WWTP report June 21, 2016 Council meeting

- After hour alarm and dog call outs -
 - 9th Lexington lift station alarm, pump #2 not in auto alarm, 4:22 p.m., 5:11 p.m. and 5:53 p.m. Fred 10th Lexington lift station alarm, pump #2 not in auto, 4:56 p.m. Jason
 - 10th dog call, Safety Center reported a dog to be picked at 626 E Madison, 10:30 p.m. Jason
 - 11th WWTP alarm, high TSS alarm, 1:00 a.m. Jason
 - 11th Lexington lift station alarm, pump #2 not in auto, 1:50 p.m. Jason
 - 11th Lexington lift station alarm, pump #2 not in auto, 4:15 p.m. Jason
- Dept Head meetings I attended the meetings on the 7th& 14th.
- **Delen** Delen's annual training with Iowa Army National Guard was extended to June 22, 2016. He will return to work on June 23, 2106.
- Annual effluent toxicity test We got the results back from the effluent composite sample we collected and sent to the University of Iowa Hygienic Lab for analysis on May 16, 2016. The sample passed so no additional testing will be required at this time. We will test for toxicity again during May 2017.
- **Iowa Renewal Energy (IRE)** IRE continues to discharge to the city collection system without problems.
- WWTP's new utility cart with roll over protection purchase We sent out five (5) letters asking for bids for the new utility cart purchase. The old cart will be traded in as part of the purchase. We asked to have the bids be returned by July 1, 2016. We will be at the July 5, 2016 meeting to discuss. Five thousand (\$5,000.00) dollars was approved for this purchase during the WWTP's budget meeting in January 2016.
- WWTP May 2016 Discharge Monitoring Report (DMR) Average daily flow 2.525 million gallons (mg), maximum daily flow 4.565 mg, minimum daily flow 1.479 mg. There were no violations of the WWTP's NPDES discharge permit. Total precipitation for May 2016 = >5.24" (recorded at the WWTP).

CBOD5 removal 85% required result = 100%Influent CBOD5 monthly average = 0 mg/L

TSS removal 85% required result = 94.5%Influent TSS monthly average = 93.1 mg/LEffluent TSS monthly average = 4.8 mg/L

- New NPDES permit expanded effluent pollutant scan testing We sampled for the third and final round of the effluent expanded testing from Wednesday 6-15-16 to Thursday 6-16-16. After the samples were collected some were sent to Test America and some to University of Iowa Hygienic lab for analysis. After I receive the results I have to complete an IDNR form and send it to our permit writer in Des Moines for review within two (2) months.
- Lexington lift station alarms We had been getting a lot of nuisance call outs at the lift station for pump #2 not in auto. Jason contacted Scott from Primex on June 2, 2106 to call him back. Scott never did call back. Talked to Rob of FOX who had another contact for Primex. Dan from Primex called Jason back on the 13th. Dan showed up on the 15th to troubleshoot the alarms. Dan found a loose wire in the control panel and thought that was what was causing the alarms. After

Dan left there were two (2) more alarm callouts. Jason contacted Dan and told him about the alarms. Dan said he thought it was an issue with Omni Site alarm system which was supplied by Electric Pump (EP). Dave of EP ghosted in to the alarm system and disabled the pump #2 not in auto alarm. Dave hopes to be here next week to troubleshoot the alarm system. The lift station is still fully operational with the pump #2 not in auto alarm disabled.

- East EQ basin Washington Ag sprayed the inside of the rock berms for weed control on June 15, 2016.
- City wetlands on City farm Jason mowed the wetlands with the LS tractor and bush hog mower.

Washington Volunteer Fire Department June 8,2016

April Fires

3 City fires 490.00 2 rural fires 360.00 0 Drill .00 5 fires and Odrill 850.00

Meeting opened Asst. Chief Rembold in charge

Minutes of the previous meeting were read and approved.

Treasure report was read.

Brendan DeLong made a motion to pay all bills against the department. Seconded by Scott

Bartholomew. Motion passed

Jake Bullins has resigned

Committees; Social; snacks after meeting

Golf Tournament Aug. 28 Shirts and jackets are here.

Old; County meeting in Riverside talked about block paging

Talked about training hours and read off what everyone has.

New; June 22 is drill.

July 9&10 Attack trailer will be in Winfield.

August 27 Attack trailer will be in Keota.

Keota fun days coming up.

June 26 family picnic in the park.

Communications: Thank you from Alex Edwards

Washington Amateur radio June 26 & 27.

Rescue Meeting

Tom Wide is on his way to get new truck.

Candle light ceremony Saturday Sunday is memorial at Firefighter Memorial in Coralville.

Discussion of calls:

Everyone needs to work on training hours all year.

Everyone needs to get direct deposit.

No other business, roll call taken meeting adjourned.

Secretary

Tom Beauchamp

Maintenance and Construction Report

5/21/16-6/3/16

STREETS: M/C Personnel poured 7 yards of C-4 concrete just south of the underpass on North 2nd Ave. The street sweeper ran its course. Personnel began sawing concrete patches for replacement in both previous excavation areas and busted/rough areas. Personnel began line painting crosswalks and parking stalls around the schools and downtown area. Personnel crack sealed South Iowa from Madison to Polk street.

WATER DISTRIBUTION: M/C Personnel repaired a 6 inch water main at South Iowa and Monroe St where 5 ft of 6 inch PVC was used to replace 6 inch CIP, this marks the 4th repair of the year. Personnel repaired a water box by replacing with a new curb stop at 626 East 2nd St, as well as gum balled with orange slices to try and get the water pressure back to normal. Personnel also replaced a rod on a water box located at 632 East Main St. There were 12 water shut offs for nonpayment.

SEWER COLLECTION: M/C Personnel dealt with a couple issues of resident sewer service problems that were investigated. Personnel repaired an 8 inch sewer main located at 1205 East 3rd St.

STORM SEWER COLLECTION: M/C Personnel closed off North 2nd Ave at the via duct re:heavy rains.

MECHANIC/SHOP: M/C Personnel serviced 601 (engine repair kit and road test), 303 (install lap top bracket), sweeper (new water line to dirt shoe), 005 (master cylinder), 302 (brakes, cruise switch and suspension), FD #1 (air leak), PD 97, PD 96 and grease numerous equipment.

OTHER: M/C Personnel continued the yard waste and brush pick up respectfully, bag total to date 5,170. Personnel responded to 68 One Call Locates. Two loads of scrap metal were hauled away to a local dealer, scrap metal \$128/ton. Personnel assisted with Ridiculous Days festivities with cones, barricades and fencing. Numerous loads of spoil were hauled away from the shop.

Please note that this report does not include every task M/C personnel performed, but shall be a highlight of our work performed as a department.

Maintenance and Construction Report

6/4/16-6/17/16

STREETS: M/C Personnel crack sealed South Ave B from Monroe to Van Buren St. The street sweeper made its way around town. Street line painting continued, with only three nights of painting left. Crews poured 38 yards of concrete on East 11th St by the DOT. M/C Dept had Pelling paint the yellow striping throughout the town. Personnel worked on a few alleys that were in need of attention.

