

# Washington South 15<sup>th</sup> Avenue Improvements Project

## Construction Update 10/11/19

---

This past week Mike Nelson Paving completed the approach at South 15<sup>th</sup> and Adams as well as the mainline up to Madison St. DeLong Construction was on site later this week to install the water services to the new construction lots. Next week Nelson is planning on pouring the intersection at 15<sup>th</sup> and Madison as well as working on the future street stubs along 15<sup>th</sup>. After we get maturity on the intersection at 15<sup>th</sup> and Madison they will bring the paving machine back in and finish the rest of the mainline thru to Washington St. We are waiting until the intersection can be used to allow cars to travel south if needed and not block off Madison completely. After the rest of the mainline is in, work will start on restoring the driveways.

Please feel free to contact City Engineering Technician Keith Henkel at 563-554-9381 (cell) or [khenkel@washingtونيowa.gov](mailto:khenkel@washingtونيowa.gov) with any concerns or questions. To sign up for email updates, contact Keith. Updates will also be posted on the City website at [www.washingtونيowa.gov](http://www.washingtونيowa.gov).
