from the hotel study:

Year 1:

Estimate of revenue is 32 rooms for 365 days with a room rate of \$120 x 1% (LOST). That equates to \$14,016.

"One of the 100 Best Small Towns in America"

Year 5:

Estimate of revenue is 37 rooms for 365 days with a room rate of \$120 x 1% (LOST). That equates to \$16,206.

** This estimate of Local Option Sales Tax is only for the hotel rooms. There will be additional impact to Local Option Sales Tax as visitors spend money at restaurants and shops.

Year 1:

Estimate of Hotel/Motel tax increase (City 50%)	\$49,056
Estimate of Local Option Sales Tax (LOST)	\$14,016
TOTAL ESTIMATE OF INCREASE REVENUE	\$63,072

Year 5:

Estimate of Hotel/Motel tax increase (City 50%)	\$56,721
Estimate of Local Option Sales Tax (LOST)	\$16,206
TOTAL ESTIMATE OF INCREASE REVENUE	\$72,927

If the hotel does not get built, the City will not see these estimated increases to Hotel/Motel tax or Local Option Sales Tax (LOST). The City will also not see an estimated increase in tax revenue after the 10 years of TIF rebates.

Example of Another Cobblestone Project that used TIF as a Incentive:

City of Sheldon:

\$3,496,000 project

City offered \$409,420 rebate over 10 years

Re: Hotel Development Agreement

I have made changes to the development agreement that has been discussed. DW Developments must own the hotel until 2036 (under 7.1). There is a clause under 10.2 (D) is states that if they default they have to pay back the city the amount to date that has been given.

Council will need to decide if we are going to rebate 100% back annually or the \$150,000 since it will need to be stated in the agreement.

It is important for the City and community that this hotel project continues. The city will see an increase to our Hotel/Motel tax and Local Option Sales Tax and after 10 years we will receive an estimate of \$80,000 annually.

I would recommend that you approve the hotel agreement.

RESOLUTION NO. _____

RESOLUTION APPROVING AND AUTHORIZING
EXECUTION OF A DEVELOPMENT AGREEMENT BY AND
BETWEEN THE CITY OF WASHINGTON AND
WASHINGTON HOTEL GROUP, LLC

WHEREAS, by Resolution No. 2023-052, adopted June 20, 2023, this Council found and determined that certain areas located within the City are eligible and should be designated as an urban renewal area under Iowa law, and approved and adopted the Washington East Commercial Urban Renewal Plan (the "Urban Renewal Plan" or "Plan") for the Washington East Commercial Urban Renewal Area (the "Urban Renewal Area" or "Area") described therein, which Plan is on file in the office of the Recorder of Washington County; and

WHEREAS, it is desirable that properties within the Area be redeveloped as part of the overall redevelopment area covered by said Plan; and

WHEREAS, the City has received a proposal from Washington Hotel Group, LLC (the "Developer"), in the form of a proposed Development Agreement (the "Agreement") by and between the City and the Developer, pursuant to which, among other things, the Developer would agree to construct certain Minimum Improvements (as defined in the Agreement) on certain real property located within the Urban Renewal Area as defined and legally described in the Agreement (the "Development Property") and consisting of the construction of an approximately 30,000 square foot, 54-room hotel that includes a pool, together with all related site improvements, as outlined in the proposed Agreement; and

WHEREAS, the Agreement further proposes that the City will make up to ten (10) consecutive annual payments of Economic Development Grants to Developer consisting of 100% of the Tax Increments collected pursuant to Section 403.19, Code of Iowa, and generated by the construction of the Minimum Improvements, the cumulative total for all such payments not to exceed the lesser of \$1,800,000, or the amount accrued under the formula outlined in the proposed Agreement, under the terms and following satisfaction of the conditions set forth in the Agreement; and

WHEREAS, one of the obligations of the Developer relates to employment retention and/or creation; and

WHEREAS, Chapters 15A and 403, Code of Iowa, authorize cities to make grants for economic development in furtherance of the objectives of an urban renewal project and to appropriate such funds and make such expenditures as may be necessary to carry out the purposes of said Chapters, and to levy taxes and assessments for such purposes; and

WHEREAS, the Council has determined that the Agreement is in the best interests of the City and the residents thereof and that the performance by the City of its obligations thereunder is a public undertaking and purpose and in furtherance of the Plan and the Urban Renewal Law and, further, that the Agreement and the City's performance thereunder is in furtherance of appropriate economic development activities and objectives of the City within the meaning of Chapters 15A

and 403, Code of Iowa, taking into account any or all of the factors set forth in Chapter 15A, Code of Iowa, to wit:

- a. Businesses that add diversity to or generate new opportunities for the Iowa economy should be favored over those that do not.
- b. Development policies in the dispensing of the funds should attract, retain, or expand businesses that produce exports or import substitutes, or which generate tourism-related activities.
- c. Development policies in the dispensing or use of the funds should be targeted toward businesses that generate public gains and benefits, which gains and benefits are warranted in comparison to the amount of the funds dispensed.
- d. Development policies in dispensing the funds should not be used to attract a business presently located within the state to relocate to another portion of the state unless the business is considering in good faith to relocate outside the state or unless the relocation is related to an expansion which will generate significant new job creation. Jobs created as a result of other jobs in similar Iowa businesses being displaced shall not be considered direct jobs for the purpose of dispensing funds; and

WHEREAS, pursuant to notice published as required by law, this Council has held a public meeting and hearing upon the proposal to approve and authorize execution of the Agreement and has considered the extent of objections received from residents or property owners as to said proposed Agreement; and, accordingly the following action is now considered to be in the best interests of the City and residents thereof.

NOW THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF WASHINGTON IN THE STATE OF IOWA:

Section 1. That the performance by the City of its obligations under the Agreement, including but not limited to making of grants to the Developer in connection with the development of the Development Property under the terms set forth in the Agreement, be and is hereby declared to be a public undertaking and purpose and in furtherance of the Plan and the Urban Renewal Law and, further, that the Agreement and the City's performance thereunder is in furtherance of appropriate economic development activities and objectives of the City within the meaning of Chapters 15A and 403, Code of Iowa, taking into account the factors set forth therein.

Section 2. Developer is not currently aware of any State or federal claim filed or planned to be filed by any party relating to any violation of any local, State, or federal environmental law, regulation, or review procedure applicable to the Development Property and/or Minimum Improvements, and Developer is not currently aware of any violation of any local, State, or federal environmental law, regulation, or review procedure which would give any person a valid claim under any State or federal environmental statute with respect thereto.

ARTICLE III. CONSTRUCTION OF MINIMUM IMPROVEMENTS

Section 3.1. Construction of Minimum Improvements.

a. Developer agrees that it will cause the Minimum Improvements to be constructed in conformance with the terms of this Agreement and all applicable federal, State, and local laws, ordinances, and regulations, including any City permit and/or building requirements. All work with respect to the Minimum Improvements shall be in conformity with any plans approved and/or permits issued by the building official(s) of City, which approvals and permits shall be made according to standard City processes for such plans and permits.

b. Developer agrees that, subject to Unavoidable Delays, the Minimum Improvements shall be completed by the date set forth in Section 2.2(i). Time lost as a result of Unavoidable Delays shall be added to extend this date by a number of days equal to the number of days lost as a result of Unavoidable Delays. For purposes of this Agreement, the Minimum Improvements shall be deemed "complete" or "completed" upon Developer's receipt of a final certificate of occupancy for the Minimum Improvements.

c. Developer agrees that the scope and scale of the Minimum Improvements to be constructed shall not be significantly less than the scope and scale as detailed and outlined in this Agreement, including but not limited to the description and depictions in Exhibit B attached hereto.

The site plans submitted to the building official of City for the Development Property shall be adequate to serve as the Construction Plans, if such site plans are approved by the building official.

Approval of the Construction Plans by City shall not relieve any obligation to comply with the terms and provisions of this Agreement, or the provision of applicable federal, State and local laws, ordinances and regulations, nor shall approval of the Construction Plans by City be deemed to constitute a waiver of any Event of Default.

Approval of Construction Plans hereunder is solely for purposes of this Agreement, and shall not constitute approval for any other City purpose nor subject City to any liability for the Minimum Improvements as constructed.