WATER DISTRIBUTION: M/C Personnel had the water distribution system leak detected by a professional contractor, finding multiple leaks for repair. Personnel repaired a leaking water service by pulling new one inch copper under the street located at North 4th Ave-East 3rd St. Personnel also repaired a water box rod on West 5th St in the 1100 block. Personnel took out a water box tower on North 2nd Ave for fire access entrance to Stewart school. Personnel repaired a rod on a service box that was hit at South Ave D-West Madison for the Car Doctor. Personnel repaired a water box at 723 West Monroe.

SEWER COLLECTION: M/C Personnel investigated a sewer main by jetting and televising in the alley behind 821 West Madison St where everything seemed normal with the City's responsibility.

STORM SEWER COLLECTION: M/C Personnel N/A

MECHANIC/SHOP: M/C Personnel serviced PD 97 (repair driver's seat), 302 (cont'd on suspension), Chief Tahoe (rotate tires), Case backhoe (blown fuse), Park's truck (install strobe light), 003 (install lab top), 301 (begin engine repair), Cemetery Kubota (wiring short-blowing fuse for work lights), PD 96 (rear lift gate inoperable) and PD 79 (rotate tires and check front end noise).

OTHER: M/C Personnel picked up yard waste and brush. Personnel assisted with brush grinding at the WWTP. Personnel trimmed the brush around the house to be demo'd at N Ave D-West 6th St and hauled away. Staff hauled multiple loads of spoil away from the shop, as well as hauling multiple loads of 1 inch clean rock and 1 inch road stone back to the stock pile.

Please note that this report does not include every task M/C personnel performed, but shall be a highlight of our work performed as a department.

To the members of City Council of Washington, Iowa,

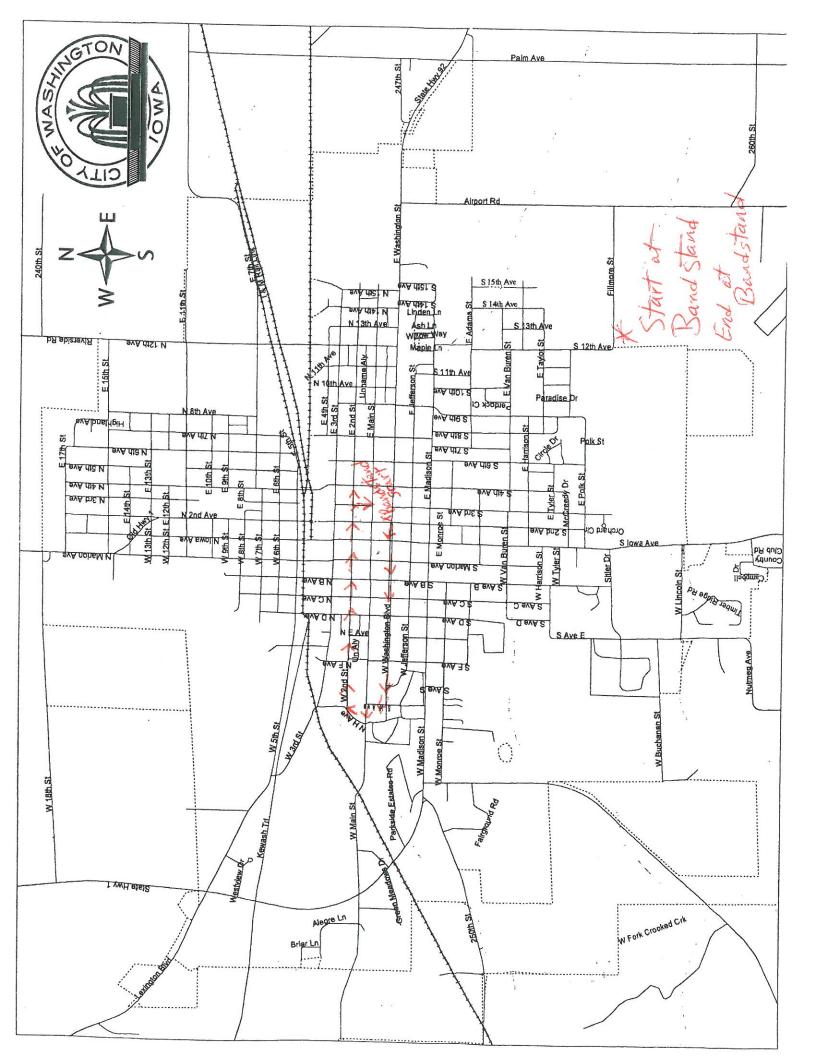

My name is Jennifer Nichols and I am writing this letter on behalf of my husband Arlen. We are currently in the process of organizing a 5k run/walk and fundraiser for him. The purpose of said fundraiser is to raise money for his fight with multiple myeloma cancer. My husband is an amazing person and has had a lifetime of health struggles in a short period of time. After going through dialysis for two years he was blessed enough to receive a functioning kidney seven years ago. Unfortunately, in November of 2015, a cancerous growth was found on one of his kidneys that no longer functions. At the same time, he was diagnosed with myeloma. Luckily enough, doctors were able to remove the problematic kidney with no problems. However, the process of treating the myeloma will be a long and arduous journey that we take together as a family.

We are looking to schedule his fundraiser on the morning of Saturday, July 16th on the town square. The route we are hoping to use is the "Jingle Bell" route. With the funds that are raised, we are looking to get a second opinion on his diagnosis and treatment options. They will also go towards travel and other expenses. We are thankful and grateful for all of the support and kindness that we have received from the town and people within it. We could not ask for a better community to live in.

Thank you for your time and consideration.

Sincerely,

Jennifer Nichols

6/16/16

Dear City Council Members:

On Friday, July 29th Hospice of Washington County property will be used as an official Campground for 200 riders for the Bikes To You RAGBRAI Team out of Cedar Rapids. This many rides will need to use all the surrounding grass areas plus our parking lot to park one Semi Tractor Trailer, 1 Box Truck, 1 Pickup with Trailer, and 2 Fifteen Passenger Vans.

We are planning to staff a skeleton crew that day to make sure that all the needs of our Hospice Patients are met. However in order to keep this skeleton crew going, we believe that we will need to have parking on East 11th Street in front of our building which is a "No Parking Zone." With the parking lot being full of RAGBRAI riders, trucks, trailers and vans, we are hoping to get the City's permission to have a temporary parking permit allowing Hospice staff to park in front of the Hospice building on East 11th from 7:00 AM – 3:00 PM. We are thinking we will need spaces for about 3 or 4 cars to park out front. We are also going to try and keep the area in front of our garage open in case we need to get out wheelchairs or other large supply items to meet our patient's needs. We have had a temporary permit to park on 11th Street in the past when we were laying concrete in our parking area.

We are excited about RAGBRAI coming to town, but also know that we have the responsibility of caring for the families who are on Hospice during this time. We hope that you will grant us this temporary parking permit so that both the RAGBRAI riders and hospice patients needs can be met.

Thank you for your consideration of this matter.

Re: Purchase of New Wheel Loader

In the FY17 (year starting July 1, 2016) budget, Council approved \$130,000 for the purchase of a new wheel loader. We currently have 2 of these units in our fleet, and both are more than 15 years old. The unit to be replaced at this time is a 1997 John Deere 544H with 7,800 hours on it.

