

# Southeast Basin I&I Project

## Weekly Construction Update

The intent of this weekly update is to provide an overview of the construction completed and a projection of construction activities in the following week. It is intended to be a general overview and tentative in nature. Construction progress may differ from the information provided as a result of weather or other construction elements.

### Construction Overview for the Week of August 11<sup>th</sup> – August 17<sup>th</sup>

- Municipal Pipe Tool (MPT) completed the lining of several sanitary sewer pipe sections.

### What to Expect the Week of August 18<sup>th</sup> – August 24<sup>th</sup>

- Municipal Pipe Tool's (MPT) subcontractor, Hagerty Construction, will may continue with replacement of pavement at point repair locations.
- MPT will continue with sanitary sewer lining repairs at various locations throughout the southeast basin.

The following pipe segments are planned for this week:

- From E. Van Buren Street north a half block on S. 9<sup>th</sup> Avenue.
- N. 10<sup>th</sup> Avenue between E. 2<sup>nd</sup> Street and E. 3<sup>rd</sup> Street.
- Pipe segment at the intersection of E. 11<sup>th</sup> Street and N. 8<sup>th</sup> Avenue.
- Pipe segment between N. 13<sup>th</sup> Avenue and N. 14<sup>th</sup> Avenue on E. 2<sup>nd</sup> Street.
- Pipe segment on E. Madison Street, a half block west of S. 10<sup>th</sup> Avenue.

### What you need to know

- Working hours are generally Monday-Friday (7:00 am to 9:00 pm). Work on the weekends and at night will require city approval.
- The contractor is required to notify property owners if work will impact access to property.
- Please contact your local service provider to report any utility outages.
- While the contractor is completing construction activities, roadway and driveway access may be temporarily restricted.
- Construction projects are fluid in nature and depend on many variables. Examples are poor weather, utility conflicts, unknown buried facilities, and fabrication schedules. We appreciate your patience and understanding as schedules are adjusted.

---

*If you have any questions, please contact Chuck Southwick, project observer with FOX Engineering, at 515-339-6142 or email at [cws@foxeng.com](mailto:cws@foxeng.com). In addition, you may contact Steven Soupier, Project Manager with FOX Engineering, at 515-233-0000 or email at [sps@foxeng.com](mailto:sps@foxeng.com). Please do not contact the contractor directly if possible. Thank you for your cooperation in this matter.*