Section 3.3. Certificate of Completion. Upon written request of Developer, after issuance of a final certificate of occupancy for the Minimum Improvements, the City will furnish Developer with a Certificate of Completion in recordable form, in substantially the form set forth in Exhibit E attached hereto. The Certificate of Completion may be recorded in the proper office for the recordation of deeds and other instruments pertaining to the Development Property at Developer's sole expense. If City shall refuse or fail to provide a Certificate of Completion in accordance with the provisions of this Section 3.3, City shall, within twenty (20) days after written request by Developer provide a written statement indicating in adequate detail in what respects Developer has failed to complete the Minimum Improvements in accordance with the provisions of this Agreement, or is otherwise in default under the terms of this Agreement, and what measures or acts it will be necessary, in the reasonable opinion of City, for Developer to take or perform in order to obtain such Certificate of Completion. Developer and its successors agree that prior to the Termination Date:

a. They will not seek administrative review or judicial review of the applicability or constitutionality of any tax statute relating to the taxation of real property contained on the Development Property determined by any tax official to be applicable to the Development Property or Minimum Improvements, or raise the inapplicability or constitutionality of any such tax statute as a defense in any proceedings, including delinquent tax proceedings; and

b. They will not seek any tax exemption, deferral, or abatement either presently or prospectively authorized under any State, federal, or local law with respect to taxation of real property contained on the Development Property between the Effective Date and the Termination Date.

a. Developer will provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements (and, from time to time at the request of the City, furnish the City with proof of payment of premiums on):

i. Builder's risk insurance, written on the so-called "Builder's Risk-Completed Value Basis," in an amount equal to one hundred percent (100%) of the insurable value of the Minimum Improvements at the date of completion, and with coverage available in non-reporting form on the so-called "all risk" form of policy.

ii. Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations, and contractual liability insurance) with limits against bodily injury and property damage of at least \$1,000,000 for each occurrence. The City shall be named as an additional insured for the City's liability or loss arising out of or in any way associated with the project and arising out of any act, error, or omission of Developer, its directors, officers, shareholders, contractors, and subcontractors or anyone else for whose acts the City may be held responsible (with coverage to the City at least as broad as that which is provided to Developer and not lessened or avoided by endorsement). The policy shall contain a "severability of interests" clause and provide primary insurance over any other insurance maintained by the City.

b. Upon completion of construction of the Minimum Improvements and at all times prior to the Termination Date, Developer shall maintain or cause to be maintained, at its cost and expense (and from time to time at the request of the City shall furnish proof of the payment of premiums on), insurance as follows:

i. Insurance against loss and/or damage to the Minimum Improvements under a policy of policies covering such risks as are ordinarily insured against by similar businesses, including (without limiting the generality of the foregoing) fire, extended coverage, vandalism and malicious mischief, explosion, water damage, demolition cost, debris removal, and collapse in an amount not less than the full insurable replacement value of the Minimum Improvements, but any such policy may have a deductible amount of not more than \$50,000 or self-insurance up to not more than \$1,000,000. No policy of insurance shall be so written that the proceeds thereof will produce less than the minimum coverage required by the preceding sentence, by reason of co-insurance provisions or otherwise, without the prior consent thereto in writing by the City. The term "full insurable replacement value" shall mean the actual replacement cost of the Minimum Improvements (excluding foundation and excavation costs and costs of underground flues, pipes, drains, and other uninsurable items) and equipment, and shall be determined from time to time at the request of the City, but not more frequently than once every three years, by an insurance consultant or insurer selected and paid for by Developer, and approved by the City.

ii. Comprehensive general public liability insurance, including personal injury liability for injuries to persons and/or property, including any injuries resulting from the operation of automobiles or other motorized vehicles on or about the Development Property, in the minimum amount of each occurrence and for each year of \$1,000,000.

iii. Such other insurance, including workers' compensation insurance respecting all employees of Developer on the Development Property, in such amount as is customarily carried

by like organizations engaged in like activities of comparable size and liability exposure; provided that Developer may be self-insured with respect to all or any part of its liability for workers' compensation.

c. All insurance required by this Article V to be provided prior to the Termination Date shall be taken out and maintained in responsible insurance companies selected by Developer which is authorized under the laws of the State to assume the risks covered thereby. Developer will deposit annually with the City copies of policies evidencing all such insurance, or a certificate or certificates or binders of the respective insurers stating that such insurance is in force and effect. Unless otherwise provided in this Article V, each policy shall contain a provision that the insurer shall not cancel or modify it without giving written notice to Developer and the City at least thirty (30) days before the cancellation or modification becomes effective. Not less than fifteen (15) days prior to the expiration of any policy, Developer shall furnish the City evidence satisfactory to the City that the policy has been renewed or replaced by another policy conforming to the provisions of this Article V, or that there is no necessity therefor under the terms hereof. In lieu of separate policies, Developer may maintain a single policy, or blanket or umbrella policies, or a combination thereof, which provide the total coverage required herein, in which event Developer shall deposit with the City a certificate or certificates of the respective insurers as to the amount of coverage in force upon the Minimum Improvements.