The M/C department tested out models from 3 different manufacturers: Caterpillar, John Deere and Case. While I have asked M/C to provide a more detailed written summary for your review at the meeting on Tuesday, and JJ & Tim also plan to attend the meeting, I will attempt to provide a brief rundown of their findings. The consensus of the department, including mechanic Zach Wibstad, is that either the Caterpillar or the John Deere could fully meet our needs. They were not impressed with the Case for several reasons they can explain, but did not feel it stacked up as an equal to the other two units.

The price quotes we received on these units were:

| Manufacturer/Model | Gross Price | Trade Value | Net Price |
|--------------------|-------------|-------------|-----------|
| Case 621F | \$141,620 | (\$33,000) | \$108,620 |
| Caterpillar 926M | \$140,960 | (\$27,000) | \$113,960 |
| John Deere 544KXT | \$141,350 | (\$20,000) | \$121,350 |

The recommendation is to purchase the Caterpillar unit at a net price of \$113,960. This includes selecting the two options listed on the quote: Object detection system at \$2,040 and windshield cleaning platform at \$367. This also includes 48" pallet forks with an approximate value of \$1,700. The one downside to ordering the Cat is that our current pallet forks will not work on it. Therefore, the salesman added this item to make sure we could still have pallet forks to use with it.

FY 2016-2017 Budget Equipment Purchase Request

FOR ITEMS OVER \$5,000

| Item: AVT Installation | Account:Water Distribution Operation Supplies 6507 |
|------------------------|--|
| Cost: \$8,900.00 | Dept:M/C Department |

Narrative/Justification:

The main reason to justify the gate valve we are wanting installed is to have the availablity to isolate future projects/water main breaks east of the Water Treatment Plant. This valve will be installed in the terrace on the same block the WTP is currently located, directly north of Well #5. This will isolate any issues with the 12 inch water main eastward on East 6th to North 6th Ave and therefore north to East 7th all the way to North 12th Ave. We have had a few main breaks on East 7th St on the 12 inch water main in which were very hard to isolate and repair. On Easter 2011, the 12 inch main break we experienced caused the ground storage reservoir to basically run out (4 other breaks that day), and the decision to keep fire protection to the community by pumping raw water into the distribution system caused a boil order to be issued. With a gate valve installed to assist with isolation, highly decreases the chances we experienced in 2011.

The procedure is simple, we (M/C) excavate a hole to the correct dimensions and a staff member under Utility Equipment Company's supervision installs the 12 inch gate. There will be no interuption to the system, as this procedure is completed with the water main under presure (live). With the attachment you can see on pages 2 & 3 where it is explained on how the procedure is peerformed.

Utility Equipment Company

319-310-7581

The EZ2™ Process

The EZ₂™ system was developed to provide important performance and installation benefits to professionals working under difficult conditions and with critical needs.

Advanced Valve Technologies delivers

- High quality components meeting or exceeding industry standards (AWWA material spec C-509-09)
- Rapid installation procedures (reduced field-work hours)
- Single excavation performance
- Standardized operation (normal turns to actuate valve)
- Compact design (lower weights; simpler lifting equipment)
- Pipe-line Integrity Maintenance (No sectional or circumferential pipe intrusion, only a milled slot with no coupon drop)
- Lightweight and compact installation equipment
- No service interruption (Process is completed under pressure)
- · Sizes available for 4 inch through 16 inch systems

Plus --

- Integral isolation valve and
- "Take It or Leave It" Valve bonnet design lets you choose to retain the insertion valve operation or temporarily create a line stop; the bonnet may be used for multiple projects.

RE:

New Submersible Well Pump at Municipal Well No. 7

FOX P.N. 3424-16B.440

Dear Mr. Hinson and City Council:

The purpose of this letter is to summarize the results of the recent quotations received for the subject named project and to provide our recommendation for consideration.

Quotations for the project were received and opened on June 17, 2016 at 2:00 p.m. Two (2) quotations were received and opened by the City Clerk. The Clerk did not find that any of the quotation proposals were unresponsive upon initial opening of documents. Quotation proposals were submitted by Cahoy Well and Pump Service and Northway Well and Pump Company. Both companies were in contact with the Engineer during the preparation of the contract document and were expected to submit a proposal. The quotation amounts were \$60,945.00 (Cahoy) and \$80,924.00 (Northway). The engineer's opinion of probable construction cost was \$84,775.00. A bid tabulation summary is enclosed for your reference.

The quotation documents established that the contract will be awarded to the lowest responsive, responsible Bidder whose quotation is in the best interest of the Project. Cahoy Well and Pump, of Sumner, lowa, submitted the apparent low bid.

Based on information provided by the Contractor who submitted the lowest quotation and our own cost opinion, we did some further investigation into the difference in cost. Item 1, Mobilization, was somewhat high, and it apparently included cost to cover the portion of the specified two-year pump equipment warranty which is not covered by the Manufacturer's standard term. Northway elected to get a two-year warranty through the pump manufacturer and Cahoy self-insured the period beyond the standard term. The amounts under items 3 and 4 are reasonable and only account for 2% to 5% of the overall quotation amounts. The largest cost difference between the quotations occurs in item 2. Item 2 includes procurement and installation of the equipment. FOX contacted Cahoy to see if there were any obvious differences in equipment included in the quotation and what is specified in the technical specification, but we did not find any. (This will be verified in greater detail during shop drawing review.) Means and methods chosen by the contractor can also affect the cost of Item 2 since it includes installation.

The scope of work involved in this case is neither complex nor will result in permanent modifications to the well and how it performs. Considering that Cahoy installed a temporary pump in Washington's Well No. 6 in March 2016, it is clear that this contractor is capable of performing the work involved. Cahoy does not have experience with installation a drop hose in lieu of drop pipe, but this would have been the case with almost all well contractors in lowa.

To review, a continuous drop hose will be installed rather than an iron or stainless steel drop pipe. The City hired FOX to study this technology which has not been used in lowa, but has been in use in other states. The primary reason to use it is that it will not corrode while exposed to the harsh well conditions. Installation and retrieval has been known to be faster/easier in many other locations relative to replacement and reuse of stainless steel pipe with threaded couplings. The findings of this study supported a decision to try this technology in Washington's wells. The manufacturer of the drop hose routinely provides personnel on site in support of the contractor's first drop hose installation. This will be the case in Washington. This field service support will be provided at no cost to the City, as the drop hose manufacturer seeks a successful lowa installation to point other lowa well contractors to.

After review of the quotation and an interview with the president of Cahoy, we believe Cahoy Well and Pump has the practical knowledge of the work, adequate equipment, and personnel to complete the project. Performance of the work will be backed with a 100% performance and payment bond. We believe that the proposal is significantly lower than the Engineer's Opinion of Probable Cost, but it is not uncommon to see a wide range in bids and higher percent differences for projects below the bid threshold.

Please feel free to contact us if you have any questions or comments regarding this recommendation.

Sincerely, FOX ENGINEERING ASSOCIATES, INC.

