

August 3, 2020

Property Address

Washington, Iowa 52353

To Whom It May Concern:

Construction for the City of Washington N. 4<sup>th</sup> Avenue Improvements project is underway. The following contains general information regarding the project:

- 1) **N. 4<sup>th</sup> Ave. near the intersection of E. 7<sup>th</sup> St. is currently completely closed to traffic. This intersection is anticipated to be reopened on or about Monday August 17<sup>th</sup>.**
- 2) The Contractor, Cornerstone Excavating, Inc. (CEI), is currently working on sanitary sewer near the railroad tracks on N. 4<sup>th</sup> Ave.
- 3) Water main installation is complete along the west side of N. 4<sup>th</sup> Ave. There may be minor water service interruptions as services are switched over from the old to the new main.
- 4) It is anticipated that N. 4<sup>th</sup> Avenue may be closed either partially or completely from E. 3<sup>rd</sup> Street to E. 7<sup>th</sup> Street through the summer and into the fall. At times, N. 4<sup>th</sup> Ave. will be completely closed. Residents on N. 4<sup>th</sup> between E. 3<sup>rd</sup> St. and E. 7<sup>th</sup> St. will need to use alley or side street access to their property during these times. Through traffic should avoid N. 4<sup>th</sup> Ave. in this area if possible. Please observe and follow all traffic control/detour signs.
- 5) Residents should continue to put their garbage and recycling receptacles out at their normal location and time/day of the week. CEI or the garbage service will pick up receptacles at their normal location. In some instances, receptacles will be transported to be emptied. If this happens, all receptacles will be tagged and returned to their normal location within the day.

Additional information regarding this project and the construction underway may be periodically posted to the City of Washington website at the following link:

<https://washingtونيowa.gov/news-events/north-4th-avenue-project/>

While CEI is completing construction activities, traffic and access to properties may be restricted temporarily. If special consideration is needed, please contact John Washington with FOX Engineering at 515-233-0000 or email at [jgw@foxeng.com](mailto:jgw@foxeng.com).

Thank You for your cooperation in this matter. If you have any questions or concerns, please contact John Washington with FOX Engineering.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Washington'.