d. Developer agrees to notify the City immediately in the case of damage exceeding \$25,000 in amount to, or destruction of, the Minimum Improvements or any portion thereof resulting from fire or other casualty. Net Proceeds of any such insurance shall be paid directly to Developer will forthwith repair, reconstruct, and restore the Minimum Improvements to substantially the same or an improved condition or value as they existed prior to the event causing such damage and, to the extent necessary to accomplish such repair, reconstruction and restoration, Developer will apply the Net Proceeds to any insurance relating to such damage received by Developer to the payment or reimbursement of the costs thereof.

e. Developer shall complete the repair, reconstruction, and restoration of the Minimum Improvements, whether or not the Net Proceeds of insurance received by Developer for such purposes are sufficient.

ARTICLE VI. FURTHER COVENANTS OF DEVELOPER

Developer shall keep at all times proper books of record and account in which full, true, and correct entries will be made of all dealings and transactions of or in relation to the business and affairs of Developer relating to this Project in accordance with generally accepted accounting principles, consistently applied throughout the period involved, and Developer will provide reasonable protection against loss or damage to such books of record and account.

Section 6.3. Compliance with Laws. Developer shall comply with all State, federal, and local laws, rules, and regulations relating to the Minimum Improvements, Development Property, and Project.

Section 6.4. Non-Discrimination. Developer shall ensure that applicants, employees, and tenants are considered and are treated without regard to their age, color, creed, national origin, race, religion, marital status, sex, physical disability, or familial status.

Section 6.5. Available Information. Upon written request from City, Developer shall promptly provide City with copies of information requested by City that are reasonably related to this Agreement so that City can determine Developer's compliance with the Agreement.

Section 6.6. Operation of Minimum Improvements. Following an issuance of a final certificate of occupancy for the Minimum Improvements until the Termination Date, but by no later than December 31, 2024, Developer shall cause the Minimum Improvements to be operated as a hotel which employs at least a Monthly Average of eight (8) Full-Time Equivalent Employees to work at the Development Property. Developer's Annual Certifications shall show that a Monthly Average of at least eight (8) Full-Time Equivalent Employees has been maintained at the Development Property (prorated for the first Annual Certification).

"Monthly Average" means the average number of Full-Time Equivalent Employees employed as of October 1 of each year and as of the first day of each of the preceding eleven (11) months (prorated for the first certification), as shown in Developer's Annual Certification in Section 6.7. Developer shall not receive any Economic Development Grants if the Monthly Average of Full-Time Equivalent Employees employed at the Minimum Improvements does not meet the requirements of this Section 6.6. Developer shall provide information as requested by the City to determine compliance with the foregoing employment obligations.

Section 6.7 Annual Certification. To assist City in monitoring the Agreement and performance of Developer hereunder, a duly authorized officer of Developer shall annually provide to City: (i) proof that all ad valorem taxes on the Development Property and Minimum Improvements have been paid for the prior fiscal year and for the current fiscal year as of the date of certification (if due and payable); (ii) the date of the first full assessment of the Minimum Improvements and the assessed value; (iii) certification of the number of Full-Time Equivalent Employees employed in hotel operations on the Development Property as of October 1 and as of the first day of each of the preceding eleven (11) months; and (iv) certification that such officer has re-examined the terms and provisions of this Agreement and that at the date of such certification, and during the preceding twelve (12) months, Developer is not, and was not, in default in the fulfillment of any of the terms and conditions of this Agreement and that no Event of Default (or event which, with the lapse of time or the giving of notice, or both, would become an Event of Default) is occurring or has occurred as of the date of such certification or during such period, or if such officer is aware of any such default, event or Event of Default, said officer shall disclose in such statement the nature thereof, its period of existence and what action, if any, has been taken or is proposed to be taken with respect thereto.

information for its Annual Certifications upon reasonable written request of City. See Exhibit D for form required for Developer's Annual Certification.

By signing this Agreement, Developer hereby guarantees to City performance by Developer of all the terms and provisions of this Agreement pertaining to Developer's obligations with respect to the construction of the Minimum Improvements. Without limiting the generality of the foregoing, Developer guarantees that: (a) construction of the Minimum Improvements shall commence and be completed within the time limits set forth herein; (b) the Minimum Improvements shall be constructed and completed in accordance with the Construction Plans; (c) the Minimum Improvements shall be constructed and completed free and clear of any mechanic's liens, materialman's liens and equitable liens; and (d) all costs of constructing the Minimum Improvements shall be paid when due.