Robbie J. Baker, P.E. Project Manager

New Well Pump in Municipal Well No. 7 City of Washington, Iowa

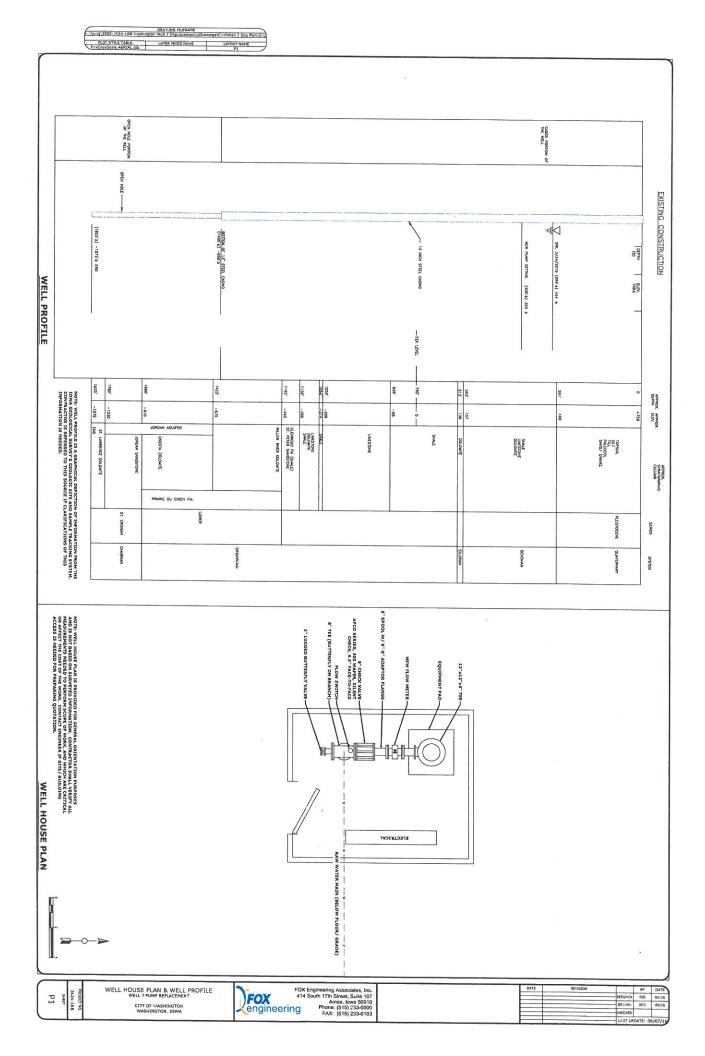

- I. <u>Description of Public Improvement Work to be Performed</u>: The undersigned Quoting Contractor hereby proposes to perform all work necessary to complete the following described public improvement:
- a. The work to be performed under this Contract will occur at Well No. 7, located just south of the railroad track and near the intersection of North D Avenue and West Fifth Street. The following is a general description of the principal work elements of the project:
 - 1. Provide a New Pump Unit provide one (1) submersible turbine well pump, motor, submersible cable, and drop hose. New motor cable will be connected to the existing terminal box by Well Contractor and operated locally in HAND mode only. Provide well startup services with the new pump.
 - 2. Furnish and Install Sensors furnish and install an electromagnetic flow meter in the well house, a submersible level sensor in well casing, and an air line assembly. The flow meter and submersible level sensor will not be made operational under this contract. The airline will be made operational and be used on a temporary basis.
 - 3. Detailed requirements are specified in the Technical Specifications.
- Quoting Contractor's Price for Construction of the Public Improvement: The Quoting Contractor agrees to perform all work necessary to complete the scope of work described above, for and in consideration of the City's payment of the following prices which include all labor, equipment, materials, and supplies required to perform the work and complete the improvement:

New Well Pump in Municipal Well No. 7 City of Washington, Iowa

- I. <u>Description of Public Improvement Work to be Performed</u>: The undersigned Quoting Contractor hereby proposes to perform all work necessary to complete the following described public improvement:
- a. The work to be performed under this Contract will occur at Well No. 7, located just south of the railroad track and near the intersection of North D Avenue and West Fifth Street. The following is a general description of the principal work elements of the project:
 - 1. Provide a New Pump Unit provide one (1) submersible turbine well pump, motor, submersible cable, and drop hose. New motor cable will be connected to the existing terminal box by Well Contractor and operated locally in HAND mode only. Provide well startup services with the new pump.
 - 2. Furnish and Install Sensors furnish and install an electromagnetic flow meter in the well house, a submersible level sensor in well casing, and an air line assembly. The flow meter and submersible level sensor will not be made operational under this contract. The airline will be made operational and be used on a temporary basis.
 - 3. Detailed requirements are specified in the Technical Specifications.
- II. Quoting Contractor's Price for Construction of the Public Improvement: The Quoting Contractor agrees to perform all work necessary to complete the scope of work described above, for and in consideration of the City's payment of the following prices which include all labor, equipment, materials, and supplies required to perform the work and complete the improvement:

| Item | Description | A | mount |
|------|---|----|-----------|

CITY OF WASHINGTON NEW WELL PUMP IN MUNICIPAL WELL NO. 7 AGREEMENT

| THIS AGREEMENT FOR WELL PUMP AND DROP PIPE REPLACEMENT IN |
|--|
| MUNICIPAL WELL NO. 7 (the "Agreement"), made and entered as of this day of |
| , 2016, by and between the City of Washington, Iowa, a Municipal Corporation, 215 E. |
| Washington Street, Was, hereinafter referred to as the "CITY", and INSERT CONTRACTOR |
| NAME AND ADDRESS, hereinafter referred to as the "CONTRACTOR." |

WHEREAS, the City Council of the City of Washington has heretofore deemed it necessary and desirable to contract for providing a new well pump, check valve in casing, drop hose, submersible power cable, well disinfection, well pump startup services, and furnishing and installing a submersible level sensor and a flow meter at Municipal Well No. 7 (the "Services"); and

WHEREAS, CONTRACTOR submitted the lowest responsive, responsible quotation for said Project; and

WHEREAS, CONTRACTOR is qualified and capable of performing said Project in strict compliance with the specifications; and

WHEREAS, the Project Engineer has heretofore recommended approval of said services; and

WHEREAS, it would be in the best interests of the City to execute said Agreement.

NOW THEREFORE, THE CITY AND THE CONTRACTOR, FOR CONSIDERATION HEREINAFTER SET FORTH, DO MUTUALLY AGREE AS FOLLOWS:

1. SCOPE OF SERVICES

- A. The CONTRACTOR shall perform in a timely and satisfactory manner the Services for the City of Wastewater Wastewater Treatment Plant as same are set forth in **Exhibit** "A" and its attachments attached hereto and incorporated into this Agreement by this reference.
- B. That the CONTRACTOR agrees and acknowledges that TIME IS OF THE ESSENCE under this Agreement and that timely performance shall be made by August 2, 2016 for Substantial Completion (well pump in service with local HAND control).

II. TERM.

A. The TERM of this Agreement shall commence as of the date set forth

above and shall be two (2) years.

