City of Washington, Urban Chicken Permit Application

# 3. Statement of Understanding (Please initial by each item)

 $\underline{G}$  1) I am aware that owners of all adjacent properties (i.e., all properties that contact each other at any point) must give their written consent for any urban chicken permit application to be approved.

4) I am aware that I am responsible for keeping chickens within the confines of my property at all times.

5) I am aware that I may not make any dimensional changes to my chicken coop without first obtaining approval from the City of Washington.

5 M \_ 6) I grant the right for City staff to inspect my property at any time to investigate a complaint related to this permit.

7) I acknowledge that I live in an owner-occupied single-family home, or if renting, have the written permission of my landlord (landlord must provide a signature below).

5 8) I affirm that I have never been found guilty of any animal welfare, neglect or cruelty violations.

9) I understand that the permit is a limited license for the activity, no vested zoning rights arise from this permit and that the permit does not run with the land.

Construct Phase 1 Sanitary Sewer Rehabilitation – CIPP Lining including all labor, equipment and materials necessary for approximately 3,300 linear feet of 8-inch diameter cured-in-place pipe lining; 3,300 feet of sewer cleaning; televising; pipe reaming; root sawing; sewer service connection reinstatement; manhole installation, open cut point repairs; and miscellaneous associated work, including cleanup.

All work and materials are to be in accordance with the proposed plans, specifications, form of contract and estimate of cost now on file in the office of the City Clerk of Washington, Iowa, and by this reference made a part thereof as though fully set out and incorporated herein.

All proposals and bids in connection therewith shall be submitted to the City Clerk of said City on or before the time herein set for receiving bids. All proposals shall be made on official bidding blanks furnished by the City, and any alternations in the official form of proposal will entitle the Council, at its option, to reject the proposal involved from consideration. Each proposal shall be sealed and plainly identified.

Each proposal shall be made out on a blank form furnished by the municipality and must be accompanied in a sealed envelope by either (1) a certified or cashier's check drawn on a solvent Iowa bank or a bank chartered under the laws of the United States or a certified share draft drawn on a credit union in Iowa or chartered under the laws of the United States, in an amount equal to five percent (5%) of the bid, or (2) a bid bond executed by a corporation authorized to contract as a surety in the State of Iowa, in the penal sum of five percent (5%) of the bid.

The award of contract will be made to the lowest responsible bidder submitting the lowest responsive bid, which shall be determined without regard to state or local law whereby preference is given on factors other than the amount of the bid.

The City Council reserves the right to reject any and all bids, to waive informalities and technicalities and to enter into such contract as it shall deem for the best interest of the City. The work under the contract shall commence within ten (10) days after date set forth in written Notice to Proceed and shall be completed by October 1, 2014.

Liquidated damages in the amount of Five Hundred Dollars (\$500.00) per consecutive calendar day will be assessed for each day that work shall remain uncompleted after the end of the contract period, with due allowance for extensions of the contract period due to conditions beyond the control of the Contractor.

Payment to the Contractor for said improvements will be made in cash derived from the proceeds of the issuance and sale of such bonds, and/or from cash funds of the City as may be legally used for said purposes. Any combination of the above methods of payment may be used at the discretion of the City Council.

At least ten (10) days before each progress payment falls due (but not more often than once a month), the Contractor will submit to the Engineer a partial payment estimate filled out and signed by the Contractor covering the work performed during the period covered by the partial payment estimate and supported by such data as the Engineer may reasonably require. If payment is requested on the basis of materials and equipment not incorporated in the work but delivered and suitably stored at or near the site, the partial payment estimate shall also be accompanied by such supporting data, satisfactory to the Owner, as will establish the Owner's title to the material and equipment and protect his interest therein, including applicable insurance. The Engineer will, within fifteen (15) days after receipt of each partial payment estimate, either indicate in writing his approval of payment and present the partial payment estimate to the Owner, or return the partial payment estimate to the Contractor indicating in writing his reasons for refusing to approve payment. In the latter case, the Contractor may make the necessary corrections and resubmit the partial payment estimate. The Owner will, within thirty (30) days of presentation to him of an approved partial payment estimate, pay the Contractor a progress payment on the basis of the approved partial payment

estimate. The Owner shall retain five (5) percent of the amount of each payment until final completion and acceptance of all work covered by the contract documents.

The request for payment may also include an allowance for the cost of such major materials and equipment which are suitably stored either at or near the site.

Prior to substantial completion, the Owner, with the approval of the Engineer and with the concurrence of the Contractor, may use any completed or substantially completed portions of the work. Such use shall not constitute an acceptance of such portions of the work.

The Owner shall have the right to enter the premises for the purpose of doing work not covered by the contract documents. This provision shall not be construed as relieving the Contractor of the sole responsibility for the care and protection of the work, or the restoration of any damaged work except such as may be caused by agents or employees of the Owner.

Upon completion and acceptance of the work, the Engineer shall issue a certificate that the work has been accepted by him under the conditions of the contract documents. Final payment will be made not less than thirty-one (31) days after completion of the work and acceptance by the City subject to the conditions and in accordance with the provisions of Chapter 573 of the Code of Iowa.

The Contractor will indemnify and save the Owner or the Owner's agents harmless from all claims growing out of the lawful demands of subcontractors, laborers, workmen, mechanics, materialmen, and furnishers of machinery and parts thereof, equipment, tools, and all supplies, incurred in the furtherance of the performance of the work. The Contractor shall furnish satisfactory evidence that all obligations of the nature designated above have been paid, discharged, or waived. If the Contractor fails to do so the Owner may, after having notified the Contractor, either pay unpaid bills or withhold from the Contractor's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities have been fully discharged whereupon payment to the Contractor shall be resumed, in accordance with the terms of the contract documents, but in no event shall the provisions of this sentence be construed to impose any obligations upon the Owner to either the Contractor, his Surety, or any third party. In paying any unpaid bills

of the Contractor, any payment so made by the Owner shall be considered as a payment made under the contract documents by the Owner to the Contractor and the Owner shall not be liable to the Contractor for any such payments made in good faith.

The City will issue a sales tax exemption certificate applicable for all materials purchased for the project.

Re: Ordinance Amending Utility Rates

During the budget process, the Council preliminarily approved the following rate amendments, which are reflected in the attached ordinance:

Water: 10% increase on usage, no base rate increase Sewer: 5% increase on usage, no base rate increase Sanitation: 3.5% increase on monthly charge

After reviewing this issue with City Attorney Olson, he feels that any changes to rates should be done by ordinance and should not be adjusted by resolution. That is why these changes are presented this time in ordinance format.