ARTICLE VII. PROHIBITION AGAINST ASSIGNMENT AND TRANSFER

Section 7.1. Status of Developer; Transfer of Substantially All Assets; Assignment.

a. As security for the obligations of Developer under this Agreement, Developer represents and agrees that, prior to the Termination Date, it will maintain existence as a company and will not wind up or otherwise dispose of all or substantially all of its assets or transfer, convey, or assign its interests in the Development Property, Minimum Improvements, or this Agreement to any other party unless: (i) the transferee partnership, corporation, limited liability company, or individual assumes in writing all of the obligations of Developer under this Agreement; and (ii) the City consents thereto in writing in advance thereof, which consent shall not be unreasonably withheld.

b. In the event that Developer wishes to assign this Agreement, Developer and the transferee individual or entity shall request that the City consent to an amendment or assignment of this Agreement to accommodate the transfer and to provide for the assumption of all Developer's obligations, as applicable, under this Agreement. Such transfer shall not be effective unless and until the City consents in writing to an amendment or assignment of this Agreement authorizing the transfer, which consent shall be given or withheld in the sole discretion of the City.

Section 7.2. Prohibition Against Use as Non-Taxable or Centrally Assessed Property. During the term of this Agreement, the Developer, and its successors or assigns, agrees that the Development Property cannot be transferred or sold to a non-profit entity or used for a purpose that would exempt the Development Property or Minimum Improvements from property tax liability. Nor can the Development Property or Minimum Improvements be used as centrally assessed property (including but not limited to, Iowa Code §§ 428.24 to 428.29 (Public Utility Plants and Related Personal Property); Chapter 433 (Telegraph and Telephone Company Property); Chapter 434 (Railway Property); Chapter 437 (Electric Transmission Lines); Chapter 437A (Property Used in the Production, Generation, Transmission or Delivery of Electricity or Natural Gas); and Chapter 438 (Pipeline Property)).

ARTICLE VIII. ECONOMIC DEVELOPMENT GRANTS

Section 8.1. Payment of Economic Development Grants.

a. For and in consideration of the obligations being assumed by Developer hereunder, and in furtherance of the goals and objectives of Iowa Code Chapter 403, the City agrees, subject to Developer being and remaining in compliance with the terms of this Agreement at the time of payment, and subject to the terms and conditions of this Article VIII, to make up to ten (10) consecutive annual payments of Economic Development Grants to the Developer under the following terms and conditions.

i. Schedule of Grants. Assuming completion of the Minimum Improvements by December 31, 2024, first full assessment of the Minimum Improvements on January 1, 2025, and the City's debt certification to the County Auditor prior to December 1, 2025, the Economic Development Grants shall commence on June 1, 2027, and end on June 1, 2036, pursuant to Section 403.19 of the Urban Renewal Act under the following formula and schedule:

June 1, 2027	100% of Tax Increments for Fiscal Year 26-27
June 1, 2028	100% of Tax Increments for Fiscal Year 27-28
June 1, 2029	100% of Tax Increments for Fiscal Year 28-29
June 1, 2030	100% of Tax Increments for Fiscal Year 29-30
June 1, 2031	100% of Tax Increments for Fiscal Year 30-31
June 1, 2032	100% of Tax Increments for Fiscal Year 31-32
June 1, 2033	100% of Tax Increments for Fiscal Year 32-33
June 1, 2034	100% of Tax Increments for Fiscal Year 33-34
June 1, 2035	100% of Tax Increments for Fiscal Year 34-35
June 1, 2036	100% of Tax Increments for Fiscal Year 35-36

ii. Maximum Amount of Grants. The aggregate amount of the Economic Development Grants that may be paid to the Developer under Section 8.1(a) of this Agreement shall be equal to the sum of the total amount of the applicable percentages of Tax Increments collected in respect of the assessments imposed on the Minimum Improvements (building value only), but in no event shall the aggregate amount of the Economic Development Grants exceed One Million Five Hundred Thousand Dollars (\$1,500,000). It is further agreed and understood that in no event shall Developer be entitled to receive more than calculated under the formula set forth in this Section 8.1(a), even if the aggregate amount is less than maximum amount stated herein.