III. GENERAL TERMS AND PROVISIONS.

- A. The CONTRACTOR shall not commit any of the following employment practices in connection with or while rendering service hereunder and does hereby expressly agree to prohibit the following practices from being committed by any subcontractors engaged by the CONTRACTOR in connection with the Project. Upon request, the CONTRACTOR shall provide the CITY with a copy of the relevant provisions of any agreement entered into by the CONTRACTOR and a subcontractor in connection with the Project to confirm to the satisfaction of the CITY that the requirements under this Subparagraph III(A) have been met.
 - 1. To discharge or refuse to hire any individual because of their race, color, religion, sex, national origin, disability, age, marital status, sexual orientation or gender identity.
 - 2. To discriminate against any individual in terms, conditions or privileges of employment because of their race, color, religion, sex, national origin, disability, age, marital status, sexual orientation or gender identity.
- B. The CITY may terminate this Agreement, with or without cause, upon no less than seven (7) days written notice. In the event that the CITY does so terminate this Agreement, the CONTRACTOR shall be paid for all work and services performed up to the time of said termination upon submission to the CITY of a final billing statement and review and approval thereof by the Washington City Council at the next regularly scheduled Council Meeting.
- C. This agreement shall not be assigned or in any manner transferred by the CONTRACTOR, without the express written consent of the Washington City Council.
- D. It is hereby expressly acknowledged and agreed by both parties hereto that the engagement of the CONTRACTOR by the CITY shall be as an independent contractor and shall be exclusive; provided, however, that the Contractor may retain the services of subcontractors for the purpose of performing its obligations and responsibilities under this Agreement so long as the CONTRACTOR has first obtained approval of same from the CITY; and further provided that, should the CONTRACTOR so engage subcontractors under the terms of this Subparagraph III(D), the CONTRACTOR shall be solely responsible for compensating any such subcontractors.
- E. The CITY shall furnish reasonable assistance to the CONTRACTOR in the use of said information and documentation at the request of CONTRACTOR.
- F. It is further agreed that neither party to this Agreement shall perform contrary to any federal or state law, rule or regulation, or the Washington City Code of

Ordinances.

- G. At the request of the CITY, the CONTRACTOR shall attend such meetings of the City Council and/or any federal or state regulatory agency or commission with authority and jurisdiction over community water supply, including, without limitation, the installation well pump installation and startup services.
- H. Upon termination of this Agreement and request of the CITY, the CONTRACTOR shall provide the CITY with copies of all basic notes, charts, computations, maps, plans and any other data prepared or obtained by the CONTRACTOR pursuant to this Agreement without cost, and without restrictions or limitations as to the use thereof. It is understood, however, that the CONTRACTOR shall not be liable for the CITY's use of such documents, materials or data on other projects or in connection with the Services after the termination of this Agreement.
- I. (1) CONTRACTOR shall procure and maintain insurance for protection from claims under workers' compensation aces, claims for damages because of bodily injury, including personal injury, sickness, disease or death of any and all employees or of any person other than such employees and from claims or damages because of injury to or destruction of property, including loss of use resulting therefrom. Without limiting the generality of the immediately preceding sentence, the CONTRACTOR shall obtain and carry throughout the Term of this Agreement insurance with a reputable company, acceptable to the Owner, and allowed to do business in the State of Iowa, the following coverages:
 - 1. Workman's Compensation and occupational disease insurance in accordance with the laws of the State of Iowa covering all employees who perform any of the obligations under this Agreement
 - 2. Public liability and property damage liability insurance covering all operations under the Agreement, limits for bodily injury or death not less than one million dollars (\$1,000,000.00) for one person and two million dollars (\$2,000,000.00) for each accident; for property damage not less than one million dollars (\$1,000,000.00) for each accident and two million dollars (\$2,000,000.00) aggregate during such policy period. Said insurance shall name the CITY, Fox Engineering, Riesberg Engineering, and Washington Electric as Additional Insured under the policy.
 - 3. Automobile liability insurance on all self-propelled vehicles used in connection with the Agreement, whether its own, non-owned or hired; public liability limits of not less than five hundred thousand dollars (\$500,000.00) for one person and one million dollars (\$1,000,000.00) for each accident; property damage limit of two hundred fifty thousand dollars (\$250,000.00) for each accident or a combined single limit of one million dollars (\$1,000,000.00).
 - 4. Builder's Risk Insurance in the amount of \$500,000.

5. Pollution Liability Insurance in the amount of \$500,000.

(2) The contractor shall furnish the CITY, prior to the commencement of the Services, with proof of such insurance and each policy shall require a 30-day notice of cancellation or material change to be given to the CITY while this Agreement is in effect.

IV. COMPENSATION FOR SERVICES.

The CITY shall compensate the CONTRACTOR for services rendered under this Agreement for a cost of ______ Dollars and no Cents (\$____,___.00). Furthermore, it is understood that the aforementioned price is inclusive of all of the CONTRACTORS's costs including, but not limited to, labor, utilities, chemicals, fuel, vehicles, materials, supplies, equipment and miscellaneous expenses. This amount shall include the costs associated with the electrical scope of work specified in Exhibit A and its Attachments, which is to be provided by a pre-selected Electrical Subcontractor.

The Contractor shall be paid by the CITY upon submission to the CITY by the CONTRACTOR of a monthly invoice, which shall include a complete and certified record of well pump installation, startup, disinfection, and well water disposal on the applicable dates, after the same has been reviewed and approved by the Washington City Council at the next regularly scheduled Council Meeting. The City shall retain 5% of each such invoice submitted by the CONTRACTOR as required by Section 573.12 of the Code of Iowa (2013) until completion and acceptance of all of the Services to be performed under this Agreement.

V. INDEMNIFICATION

To the extent permitted by law, the CONTRACTOR agrees to fully indemnify, defend, save and hold the CITY and FOX Engineering (the "Project Engineer"), its officers, representatives, agents, contractors, subcontractors and employees, harmless from any and all liability (including reimbursement of reasonable legal fees and costs) arising directly or indirectly from the negligent acts, errors or omissions of the CONTRACTOR, its officers, representatives, agents, contractors, subcontractors or employees in connection with the Services to be rendered hereunder.

VI. INTERPRETATION.

This Agreement shall be construed in accordance with the generally accepted standards for community water supply; provided, however, that it is expressly understood and agreed by both parties that to the extent, if at all, the accepted standards, the explicit terms and conditions of this Agreement shall control in the event of a dispute between the parties hereto.

VII. SURVIVAL.

All express representations, guarantees and indemnifications set forth in this Agreement shall survive the completion of the services to by rendered by the CONTRACTOR hereunder or the termination of this Agreement for any reason.

VIII. CONTROLLING LAW

This Agreement is to be governed by the laws of the State of Iowa. The parties hereto agree that any action, suit of proceeding based upon any matter, claim or controversy arising under this Agreement shall be brought solely in the stats courts located in Washington County, Iowa or the federal courts located in Linn County, Iowa. The parties hereto hereby irrevocably waive objection to the venue of the above-mentioned courts, including any claim that such action, suit or processing has been brought in an inconvenient forum. Both parties hereto expressly acknowledge and agree that nothing contained in this Agreement shall be construed to require the parties to submit to mandatory arbitration or mediation in the event of a breach or dispute hereunder.

IX. HEADINGS.

The headings of sections of this Agreement are for convenient reference only and shall not be deemed to limit, construe, affect, modify or alter the meaning of such sections.