iii. Limitations. The Economic Development Grants are only derived from the increase in assessed value of the Minimum Improvements and Development Property (land and building value) caused by the completion of the Minimum Improvements described in this Agreement and not any expansions or improvements not included within the definition of the Minimum Improvements which, to be eligible for Economic Development Grants, would be the subject of an amendment or new agreement, at the sole discretion of the City Council.

b. Calculation of Grants. Each annual payment shall be equal in amount to the incremental property tax revenues attributable to Development Property that are received by the City from the Washington County Treasurer and that are equal to the above percentages of the Tax Increments collected by the City with respect to the Minimum Improvements (building value only) under the terms of the Ordinance and deposited into the Washington Hotel Group, LLC TIF Account (without regard to any averaging that may otherwise be utilized under Section 403.19 and excluding any interest that may accrue thereon prior to payment to Developer) during the preceding twelve-month period in respect of the

Development Property, but subject to limitation and adjustment as provided in this Article (such payments being referred to collectively as the "Economic Development Grants").

Section 8.2. Payment Schedule. After the Minimum Improvements are first fully assessed and if in compliance with this Agreement, if the Developer's Annual Certification is timely filed under Section 6.7, the City shall certify to the County Auditor prior to December 1 of that year its request for the available Tax Increments resulting from the assessments imposed by the County as of January 1 of that year, to be collected by the County and paid to the City as taxes are paid during the following fiscal year and a percentage of which shall thereafter be disbursed to Developer on the following June 1 provided Developer is in compliance with this Agreement at the time of payment. (Example: Assuming completion of the Minimum Improvements in 2024 and first full assessment on January 1, 2025, if Developer timely submits its Annual Certification in October 2025, and the City certifies to the County by December 1, 2025, the first Economic Development Grant would be paid to Developer on June 1, 2027 (for 100% of the Tax Increment for Fiscal Year 2026-2027)).

Section 8.3. Conditions Precedent.

a. Notwithstanding the provisions of Section 8.1 above, the obligation of the City to make an Economic Development Grant in any year shall be subject to and conditioned upon the following:

- i. Developer's completion of the Minimum Improvements, pursuant to the terms of this Agreement, and issuance of a certificate of occupancy for the Minimum Improvements;
- ii. The Developer being and remaining in compliance with the terms of this Agreement at the time of payment; and
- iii. No Event of Default has occurred and is continuing.

b. In the event that an Event of Default has occurred and has not been cured or cannot reasonably be cured before the payment of the Grant, then the City shall have no obligation to make the Grant payment, in addition to having the remedies set forth in Section 10.2.

c. Under no circumstances shall the failure by Developer to qualify for an Economic Development Grant in any year serve to extend the term of this Agreement beyond the Termination Date or the years during which Economic Development Grants may be awarded to Developer or the total amount thereof, it being the intent of parties hereto to provide Developer with an opportunity to receive Economic Development Grants only if Developer fully complies with the provisions hereof and the Developer becomes entitled thereto, up to the maximum aggregate amounts set forth in Section 8.1(a)(ii).

Section 8.4. Source of Grant Funds Limited.

a. The Economic Development Grants shall be payable from and secured solely and only by amounts of incremental property tax revenues attributable to the Development Property and Minimum Improvements that are received by the City from the Washington County Treasurer and that are deposited and held in the Washington Hotel Group, LLC TIF Account of the Washington East Commercial Urban Renewal Tax Increment Revenue Fund of the City. The City hereby covenants and agrees to maintain the Ordinance covering the Development Property in force during the term hereof and to apply the appropriate

percentage of Tax Increments collected in respect of the Minimum Improvements (building value only), and allocated to the Washington Hotel Group, LLC TIF Account, to pay the Economic Development Grants, as and to the extent set forth in this Article and allowed by law. The Economic Development Grants shall not be payable in any manner by other tax increment revenues or by general taxation or from any other City funds. Any commercial and industrial property tax replacement monies that may be received under Chapter 441.21A of the Code shall not be included in the calculation to determine the amount of Economic Development Grants for which Developer is eligible, and any monies received back under Chapter 426C of the Code relating to the Business Property Tax Credit shall not be included in the calculation to determine the amount of Economic Development Grants for which Developer is eligible.