X. SEVERABILITY.

If any section, subsection, term or provision of this Agreement or the application thereof to the CONTRACTOR, the CITY or a particular circumstance shall, to any extent, be invalid or unenforceable, the remainder of said section, subsection, term or provision of this Agreement or the application of same to the CONTRACTOR, the CITY or particular circumstances other than that for which it was held invalid or unenforceable, shall not be affected thereby and each remaining section, subsection, term or provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

XI. AUTHORITY.

The persons signing this Agreement warrant and represent that they have the authority to sign as, or on behalf of, the party for whom they are signing.

XII. FINAL AGREEMENT

Both the CONTRACTOR and the CITY hereby expressly acknowledge and agree that this Agreement, is intended to set forth the entire agreement between the parties regarding

the Services to be rendered by the CONTRACTOR to the CITY, that there are no other considerations or monies contingent upon or resulting from the execution of this Agreement, and that no other monies or considerations have been solicited. No waiver, change, modification or amendment of this Agreement shall be binding upon either party here to unless in writing and signed by both the CONTRACTOR and the CITY. The waiver by either party hereto of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that provision or of any other provision of condition in this Agreement.

Re: Asphalt Patching Work

In FY16 Budget Amendment #2, the City Council approved \$115,000 in additional street maintenance spending from Road Use Tax, due than higher than expected Road Use Tax receipts. The Council has already approved several items to be covered by this funding, and the final piece is doing some hot-mix asphalt patching work. We are focusing our efforts on the general areas affected by the Courthouse Sewer Separation, but being centrally located, they are likely to also be high-traffic areas during RAGBRAI.

We propose to patch several areas on the West Washington Boulevard, which includes some previous water main break excavation sites. There is also some patching called out on the portion with the existing asphalt overlay between Avenue B and Avenue D. We are also calling for patches in several areas affected by the sewer separation project. In a number of cases, we were pulling out asphalt and replacing it with concrete, but still need a hot-mix patch to tie everything back in correctly and permanently (we temporarily used cold-mix asphalt).

I have also attached a project-by-project breakdown of the street maintenance spending.

Re: 2016 Street Program

The City Council initiated the 2016 Sitler project and the special assessment process with the adoption of the preliminary resolution on April 5, and continued this process on May 17 with review of preliminary plans, assessment schedule, etc. and authorizing the publishing of notice on a Resolution of Necessity. We are now ready for the Council to hold a hearing and consider the Resolution of Necessity. This resolution requires a ¾ vote of the City Council. Under normal circumstances, this would mean 5 of 6, but we do have one member who will not be present. Therefore, under those circumstances, a 5 of 5 vote will be necessary for approval.

The neighbor meeting we held on June 1 went fairly well, and I don't think we'll have a lot of unanswered questions to be concerned about by the time of the hearing. We will have one somewhat unusual circumstance related to a property owner due to the narrow right-of-way we currently have on Sitler. We are trying to have the safest possible design, and only have 50' right-of-way to work with in a design that is 3 lanes plus a sidewalk leading up to the intersection with South Iowa. Therefore, we need to purchase between 2' and 5' of right-of-way for the length of the property on the north side of Sitler to make things work. This property owner also has a circle driveway right at the intersection, and getting rid of this is also a significant safety improvement. Essentially, we are agreeing to waive this property owner's assessment, plus paying him \$5,500, in exchange for deeding us the necessary property and eliminating the dangerous driveway. I believe this is a very good deal for both parties, and it is pivotal to constructing the safest project possible. A bonus is that he is also going to remove his garage and replace it with a new one in conjunction with the project. The existing garage is right up against the revised right-of-way, so without him doing this, the sidewalk would be right up against his garage.

As with the previous times this has been on the agenda, I have attached the planned schedule of activities for this important project.

The other element to this year's street program is the pavement replacement on Avenue H in Sunset Park. This is a non-assessment project, so we don't have to follow all the same steps as with Sitler, but we are planning to bid the two together as different divisions of the same project to save on administrative expenses. Avenue H is pretty straightforward. We will essentially be replacing the pavement that is there currently, replacing an existing curb intake and installing a new curb intake to assist with draining the road.

RESOLUTION OF NECESSITY FOR SITLER DRIVE 2016 PAVING PROJECT

WHEREAS, this Council has adopted a preliminary resolution pursuant to section 384.42 of the Iowa Code, as amended, covering the Sitler Drive 2016 Paving Project (hereinafter referred to as "the Project"); and

WHEREAS, in accordance with such preliminary resolution, the City Engineer has prepared preliminary plans and specifications, an estimated cost of the work, and a plat & schedule, including the valuation of each lot as determined by this Council, and the same have been duly adopted and filed with the City Clerk:

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Washington, Iowa:

Section 1. That it is hereby found and determined to be necessary and for the best interest of the City and its inhabitants to proceed with the aforementioned Project, and to assess a portion of the cost thereof to the property benefited thereby.

Section 2. That the Project shall constitute a single improvement and shall consist generally of Portland Cement Concrete paving and curb & gutter, installed on Sitler Drive from South Avenue B to South Iowa Avenue in Washington, Iowa, all as more particularly described in the preliminary resolution relating to the Project previously adopted by this Council, which resolution is hereby referred to for a more complete description of the location and terminal points of the Project and the property benefited thereby and proposed to be assessed to pay a portion of the cost of such improvement. The location and terminal points of the Project are further described in the Notice to Property Owners as attached hereof.

Section 3. That it is hereby found and determined that there are on file in the office of the Clerk an estimated total cost of the proposed work and a preliminary plat and schedule showing the amount proposed to be assessed to each lot by reason of such Project.

Section 4. That this Council did meet on Tuesday, June 21, 2016 at 6 PM at the Former Public Library, 120 East Main Street, at which time and place it heard the property owners subject to the proposed assessment or assessments and interested parties for or against the Project, its cost, the assessment thereof or the boundaries of the properties to be assessed.

Section 5. That the Clerk gave notice as required by Section 384.50 of the Code of Iowa, as amended, by publication once each week for two consecutive weeks in a newspaper published at least once weekly and having general circulation in the City, and likewise mailed a copy of such notice by Certified Mail to each

property owner whose property is subject to assessment for the Project, as shown by the records in the office of the County Auditor, not less than 15 days prior to the hearing.

Section 6. That such notice was in form substantially the same form as attached Notice to Property Owners.

A RESOLUTION APPROVING ALTERNATIVE PAYMENT FOR STREET ASSESSMENT

WHEREAS, this Council has adopted a Resolution of Necessity regarding a project known as the Sitler Drive 2016 Paving Project ("the Project"); and

WHEREAS, in said Resolution references an assessment schedule that has been prepared by the City Engineer; and

WHEREAS, the City and property owner Keaton Redlinger have reached an agreement for payment in lieu of special assessment for the project, as per the attached agreement, which is judged to be in the best interest of the City and the Project:

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Washington, Iowa:

Section 1. In consideration of the alternative payment arrangement, attached as Exhibit A to this Resolution, the City Council hereby waives the special assessment stipulated by the application of the Flint Formula for Keaton J. Redlinger, property owner at 1133 South Iowa Avenue.

Section 2. That all resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed.

PASSED AND APPROVED this 21st day of June, 2016.

Letter of Agreement

WHEREAS, the City of Washington ("the City") proposes to construct public improvements known as the "Sitler Drive 2016 Paving Project" ("the Project"); and

WHEREAS, in order to construct said improvements, it is deemed necessary and advisable to acquire additional street right-of-way from a private property owner at 1133 South Iowa Avenue, Keaton J. Redlinger ("Redlinger"); and

WHEREAS, in order to further ensure safety of the public, it is deemed necessary and advisable to incentivize Redlinger to allow removal of a private driveway that is an unsafe distance from the intersection of Sitler Drive and South Iowa Avenue:

THEREFORE, the parties agree to the following:

Obligations of Redlinger

- Redlinger agrees to transfer property to the City as recommended by MMS Consultants to facilitate safe construction of the Project. No compensation will be offered except as stipulated by this agreement.
- 2) Redlinger agrees to allow the City to remove his existing circle driveway between South Iowa Avenue and Sitler Drive as part of the Project.

Obligations of the City

- 1) City agrees to waive special assessment against Redlinger's property for the Project.
- 2) City agrees to pay Redlinger \$5,500.

Dated this 15th day of June 2016

- 3) City agrees to construct a driveway to a new garage to be constructed by Redlinger.
- 4) City agrees to be responsible for all related legal work at its sole cost.

NOTICE OF PUBLIC HEARING ON PROPOSED PLANS, SPECIFICATIONS, FORM OF CONTRACT AND ESTIMATED COST FOR CONSTRUCTION FOR THE SITLER DRIVE AND SOUTH H AVENUE 2016 PAVING PROJECT FOR THE CITY OF WASHINGTON, IOWA.

To all taxpayers of the City of Washington, Iowa, and to other interested persons:

Public notice is hereby given that the City Council of the City of Washington, Iowa, will conduct a public hearing on plans, specifications, form of contract and estimated cost for the construction of the Sitler Drive and S. H Avenue 2016 Paving Project in said City at 6:00 pm on the 21th day of June, 2016, said meeting to be held in the Washington City Hall Council Chambers.

Said plans, specifications, form of contract and estimated cost are now on file in the office of the City Clerk 215 E. Washington Street, Washington, Iowa, and may be inspected by any interested persons.

Any interested persons may appear at said meeting of the City Council for the purpose of making objections to and comments concerning said plans, specifications, contract or the cost of making said improvement.

Published upon order of the City Council of the City of Washington, Iowa and as provided by law.

Illa Earnest, Washington City Clerk

A RESOLUTION ADOPTING PLANS, SPECIFICATIONS, FORM OF CONTRACT, AND ESTIMATE OF COST

WHEREAS, MMS Consultants, Inc. has prepared plans, specifications, form of contract and estimate of cost for the construction of certain public improvements described in general as "Sitler Drive 2016 Paving Project"; and

WHEREAS, notice of hearing on plans, specifications, form of contract, and estimate of cost for said public improvements was published as required by law:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WASHINGTON, IOWA.

Section 1. That the plans, specifications, form of contract, and estimate of cost are hereby approved as the plans, specifications, form of contract, and estimate of cost for said public improvements, as described in the preamble of this Resolution.

PASSED AND APPROVED, this 21st day of June, 2016.

Re: 28E Recycling Center

The process continues on changes to the 28E Recycling Center, and we have reached a mutual understanding with Washington County that we would like to start under a new 28E agreement on July 1. This agreement is pretty simple, but is very significant in my mind. This follows the framework that was discussed in a joint Council/Supervisors meeting late last year.

The next steps in the coming months will be for the City Council and Board of Supervisors to consider an RFP for operating the center, consider the actual proposals from interested contractors, and adopt a detailed contract for services.

| RESOL | UTION | NO. | |

A RESOLUTION APPROVING A JOINT AGREEMENT FOR OPERATION OF A RECYCLING CENTER PURSUANT TO THE PROVISIONS OF IOWA CODE SECTION 28E

WHEREAS, the City of Washington and Washington County, Iowa currently operate a joint recycling center under Iowa Code Chapter 28E, and wish to continue this operation under a new agreement:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WASHINGTON, IOWA:

Section 1. The City Council hereby approves the attached 28E agreement, which will be effective July 1, 2016 with the mutual agreement of the Washington County Board of Supervisors.

Section 2. All Resolutions or parts of Resolutions in conflict herewith are hereby repealed, to the extent of such conflict.

PASSED AND APPROVED by the City Council of the City of Washington, Iowa this 21st day of June, 2016.

CITY OF WASHINGTON-WASHINGTON COUNTY JOINT AGREEMENT FOR OPERATION OF WASHINGTON COUNTY, IOWA RECYCLING CENTER PURSUANT IOWA CODE SECTION 28E

- I. PARTIES. The parties to this agreement are the City of Washington, Iowa and the Washington County, Iowa.
- II. PURPOSE. The parties herein desire to provide the residents in the service area the ability to utilize the recycling center for the betterment of the City of Washington and Washington County, Iowa.
- III. ADMINISTRATION. This agreement shall be administered by a joint board consisting of one representative selected by each party, who shall serve at the pleasure of that party until a successor is selected.
- IV. SEPARATE ENTITY. No separate legal entity is created by this agreement.
- V. DURATION. This agreement shall commence July 1, 2016 and shall continue for an indefinite period until terminated under the terms of the agreement.
- VI. MANNER OF FINANCING. The county agrees to pay 100 percent of Hauling fees and 100 percent of tipping fees. All other fees shall be paid by equal share from the City and County.
- VII. TERMINATION. Either party may terminate the agreement by providing the other party with 180 days written notice of the termination.
- VIII. PROPERTY. The property owned by the respective parties as of the date of this agreement shall remain the property thereof and any property purchased by either party during the life of this agreement shall remain the property thereof during this agreement and after the termination thereof. The County owns the recycling center property and buildings, and agrees the City is not responsible for their upkeep or improvement.
- IX. AMENDMENT. This agreement may be amended upon the written agreement of both parties hereto by resolution of the Washington County Boards of Supervisors and City of Washington's City Council.
- X. LIABILITY. Each party assumes sole and exclusive liability for and agrees to hold all other parties harmless with respect to its acts or omissions, including that of all representatives, agents, or persons acting for or on behalf of that party, and shall maintain liability insurance coverage with the other parties named as additional insured as such other parties may require.

XI. ENTRY INTO FORCE. If City of Washington and Washington County adopt this agreement, the agreement will become legally binding only after it is filed electronically with the Iowa Secretary of State. The Washington City Administrator and Washington County Auditor shall ensure the filing of this agreement within 30 days of the parties agreeing to the terms in writing.

Re: ACH Foam Technologies Stormwater TIF

On and off for several years, the City and ACH Foam Technologies have been talking about a TIF agreement to facilitate stormwater improvements at their facility, located at 809 East 15th Street. The City first did this type of agreement in 2013 to help Iowa Renewable Energy (biodiesel plant) retroactively comply with the stormwater management component of our site plan ordinance. Prior to 2013, the City did not have any stormwater component required for new developments, which ended up resulting in significant issues for downstream property owners, especially agricultural property owners. The TIF mechanism allows the City to financially assist the industry with this retroactive compliance by using the tax increment to pay itself back.