b. Each Economic Development Grant is subject to annual appropriation by the City Council of the City. The right of non-appropriation reserved to the City in this Section is intended by the parties, and shall be construed at all times, so as to ensure that the City's obligation to make future Economic Development Grants shall not constitute a legal indebtedness of the City within the meaning of any applicable constitutional or statutory debt limitation prior to the adoption of a budget which appropriates funds for the payment of that installment or amount. In the event that any of the provisions of this Agreement are determined by a court of competent jurisdiction to create, or result in the creation of, such a legal indebtedness of the City, the enforcement of the said provision shall be suspended, and the Agreement shall at all times be construed and applied in such a manner as will preserve the foregoing intent of the parties, and no Event of Default by the City shall be deemed to have occurred as a result thereof. If any provision of this Agreement or the application thereof to any circumstance is so suspended, the suspension shall not affect other provisions of this Agreement which can be given effect without the suspended provision. To this end the provisions of this Agreement are severable.

c. Notwithstanding the provisions of Section 8.1 hereof, the City shall have no obligation to make an Economic Development Grant to Developer if at any time during the term hereof the City fails to appropriate funds for payment; the City receives an opinion from its legal counsel to the effect that the use of Tax Increments resulting from the Minimum Improvements to fund an Economic Development Grant to Developer, as contemplated under said Section 8.1, is not authorized or is not an otherwise appropriate urban renewal activity permitted to be undertaken by the City under the Urban Renewal Act or other applicable provisions of the Code, as then constituted or under controlling decision of any Iowa court having jurisdiction over the subject matter hereof; or the City's ability to collect Tax Increment from the Minimum Improvements is precluded or terminated. Upon occurrence of any of the foregoing circumstances, the City shall promptly forward notice of the same to Developer. If the circumstances continue for a period during which two (2) annual Economic Development Grants would otherwise have been paid to Developer under the terms of Section 8.1, the City may terminate this Agreement, without penalty or other liability to the City, by written notice to Developer.

Section 8.5. Use of Other Tax Increments. The City shall be free to use any and all Tax Increments above and beyond the percentages to be given to Developer in this Agreement, or any available Tax Increments resulting from the suspension or termination of the Economic Development Grants, for any purpose for which the Tax Increments may lawfully be used pursuant to the provisions of the Urban Renewal Act (including an allocation of all or any portion thereof to the reduction of any eligible City costs), and the City shall have no obligations to Developer with respect to the use thereof.

Section 8.6. Reduction of First Grant. Developer shall pay to the City an amount equal to the actual costs incurred by the City in connection with the drafting and adoption of this Agreement, including,

but not limited to, publication fees for legal notices, actual costs associated with City Council meetings, and reasonable legal fees of the City. Payment by Developer of such costs shall be deducted from the first Economic Development Grant if not previously paid by Developer to the City.

ARTICLE IX. INDEMNIFICATION

Section 9.1. Release and Indemnification Covenants.

a. Developer releases the Indemnified Parties from, covenants and agrees that the Indemnified Parties shall not be liable for, and agrees to indemnify, defend, and hold harmless the Indemnified Parties against, any loss or damage to property or any injury to or death of any person occurring at or about, or resulting from any defect in, the Development Property or the Minimum Improvements. Provided, however, such release shall not be deemed to include loss or damage that arises directly out of the gross negligence or intentional misconduct of the Indemnified Parties.

b. Except for any willful misrepresentation or any willful or wanton misconduct or any unlawful act of the Indemnified Parties, Developer agrees to protect and defend the Indemnified Parties, now or forever, and further agrees to hold the Indemnified Parties harmless, from any claim, demand, suit, action, or other proceedings whatsoever by any person or entity whatsoever arising or purportedly arising from (i) any violation of any agreement or condition of this Agreement (except with respect to any suit, action, demand or other proceeding brought by Developer against City to enforce its rights under this Agreement), (ii) the acquisition and condition of the Development Property and the construction, installation, ownership, and operation of the Minimum Improvements, or (iii) any hazardous substance or environmental contamination located in or on the Development Property occurring or arising subsequent to Closing.

c. The Indemnified Parties shall not be liable for any damage or injury to the persons or property of Developer or its officers, agents, servants, or employees or any other person who may be about the Minimum Improvements due to any act of negligence of any person, other than any act of negligence on the part of any such Indemnified Party or its officers, agents, servants, or employees.

d. The provisions of this Article IX shall survive the termination of this Agreement.

ARTICLE X. DEFAULT AND REMEDIES

Section 10.1. Events of Default Defined. The following shall be "Events of Default" under this Agreement and the term "Event of Default" shall mean, whenever it is used in this Agreement, any one or more of the following events:

a. Failure by Developer to cause the construction of the Minimum Improvements to be commenced and completed pursuant to the terms, conditions, and limitations of this Agreement;

b. Failure by Developer to substantially observe or perform any covenant, condition, obligation, or agreement on its part to be observed or performed under this Agreement;

c. Transfer of Developer's interest in the Development Property or this Agreement in violation of the provisions of this Agreement;

d. Failure by Developer to pay ad valorem taxes on the Development Property or Minimum Improvements;

e. The holder of any Mortgage on the Development Property, or any improvements thereon, or any portion thereof, commences foreclosure proceedings as a result of any default under the applicable Mortgage documents;

f. Developer shall:

i. file any petition in bankruptcy or for any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under the United States Bankruptcy Act of 1978, as amended, or under any similar federal or state law; or

ii. make an assignment for the benefit of its creditors; or

iii. admit in writing its inability to pay its debts generally as they become due; or

iv. be adjudicated as bankrupt or insolvent; or if a petition or answer proposing the adjudication of Developer as bankrupt or either entity's reorganization under any present or future federal bankruptcy act or any similar federal or state law shall be filed in any court and such petition or answer shall not be discharged or denied within ninety (90) days after the filing thereof; or a receiver, trustee or liquidator of Developer or the Minimum Improvements, or part thereof, shall be appointed in any proceedings brought against Developer, and shall not be discharged within ninety (90) days after such appointment, or if Developer shall consent to or acquiesce in such appointment; or

g. Any representation or warranty made by Developer in this Agreement, or made by Developer in any written statement or certification furnished by Developer pursuant to this Agreement, shall prove to have been incorrect, incomplete, or misleading in any material respect on or as of the date of the issuance or making thereof.

Section 10.2. Remedies on Default. Whenever any Event of Default referred to in Section 10.1 of this Agreement occurs and is continuing, City, as specified below, may take any one or more of the following actions after the giving of thirty (30) days' written notice (except in the case of an Event of Default under Section 10.1(e) or (f) for which 30 days' written notice is not required) by City to Developer and to the holder of the First Mortgage (but only to the extent City has been informed in writing of the existence of a First Mortgage and been provided with the address of the holder thereof) of the Event of Default, but only if the Event of Default has not been cured within said thirty (30) days, or if the Event of Default cannot reasonably be cured within thirty (30) days and Developer does not provide assurances reasonably satisfactory to City that the Event of Default will be cured as soon as reasonably possible:

a. City may suspend its performance under this Agreement until it receives assurances from Developer, deemed adequate by City, that Developer will cure its default and continue its performance under this Agreement;

b. City may terminate this Agreement;

c. City may take any action, including legal, equitable, or administrative action, which may appear necessary or desirable to enforce performance and observance of any obligation, agreement, or covenant of Developer, as the case may be, under this Agreement; or

d. City shall have no obligation to make payment of the Economic Development Grants to Developer subsequent to an Event of Default and shall be entitled to recover from Developer, and Developer shall repay to City, an amount equal to the full amount of the Economic Development Grants previously made to Developer under Article VIII hereof, and City may take any action, including any legal action it deems necessary, to recover such amount from Developer. City may demand such payment at any time following its determination that Developer is in default under this Agreement.

Section 10.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to City is intended to be exclusive of any other available remedy or remedies, but each and every remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 10.4. No Implied Waiver. In the event any agreement contained in this Agreement should be breached by any party and thereafter waived by any other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 10.5. Agreement to Pay Attorneys' Fees and Expenses. Whenever any Event of Default occurs and City shall employ attorneys or incur other expenses for the collection of payments due or to become due or for the enforcement or performance or observance of any obligation or agreement on the part of Developer herein contained, Developer agrees that it shall, on demand therefor, pay to City the reasonable fees of such attorneys and such other expenses as may be reasonably and appropriately incurred by City in connection therewith.

ARTICLE XI. MISCELLANEOUS

Section 11.1. Conflict of Interest. Developer represents and warrants that, to its best knowledge and belief after due inquiry, no officer or employee of City, or its designees or agents, nor any consultant or member of the governing body of City, and no other public official of City who exercises or has exercised any functions or responsibilities with respect to the Project during his or her tenure, or who is in a position to participate in a decision-making process or gain insider information with regard to the Project, has had or shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work or services to be performed in connection with the Project, or in any activity, or benefit therefrom, which is part of the Project at any time during or after such person's tenure.