This project was added to the City's Unified Commercial Urban Renewal Plan in Amendment #2 (June 2014), so is eligible for the use of TIF without further amendment. All that is needed to proceed is the adoption of a development agreement with ACH. The development agreement will end up being very simple, because ACH is planning to do what will be a relatively inexpensive project rather than the more extensive detention basin that was previously envisioned. The reason for this is that they have significant future expansion plans, and the detention basin previously examined would be in the way of that expansion. We believe we have come up with a simple but effective solution to get the most stormwater detention possible, while not handicapping their future expansion plans or creating unnecessary costs for the City or ACH. The total cost of the basin improvements is expected to be \$12,000. In the interest of simplicity, we will be recommending in the development agreement that the City pay this cost up front, and reimburse itself from the TIF increment next year.

The development agreement is still being written, but I have attached the mostly completed form we use to structure the development agreement. We are just waiting on a few pieces of information from ACH.

If you approve setting the hearing, it would be held at the July 5 meeting. ACH hopes to construct these improvements as soon as possible.

|------------|-----|--|
| | | |

RESOLUTION SETTING A PUBLIC HEARING ON THE PROPOSAL TO ENTER INTO A DEVELOPMENT AGREEMENT WITH ACH FOAM TECHNOLOGIES, FOR A PROPOSED ECONOMIC DEVELOPMENT GRANT IN THE AMOUNT OF NOT-TO-EXCEED \$12,000.

WHEREAS, ACH Foam Technologies, Inc. ("ACH") and the City have negotiated a proposed Development Agreement whereby the City would grant the sum of not-to-exceed \$12,000 to ACH to fund stormwater detention improvements at ACH's facility, located at 809 East 15th Street in the City (the "Project"); and

WHEREAS, the Project is proposed to be constructed on property that will be located within the Washington Unified Commercial Urban Renewal Area, and the Project is specifically included in the related Urban Renewal Plan; and

WHEREAS, Chapters 15A and 403 of the Iowa Code authorizes cities to make loans and grants for economic development in furtherance of the objectives of an urban renewal project and to appropriate such funds and make such expenditures as may be necessary to carry out the objectives of the urban renewal project and Chapters 15A and 403 of the Code of Iowa; and

WHEREAS, prior to entering into a Development Agreement where the City will pay the Developer incremental tax revenues, the City Council must hold a hearing on said Development Agreement.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Washington, Iowa, that a public hearing on the proposal to enter into a Development Agreement which contemplates the payment of not-to-exceed \$12,000 economic development grant is hereby set for 6:00 p.m. on Tuesday, July 5, 2016, at the Council Chambers at 120 E. Main Street in the City. Further, the City Clerk is directed to publish notice of said hearing on substantially the same form as provided in this Resolution.

| Passed and approved this 21st day of June | e, 2016. |

NOTICE OF PUBLIC HEARING

The City Council of the City of Washington, Iowa, will hold a public hearing on the proposal to enter into a Development Agreement with ACH Foam Technologies, Inc. ("ACH") at 6:00 p.m. on Tuesday, June 21, 2016 in the City Council Chambers, Former Library, 120 East Main Street in Washington. The proposed Development Agreement contemplates the payment of a not-to-exceed \$12,000 economic development grant to ACH for stormwater detention improvements.

Any and all persons are invited to make comments in person or via written communication prior to or at said public hearing. More information on this proposed Development Agreement may be obtained by contacting the City Clerk.

AN ORDINANCE AMENDING SECTION 92, WATER RATES, SECTION 99, SEWER USER CHARGE AND SECTION 106, COLLECTION OF SOLID WASTE

BE IT ORDAINED by the City Council of the City of Washington, Iowa:

SECTION 1. The Code of Ordinances of the City of Washington, Iowa, 2014, Section 92.02, titled, "Rates for Service", is hereby amended to read as follows by amending Section 92.02(2):

"92.02 RATES FOR SERVICE. Water service shall be furnished at the following rates with the City:

2. Usage Rates. Customers shall be charged for water usage in accordance with the following rate schedule:

(Code of Iowa, Sec. 384.84[1])

| Cubic Feet Used Per Month | Rate |
|---------------------------|---------------------------|
| All Usage | \$3.65 per 100 cubic feet |

SECTION 2. The Code of Ordinances of the City of Washington, Iowa, 2014, Section 99.05, titled, "Rates for Service", is hereby amended to read as follows by amending Section 99.05(1) and (2):

"99.05 CHARGES. The monthly sewer use charge shall be in accordance with the following:

- 1. Non-Residential Customers.
 - A. For each water meter of every nonresidential property receiving municipal sewer service using 1,400 cubic feet or less of water, with or without a water meter, the charge shall be an amount equal to the sum of \$30.00 per month plus \$3.64 per 100 cubic feet of water used.
 - B. For each water meter of every nonresidential property receiving municipal sewer service using between 1,401 and 15,000 cubic feet of water, with or without a water meter, the charge shall be an amount equal to the sum of \$60.00 per month plus \$3.64 per 100 cubic feet of water used.
 - C. For each water meter of every nonresidential property receiving municipal sewer service using between 15,001 and 100,000 cubic feet of water, with or without a water meter, the charge shall be an amount equal

to the sum of \$120.00 per month plus \$3.64 per 100 cubic feet of water used.

- D. For each water meter of every nonresidential property receiving municipal sewer service using more than 100,001 cubic feet of water, with or without a water meter, the charge shall be an amount equal to the sum of \$240.00 per month plus \$3.64 per 100 cubic feet of water used.
- 2. Residential Customers. For each water meter of every residential property (including multiple-family residential properties) receiving municipal sewer service, with or without a water meter, the charge shall be an amount equal to the sum of \$30.00 per month per dwelling unit plus \$3.64 per 100 cubic feet of water used."

SECTION 3. The Code of Ordinances of the City of Washington, Iowa, 2014, Section 106.08, titled, "Collection Fees", is hereby amended to read as follows by amending Section 106.08(1):

"106.08 COLLECTION FEES. The collection and disposal of solid waste as provided by this chapter are declared to be beneficial to the property served or eligible to be served and there shall be levied and collected fees therefore in accordance with the following:

1. Fees.

- A. The fee for solid waste collection and disposal service used or available, for each residential premise, is seven dollars (\$7.00) per month.
- B. The fee for the identification stickers for disposable containers is one dollar and ninety cents (\$1.90) each.
- C. The fee for the annual identification sticker for reusable containers is ninety dollars (\$90.00) per year prorated monthly."

SECTION 4. REPEALER. All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 5. SEVERABILITY CLAUSE. If any section, provision or part of this ordinance shall be adjudged invalid or unconstitutional such adjudication shall not affect the validity of the ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

SECTION 6. WHEN EFFECTIVE. This ordinance shall be in effect from and after its final passage, approval and publication as provided by law.

The Disc golf course in Sunset park is used by many residents and visitors to Washington County. It is the longest 9 hole disc golf course in the state. The signage for the course is very worn and damaged from years of weather and abuse. We are looking to update and repair signage for the course. 9 tee off signs would be replaced with new ones which would show the location of baskets, yardage, and aerial view of the hole. We would also like to add numbers to the tops of the baskets so they can easily be identified while playing. Also included would be 5 new portable baskets to make the course larger for tournaments and play. A Disc golf rules sign and aerial view of the entire course will also be added. The WCRF will be recognized with signage on the 1st tee box for their generous donation.
